

SadakathullahAppa College

*An Autonomous Institution, Re-Accredited by NAAC at an 'A' Grade, *ISO 9001 : 2015 Certified*

CRITERION I

1. CURRICULAR ASPECTS

1.1.3 Average percentage of courses having focus on employability/ entrepreneurship/ skill development offered by the institution during the last five years

(Percentage of courses focusing on employability/ entrepreneurship / skill development)

Submitted to

THE NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL (NAAC)

August 2022

Sadakathullah Appa College

An Autonomous Institution Re-Accredited with 'A' Grade by NAAC

* ISO 9001 : 2008 Certified *

1.1.3 Average percentage of courses having focus on employability/ entrepreneurship/ skill development offered by the institution during the last five years (10)

1.2.1 Percentage of new courses introduced of the total number of courses across all programmes offered during the last five years (20)

Name of the Course	Course Code	Activities/Content with direct bearing on Employability/ Entrepreneurship/ Skill development	Year of introduction (during the last five years)
Prose, Poetry and Remedial Grammar - I	15UENL11	Skill Development – This course exposes students to the basic English grammar with contexts by means of prose pieces and poetry.	2015-2016
Prose, Poetry and Remedial Grammar - II	15UENL21	Skill Development - This course sheds light on more about English grammar along with prose pieces and poetry.	2015-2016
One-Act Plays and Writing Skill	15UENL31	Skill development - The course makes the students to learn conversational patterns and enables them to strengthen their writing.	2015-2016
A Practical Course in Spoken English	15UENL41	Employability / Skill development - The students learn practically the interactive expressions that are essential for communication and the patterns for conveying and receiving information in various situations.	2015-2016
Project	15UENP61	Skill Development - The students will be able to update their knowledge in core areas by analysing literary texts critically. It also enables them to experiment with new methodologies for teaching language innovatively.	2015-2016
Computer Assisted Language Learning: Reading and Writing	15UENS31	Employability / Skill development – The course teaches to enhance the reading and writing skills using computers. Also, it prepares students to gain placements.	2015-2016

Computer Assisted Language Learning : Listening and Speaking	15UENS41	Skill development / Employability - The course teaches to enhance the Listening and speaking skills using computers. Also, it prepares students to gain placements.	2015-2016
Computer Assisted Language Learning: Reading and Writing	15UENN31	Employability / Skill development – The course teaches the Non Major English students to enhance the reading and writing skills along with basic computer literacy.	2015-2016
Computer Assisted Language Learning : Listening and Speaking	15UENN41	Skill development / Employability - The course teaches the Non Major English students to enhance the Listening and speaking skills using computers.	2015-2016
Phonetics and Spoken English	15UENC62	Employability / Skill development - The course introduces the speech sounds in English and makes the students speak in approximation to the native speakers.	2015-2016
Journalism	15UENE5A	Employability - The students learn journalistic skills and the course provides employment opportunities.	2015-2016
History of Ancient India upto 712 AD	15UHSC11	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of Early Medieval India (712-1526.A.D)	15UHSC21	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of Mughal India (1526-1707.A.D)	15UHSC31	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Freedom Movement in India 1800-1947.A.D	15UHSC41	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Contemporary History of India Since 1947.A.D	15UHSC52	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of Tamil Nadu up to 1336.A.D	15UHSC53	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Theory of History and Research Methodology	15UHSE5A	To familiarise the theories and practices of Historical writing	2015-2016

Indian Architecture	15UHSE5B	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of Tamil Nadu 1336-1947.A.D	15UHSC62	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Principles and Methods of Archaeology	15UHSE6A	To familiarise the methods and practices of Archaeological Excavations	2015-2016
Modern Constitution I	15UHSN31	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Modern Constitution II	15UHSN41	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Calculus	15UMAC11	Skill Development: Ability to understand both concrete and abstract problems.	2015-2016
Mechanics	15UMAC53	Skill Development: Develop the capacity to predict the effect of force and motions while carrying out creative design functions of engineering.	2015-2016
Linear Programming	15UMAC54	Employability: Operation research analysts are high-level problem solvers who use advanced techniques such as optimization data mining statistical analysis and mathematical modeling to develop solutions that help business.	2015-2016
Combinatorial Mathematics	15UMAE5A	Skill Development: It has got many applications ranging from logic to statistical physics and from evolutionary biology to computer science. It leads to proper management of all business units that merged together in one unit. Study of combinatorics is used for sustained profitable growth of the combining enterprises. To increase the production, Marketing Finance and profit of the business.	2015-2016
Numerical Methods	15UMAC63	Skill Development: Numerical skills refer to the way a person perceives, processes and calculates numbers and numerical symbols. According to the dominant scientific explanatory models, numerical skills are considered to comprise of a series of dimensions.	2015-2016

