A general meeting was conducted to know about "mentoring System." We discussed about what is the role of mentor and mentee?, what can be shared with mentor?. My mentees raised some queries and doubts like what if mentor reveals their secrecy. I have cleared their doubts to my extends. At the end of meeting we decided to create a mentor whatsapp group to know updates on mentoring meeting and other activities.

For the past one month Mari Muthu was not able to attend class regularly. When I enquired him, he said that he is working a part-time job in evening. 7pm to 12 am, because of his family financial situation. So I thought of taking this issue to HOD Man after a long discussion with him.
