REMARKS

1/2

1. The first part of the report discusses the general situation of the project and the progress made during the period covered by the report. It also mentions the various difficulties encountered and the steps taken to overcome them.

2. The second part of the report deals with the technical details of the work done. It describes the methods used, the results obtained, and the conclusions drawn from the experiments.

3. The third part of the report is devoted to a discussion of the results and their significance. It compares the findings with those of other workers in the field and discusses the implications of the work for future research.

4. The fourth part of the report contains a list of references and a list of figures. The references are given in full and the figures are numbered and described.

5. The fifth part of the report is a summary of the work done during the period covered by the report. It states the main results and conclusions and indicates the direction of future work.