Stastics	15USTA11	Employability: You can also develop your skills in statistics through work placements and internships in sectors such as: banking, financial services, market research, operational research. It's also useful to join the Young Statisticians' section of the Royal Statistical Society (RSS). This provides useful opportunities to network and learn about a career in statistics.	2015-2016
Probability Theory	15USTA21	Employability: Many careers involve heavy use of probability and statistics. There is overlap between some of the professions listed here. For example, there is overlap between biostatistics and epidemiology, between epidemiology and environmental health, between environmental health and risk assessment, between Government Service, Public Policy, and Social Statistics, between Risk Management and Actuarial Science, etc.	2015-2016
Office Automation	15UMAS41	Employability: Office automation technicians handle administrative tasks according to the practices and procedures in effect in the company. These tasks include producing documents, managing work and communicating information. They may also develop tracking tools using office software and train users on certain applications.	2015-2016
Numerical Ability	15UMAS31	Employability: Fundamentally important to perform everyday job functions, numeracy skills reflect your critical thinking and problem-solving abilities and can lead to better-paying jobs. Because companies rely on big data more than ever to guide their decisions, strong numeracy skills can give you an instant advantage in the job market.	2015-2016
Mathematics for Competitive Examination-I	15UMAN31	Employability: It is used to test the ability to solve basic mathematical problem logically, for preparing Competitive Examinations like GRE, GMAT, GATE etc., We can solve problem by shortcut method.	2015-2016

Mathematics for Competitive Examination-II	15UMAN41	Employability: It is used to test the ability to solve basic mathematical problem logically, for preparing Competitive Examinations like GRE, GMAT, GATE etc., We can solve problem by shortcut method.	2015-2016
Number Theory	15UMAE6B	underlie success in basic arithmetic. However, very little is known about the skill profiles among children in preprimary education and how the potential profiles are related to arithmetic development.	2015-2016
Physics Core Practicals - I	15UPHC2P	Skill Development -Understand basic laws and principles using experimental techniques	2015-2016
Physics Core Practicals - II	15UPHC4P	Skill Development-Understand basic laws and principles using experimental techniques	2015-2016
Physics Core Practicals - III	15UPHC6P1	Skill Development- Ensure them to acquire the skills needed for measurement , Interpretation of observation into results , related to general / basic experiments of physics	2015-2016
Physics Core Practicals - IV	15UPHC6P2	Skill Development-Understand the working of various electronic components their applications in modern technologies	2015-2016
Physics core elective practical	15UPHE6P	Skill Development-To develop the skill of writing C++ program using various operators and excuting. Develop the skill of debugging in case of discrepancy	2015-2016
Allied Physics practicals	15UPHA4P	Skill Development-Understand basic laws and principles using experimental techniques	2015-2016
Electricity	15UPHC31	Employability-Understand the basic concepts of electricity and the laws governing them	2015-2016
Bio medical instrumentation	15UPHE5B	Employability- Acquiring the knowledge of transducers , Bio potential recorders , Diagnostic instruments and their applications ensures them an opportunity in the medical (diagnostic) field.	2015-2016

