## 7.1.5

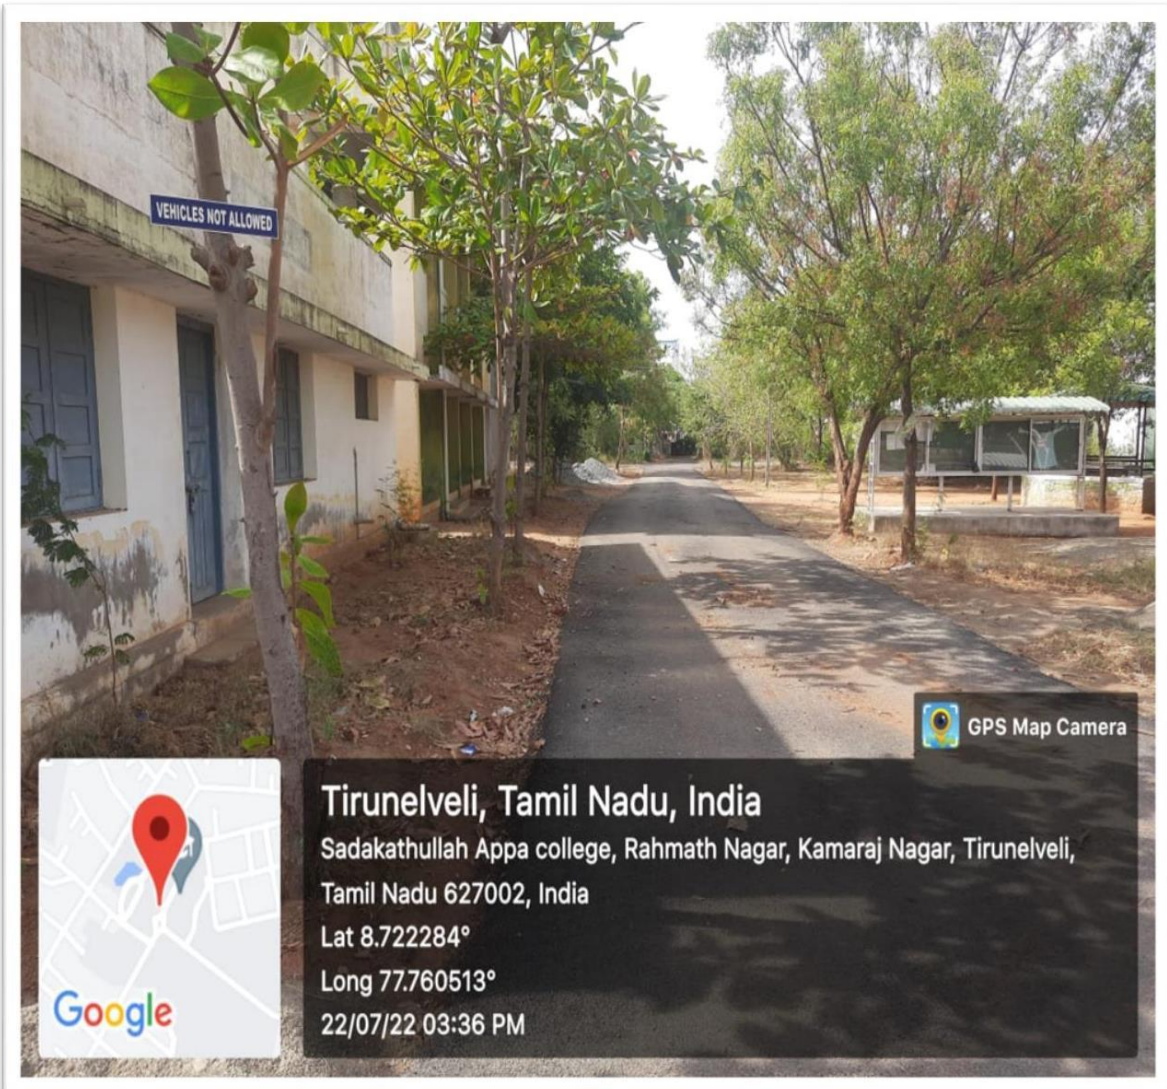

### Green campus initiatives

#### Restricted entry of vehicles

As part of the security arrangements implemented by the College, the entry and unauthorized parking of private vehicles on the campus is restricted. The students are issued vehicle pass on the submission of their driving licenses. Only those vehicles carrying stickers, issued by the College, are allowed to enter the premises and use the dedicated parking space. Other vehicles are allowed to enter the premises only after proper enquiry made by the security guards posted at the gate. All the employees of Sadakathullah Appa College have already handed over the details of their vehicles and those regularly used by their subordinates to secure the stickers and comply with the latest instructions. As such the security guards posted at the gates prevent the entry of unauthorized vehicles. These steps have been taken to ensure law and order on the campus.
