

AL-FATHIHA

In the Name of Allah, the Most Gracious, the Most Merciful
Praise be to Allah, the Cherisher and Sustainer of the Worlds.

The Most Gracious, the Most Merciful;

Master of the Day of Judgement.

You (Alone) we worship; You (Alone) we ask for help.

Show us the straight path.

The path of those upon whom You have bestowed Your grace.
Not of those who earn Your Anger, or of those who went astray.

Our college is in the 8th position at the State level and 2nd position at the University level. I also feel elated to share with you that our College appeared within the 150-200 Rank Band in the NIRF India Ranking – 2022 released by the Ministry of Education, Government of India. At this juncture, I wholeheartedly thank the IQAC Coordinator - Dr. A. Syed Mohamed, Head of the Department of Chemistry and the NIRF Coordinator - Dr. S. Mohamed Haneef, Dean of Arts and Head, Research Department of English for their unrelenting efforts and coordination in achieving this along with their efficient team members.

Every year, the Ifthar Get-Together, one of the religious observances of Ramadan, is held in our College, inviting reverant guests from other faiths, thereby fostering religious harmony. This year also the religious event was observed on 11.04.2023 at the College Mosque, in which the chief guest was Dr. K.P. This report highlights our initiatives in the areas of NPTEL, ICT Academy and the Academic Bank of Credit (ABC) in the academic year 2022-2023. Dr.S. Syed Ali Fatima, Assistant Professor of Mathematics and Mr. K.A. Mohamed Riyazudeen, Assistant Professor of Computer Science (PG) serve as the Coordinator and Assistant Coordinator of the Centre for Digital Learning.

NPTEL:

The National Programme on Technology Enhanced Learning (NPTEL) is a joint initiative by the Indian Institutes of Technology (IITs) and the Indian Institute of Science (IISc) aimed at providing high-quality online courses in engineering, science, and humanities. CDL has been a partner in this initiative and has played an active role in promoting NPTEL courses and supporting learners through online forums.. The College was recognized as a SWAYAM-NPTEL Local Chapter by Ministry of Education to offer NPTEL Online Certification Courses, and the Local Chapter was inaugurated on 26.07.2018. In the last four years, about 2024 students from our College have cleared the NPTEL Examinations conducted by the Indian Institutes of Technology. Our team has also facilitated certification of learners who have completed the courses.

Academic Bank of Credit:

The Academic Bank of Credit (ABC) is a revolutionary initiative aimed at facilitating the seamless transfer of credits earned by students across institutions. ABC will function like a commercial bank where students can hold accounts. The ABC will offer Multiple-Entry-Multiple-Exit options to the needy students and will also ensure that learning space is available to them for anytime, anywhere, and any level of learning. ABC may also help integrate skills into a credit-based system by providing wide-ranging options for choosing courses from several institutions. Through this initiative of the Ministry of Education, students can plan for their learning objectives and can pursue courses to satisfy their learning needs.

In our institution, CDL has been instrumental in the development and implementation of the ABC system. We have successfully registered 1160 first year students in the ABC system and our team has also been actively engaged in coordinating with other institutions, evaluating the transfer of credits, and addressing any issues that arise during the process.

CDL remains committed to leveraging technology to enhance the quality of education and create more opportunities for our students. We are confident that our initiatives in the areas of NPTEL and ABC will continue to provide significant benefits to learners and contribute to the growth of the education sector.