Project	15UPHP61	Entrepreneurship- Provides an opportunity to develop an innovative and creative solutions to the issues/ problems / Projects with an individual approach which are essential for an entrepreneur	2015-2016
Theory of Practicals	15UCHC12	Skill development and employability - Trained to apply the principles of chemistry laboratory techniques	2015-2016
Carbohydrates, Nucleic Acids and Metabolism	15UBCA11	Employability - Concentrates on understanding the basic concepts of biochemistry required for employability.	2015-2016
Organic Chemistry - I	15UCHC21	Employability- Focusing on understanding the concepts of organic chemistry useful for employability.	2015-2016
Amino acids, Lipids and Enzymes	15UBCA21	Skill development - Acquisition of skills to understand the biochemical activities	2015-2016
Chemistry Core Practical - I	15UCHC2P	Skill Development - Development of skills towards the preparation of solutions with different concentrations and to prepare inorganic complexes	2015-2016
Analysis of Biomolecules	15UBCA2P	Skill Development in analysing carbohydrates and amino acids in a sample	2015-2016
Physical Chemistry - I	15UCHC31	Skill development - skill development studies related to nuclear processes	2015-2016
Chromatography	15UCHS31	Employability - research skill training leading to qualifications required for employability	2015-2016
Inorganic Chemistry - II	15UCHC41	Skill development - focussing on developing the skills related to inorganic materials and knowledge in computer in chemistry	2015-2016
Polymer Chemistry	15UCHS41	Employability - understands the different aspects of polymers required for employability	2015-2016
Chemistry Core Practical - II	15UCHC4P	Skill development in analysing and separation of various cations and anions	2015-2016
Physical Chemistry - II	15UCHC51	Skill development - skill development studies related to thermodynamic processes	2015-2016

Organic Chemistry - II	15UCHC52	Skill development - Focussing on understanding the reaction mechanisms of organic compounds	2015-2016
Coordination Chemistry	15UCHC53	Skill development - imparts knowledge about structural orientation of inorganic complexes	2015-2016
Spectroscopy	15UCHE5A	Skill development and employability - provides higher professional education for employability	2015-2016
Material Science	15UCHE5B	Employability - impart skills in structural and functional aspects of materials necessary for employability	2015-2016
Physical Chemistry - III	15UCHC61	Skill development - skill development studies related to electrochemical processes	2015-2016
Organic Chemistry - III	15UCHC62	Skill development - Focussing on understanding the reaction aspects of organic compounds	2015-2016
Applied and Analytical Chemistry	15UCHE6A	Skill development - develop expertise towards the industrial and analytical chemistry	2015-2016
Medicinal Chemistry	15UCHE6B	skill development - enhance the knowledge on medicines and diseases	2015-2016
Chemistry Core Practical - III	15UCHC6P1	Skill development - developing skills in precipitation techniques and error analysis	2015-2016
Chemistry Core Practical - IV	15UCHC6P2	Skill development - enhance the training on computer skills required for chemical processes	2015-2016
Chemistry Core Elective Practical	15UCHE6P	Skill development - develop abilities to setup organic reactions	2015-2016
Project	15UCHP61	Research Skill development & Focusing Employability and multiple career oriented skills	2015-2016
Zoology core Practical -I	15UZOC2P	Skill development - develop abilities to setup Zoology practicals	2015-2016
Zoology core Practical -II	15UZOC4P	Skill development - skill development studies related to cytological techniques.	2015-2016

Aquaculture	15UZOE5A	Employability - provides higher vocational education for employability in Fish culture and processing industries	2015-2016
Dairy farming	15UZOE5B	Employability - provides higher vocational education for employability in diary processing industries	2015-2016
Project	15UZOP61	Skill Development in Research and focusing Employability like Entrepreneurship skills.	2015-2016
Zoology core practical-III	15UZOC6P1	Skill development - imparts knowledge about structural and physiological aspects of Human body,enhance the knowledge on tools of biotechnology	2015-2016
Zoology core practical -IV	15UZOC6P2	Employability - understands the different aspects of hematological and microbiological tests.	2015-2016
Poultry science	15UZOE6B	Entrepreneurship and Employability- skills to develop the knowledge on setting up poultry farms and income generation.	2015-2016
Core elective practical	15UZOE6P	Skill development - develop the ability to culture the aquatic animals. Promotes interest in research by applying the study of biostatistics.	2015-2016
Food science	15UFNA11	Employability - gain the skills for the preservation of food products	2015-2016
Applied Nutrition	15UFNA21	Skill development in analysing various types of food, which will be useful in the food industry	2015-2016
Allied Nutrition and Dietetics practical	15UFNA2P	Skill development and employability - provides higher professional education for employability	2015-2016
Plant Diversity and plant pathology	15UBTA31	Skill Development - Development of skills towards the diversity of plants and plant diseases.	2015-2016
Plant Physiology and Biochemistry	15UBTA41	Skill development - acquire skills for elucidation of structures and functions of organic natural products	2015-2016
Allied Botany Practical	15UBTA4P	Skill development - develop abilities to setup Botany practicals	2015-2016

