Good Evening Mam, I have studied my v.c. Syllabus back. I forgot everything, I can't recall my subject, and I don't have enough time to study in my home. Can you suggest something to improve my studies.

- Take time to improve yourself. Get practice of reading daily. Give sometime in home for reading your subject

Respected Mam,

Please, allow to permit Industrial Visit [IV] twice per semester.

We have one lab for both PG and UG. Due to this reason, we face many difficulties during Practical hours and Project time. We kindly request individual lab for PG.

- Regarding lab for PG, we discuss with Management and heads to provide all facilities
