Young Student Scientists Programme (YSSP)

The Tamilnadu State Council for Science and Technology has implemented the Young Student Scientists Programme(YSSP) to motivate school going students towards Science and Research.

It is delightful to note that our College was selected as a Programme Centre for the conduct of YSSP to benefit the students of Tirunelveli and Kanyakumari Districts. A sum of Rs. 3,00,000 had been sanctioned and Rs. 2,75,000 was released by the Council for the conduct of the Programme. Eighty students from Tirunelveli, Kanyakumari, Tuticorin and Tenkasi Districts were offered training at our Centre. The subjects cover Maths, Physics, Chemistry, Zoology, Botany, Environmental Studies, Psychology, Nutrition and Dietetics, Microbiology, Physical Education and Library Science. The students will be given theoretical instruction in the morning sessions and the afternoons will be spent on practical work. The students were allocated Mentors who guided in their pursuit for a scientific career. Towards the conclusion of the Programme, the students exhibited the models they prepared during the training.

The Training Programme was conducted between 22.01.2024 and 05.02.2024. The students were given boarding and lodging at our Centre for the 15 days. Dr. M. Sheik MuhideenBadhusha, Assistant Professor, Department of Chemistry, was the Coordinator and Dr. M.I Zahir Hussian Assistant Professor of Zoology was the Assistant Coordinator of the Young Student Scientists Programme (YSSP).

The Centre for Digital Learning

The Centre for Digital Learning, in conjunction with the Internal Quality Assurance Cell (IQAC), organized a comprehensive three-day training programme spanning from the 17.2.2024 to 20.2.2024. This initiative was meticulously crafted to augment the proficiency of non-teaching staff in an array of domains including official procedures, data analysis, counselling, and professional ethics. Through a series of enlightening training sessions facilitated by distinguished speakers and subject matter experts, participants were bestowed with invaluable insights and practical knowledge, fostering an environment conducive to skill enhancement and professional growth.

In alignment with our commitment to digital learning excellence, the Centre initiated several endeavors aimed at streamlining administrative processes and facilitating access to digital resources. Noteworthy among these efforts include the creation of ABC IDs for first-year students and UMIS IDs for college students, thereby enhancing operational efficiency and convenience.

A testament to the academic prowess of our institution, our college students exhibited exceptional performance in the NPTEL exams held between January 2023 and March 2024.