Diet Therapy	13UZOS31	Employability - develop the knowledge about human diseases and treatment	2015-2016
Medicinal botany and horticulture	15UZOS41	employability- enhance the knowledge on medicinal plants and horticulture techniques	2015-2016
Ornamentals fish culture	15UZON31	Entrepreneurship- skill to develop the knowledge on setting up aquariums .	2015-2016
Apiculture	15UZON41	Entrepreneurship- skill to develop the knowledge on setting up apiary .	2015-2016
Web Design	15UCSC33	Employability - Apply the concept of web page design in recent trend	2015-2016
J2EE	15UCSC51	Employability - Apply the concept of dynamic web page design using J2EE in recent trend	2015-2016
PHP	15UCSC53	Employability - Apply the concept of dynamic web page design using server side script in recent trend	2015-2016
VB.Net	15UCSC62	Employability - Apply the concept of .net framework in small and large application	2015-2016
PC Hardware and Trouble Shooting	15UCSE6B	Employability - Utilize and solve the issues of PC	2015-2016
Computer Science Core Practical-III	15UCSC6P1	Employability - Apply the concept of dynamic web page design using J2EE in recent trend	2015-2016
Computer Science Core Practical-IV	15UCSC6P2	Employability - Apply the concept of .net framework in small and large application	2015-2016
Desktop Publishing	15UCSN41	Employability - Learn the basic functions of photoshop, coreldraw	2015-2016
Operation Research	15UCSS31	Entrepreneurship - Gain a business knowledge in the corporate world.	2015-2016
C# Programming	15UCSE6A	Skill development - Learn the basic concept of scripting language	2015-2016
CS Core Elective Practical A	15UCSE6AP	Skill development - Learn the basic concept of scripting language	2015-2016
Web Graphic design	15UCAA21	Skill development - Learn the concept of animation	2015-2016

Active Server Pages	15UCSA41	Skill development - Learn the concept of dynamic web page design in recent trend	2015-2016
Allied Practical-II	15UCAA4P	Skill development - Learn the concept of dynamic web page design in recent trend	2015-2016
Project	15UCSP61	Skill development - Create an own application using the specified language	2015-2016
Quantitative Aptitude and Test of Reasoning	15UCSS41	Skill development - Learn the various techniques to achieve the competitive exam	2015-2016
Principles of Accounting	15UCOC11	Employability -To equip with knowledge of accounting process and preparation of final accounts of a business concern.	2015-2016
Business Organisation	15UCOC12	Entrepreneur -To become a successful entrepreneur by starting any one of the forms	2015-2016
Financial Accounting	15UCOC21	Employability -Assist to develop the skill of recording financial transactions and preparation of reports in accordance with GAAP practices of different traders	2015-2016
Principles of Management	15UCOC22	Skill Development - Focuson various aspects of management function, decision making	2015-2016
Business Communication	15UCOC31	Skill Development - Communication skill, Its help the students to write various letters to suit various business concern	2015-2016
Advanced Accounting	15UCOC32	Employability - Accountant,Students gain impart knowledge about various accounting procedure of branch,departmental,hire purchase organisation and partnership organisation	2015-2016
Principles of Marketing	15UCOC33	Employability and Skill Development - To gain the practical skills in marketing	2015-2016
Introduction to Computers	15UCOC22	Skill Development - To gain knowledge of Microsoft Office word	2015-2016

Basics in Accounting	15UCON41	Employability -To provide knowledge in preparing various accounts	2015-2016
Modern Banking	15UCOC41	Skill Development - Banking Skills, Collection and filling of different forms in banking sector	2015-2016
Human Resource Management	15UCOC42	Skill Development- to gain more knowledge about HRM practices and to deal with manpower	2015-2016
Company Law	15UCOC43	Skill Development - to manage the practical application in companies	2015-2016
computer Application in Commerce	15UCOS41	Skill Development - To learn the use of Excel and Power point	2015-2016
Cost Accounting	15UCOC51	Employability, skill ,development,Preparation of cost sheet,Cost Accountant	2015-2016
Corporate Accounting	15UCOC52	Employability Accountant, To help the students to solve accounting issues of a company	2015-2016
Business Law	15UCOC53	Skill Development - To enable the students to learn the fundamentala of laws relating to contract and special contract	2015-2016
Income Tax Law and Practise	15UCOE5A	Employability, skill development, entrepreneurship, filing of returns	2015-2016
Application of Tally	15UCOC54	Skill Development - to acquire the knowledge in theory and practical in Tally	2015-2016
Management Accounting	15UCOC61	Employability - Financial Analysist, to help students to apply the techniques of management accounting in business situvation	2015-2016
Auditing	15UCOC62	Skill Development - verification of assets and liabilities, internal auditor	2015-2016

