THE NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)

6.9.2019, 1:30pm

Few students secure very low marks in the II Internal Assessment. They were asked for the reason why it was so. They told it was difficult for them to distinguish between each subject as more than two subjects were taken by the same faculty. They were advised to be attentive in the class and suggested that they could feel free to ask doubts regarding this. In addition to that, it was assured that thereafter the staff must tell the subject name before she started to teach. Then

Then onwards, the faculty tells the subject name for the ease of the students.

K. Ajitha . 28.01.2020

She was not interacting with other friends in the hostel as before. The issue was raised by her friend in the mentoring session. When I interacted with her, she found that she was very possessive by nature, as her friend was close to another person, she wanted to maintain distance from her. I advised her to mingle with others and do not to depend on only one. She accepted to change her nature. Also, I advised her to clear all the arrears by this semester itself. Also told her come and write tests for the arrear papers.

7.2.2020.

Ajitha started writing tests for the arrear papers. She submitted to me the physical chemistry - II Position.

11.02.2020.

She submitted the rest paper today by coming and writing the test at 12.45 PM.

13.02.2020.