Industrial Law	15UCOC63	Skill Development- to understand the provisions of various Act applicable to industry	2015-2016
Indirect taxes	15UCOE6A	Employability - to understand the provisions of excise act, customs act, VAT and service tax act	2015-2016
SEMOZHI TAMIL	15UTAC53	Skill Development - Unit -1 THAMIZHIN THONMAIYUM SIRAPPUM	2015-2016
NAATUPURAVIYAL	15UTAC54	Entrepreneurship Unit - 3 NAATUPPURAKALAIKAL	2015-2016
KANINI PAYANPAATIL TAMIL	15UTAE5A	Employability -Unit - 4 KANINIYIL MEIPPU THIRUTHHUTHAL	2015-2016
VILAMPARAKKALAI	15UTAE5B	Employability- Unit 5 VILAMPARANGALAI NAVINAMAAGA VADIVAMAITHTHAL; U-1 SANTHAIYIL VILAMPARAM	2015-2016
KALA AAIYU	15UTAP61	Skill development	2015-2016
ITHAZIYAL	15UTAE6B	Employability -Unit 3 SEITHI KALANGAL	2015-2016
KALVETTIYALUM SUTTULAAVIYALUM	15UTAS41	Employability Unit 4 VAZHKAATTI Unit 3	2015-2016
POTTITHTHEARVU TAMIL 1	15UTAN31	Employability U- 1,2,3,4,5 full VAO, Group IV II Exam ALL syllabus	2015-2016
POTTITHTHEARVU TYAMIL 2	15UTAN41	Employability- Group - I service syllabus KUDIMAI PAYIRCHI THEARVU	2015-2016
Applied Grammar and Translation -I	15UARL11	Skill development The course teaches the basics of Arabic grammar and translation.	2015-2016
Applied Grammar and Translation -II	15UARL21	Skill development - The course focuses on language skills such as reading and writing and the basics of Arabic grammar	2015-2016
Prose and Letter Writing	15UARL31	Skill development - The course focuses on language skills such as listening, speaking, reading and writing.	2015-2016
Quran and Hadeeth	15UARL41	Skill development - This course teaches the students classical prose.	2015-2016

Plant Diversity and plant pathology	15UBTA31	Skill Development - Development of skills towards the diversity of plants and plant diseases.	2015-2016
Plant Physiology and Biochemistry	15UBTA41	Skill development - acquire skills for elucidation of structures and functions of organic natural products	2015-2016
Allied Botany Practical	15UBTA4P	Skill development - develop abilities to setup Botany practicals	2015-2016
Food science	15UFNA11	Employability - gain the skills for the preservation of food products	2015-2016
Applied Nutrition	15UFNA21	Skill development in analysing various types of food, which will be useful in the food industry	2015-2016
Allied Nutrition and Dietetics practical	15UFNA2P	Skill development and employability - provides higher professional education for employability	2015-2016
Business Economics	15UCOA11	Skill Development: It can inculcate Decision Making and Management skill.	2015-2016
Business Mathematics	15UCOA31	Skill Development: It can promote the ability of Mathematical reasoning.	2015-2016
Business Statistics	15UCOA41	Skill Development: Data Collection, Processing, Analytical skill and usage of Statistical skill among the students.	2015-2016
Tourism Economics	15UHSA31	Employability: It can create employment opportunity in the field of tourist guide and facilitators.	2015-2016
Tourism Products in India	15UHSA41	Employability: This course can ensure for promotion of Tourism marketing and marketing of tourism products and services.	2015-2016
History of Ancient India upto 712 AD	15PHSC11	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of Tamil Nadu upto 1336 AD	15PHSC12	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Freedom Struggle in India 1800 - 1905 AD	15PHSC14	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Archaeology Theory and Methods	15PHSC15	To familiarise the methods and practices of Archaeological Excavations	2015-2016

History of India -712 - 1526 AD	15PHSC21	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of Tamil Nadu 1336-1947.A.D	15PHSC22	To develop skill to related to collection ,preservation and maintainace of Archiieval Documents	2015-2016
Freedom Struggle in India 1905-1947 AD	15PHSC24	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
The Dravidian Movement upto 1987 AD	15PHSC32	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
History of India 1526-1757.A.D	15PHSC31	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Historiography	15PHSC34	To familiarise the theories and pracises of Historical writing	2015-2016
Contemporary India since 1947.A.D	15PHSC41	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Indian History For TheCompetitive Examination(1526-1947)	15PHSN35	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Advanced Cost Accounting	15PCOC11	Employability - Cost Accountant in different business enterprises	2015-2016
Quantitative Techhniques	15PCOC12	Employability, skill development, using imaginary data for statistical analysis	2015-2016
Organisational Behaviour	15PCOC13	Skill development - the students gain knowledge relating to overall development of the organisation	2015-2016
Entrepreneurship and Small Business	15PCOC14	Entrepreneur - to aware of students the process in the commencement of business	2015-2016
Strategic Management	15PCOC25	Skill Development - to acquire knowledge in strategic management process and implementation	2015-2016

Advanced Corporate Accounting	15PCOC41	Employability Accountant, To help the students to solve accounting issues of a company	2015-2016
Human Resource Management	15PCOC31	Skill Development - to acquire the knowledge about HRM	2015-2016
Business Economics	15UCOA11	Skill Development: It can inculcate Decision Making and Management skill.	2015-2016
Business Mathematics	15UCOA31	Skill Development: It can promote the ability of Mathematical reasoning.	2015-2016
Business Statistics	15UCOA41	Skill Development: Data Collection, Processing, Analytical skill and usage of Statistical skill among the students.	2015-2016
Tourism Economics	15UHSA31	Employability: It can create employment opportunity in the field of tourist guide and facilitators.	2015-2016
Tourism Products in India	15UHSA41	Employability: This course can ensure for promotion of Tourism marketing and marketing of tourism products and services.	2015-2016
Web Designing Languages	15UITC41	Employability - Website Designer	2015-2016
Mobile Computing	15UITC53	Skill Development - Learn about mobile communication, Mobile hardware and mobile software	2015-2016
ORACLE	15UITE5A	Administrator, database developer, Business Analyst, Full stack Developer/ Skill Development - Strong troubleshooting skills in backend tool, Familiarity with database patching and upgrades	2015-2016
C # Programming	15UITE5B	Skill Development – Sound Knowledge of Creating dynamic web applications	2015-2016
Mobile Application and Development	15UITC62	Employability - Android Developer	2015-2016
Project	15UITP61	skill development - Create an application development tools	2015-2016
ASP .Net	15UITE6A	Employability – Software Developer	2015-2016

PHP	15UITE6B	Employability - Web Developer	2015-2016
Graphics and Animation Tools	15UCSA21	Entrepreneurship - Exposure about animation knowledge	2015-2016
Desktop Publishing	15UCSA31	Entrepreneurship – Start a Small Scale business,Graphics Designer	2015-2016
Internet Security	15UITS41	Skill Development - Advanced Malware Prevention,Security Audit and compliance knowledge	2015-2016
Fundamentals of Computers	15UCAC11	skill development-learns the concept of Computer hardware and software and how it works and recognize the basic terminology used in computer programming	2015-2016
Principles of Programming in C	15UCAC12	skill development -learning C programming language as skill set, an individual can fit into any domain whether it can be banking, networking, IT, education, management, etc.	2015-2016
Office Automation	15UITA11	Entrepreneurship- knowledge of Microsoft Office tools is very essential in Business Accounting	2015-2016
C++ Programming	15UCAC21	skill development - learning C++ is ease for developing games, real-time systems, and applications	2015-2016
Computer Application Core Practical – I	15UCAC2P	Skill development- will gain knowledge about the basics of C programming language, get familiarized with pointers t	2015-2016
Allied I – Practical	15UITA2P	skill development - Learn to write documents, take notes, create spreadsheets, and more.	2015-2016
Programming in JAVA	15UCAC31	skill development - Java is used in many of the world's most prominent web sites, including eBay.com, LinkedIn.com, Amazon.com, and Facebook.com.	2015-2016

Computer Networks	15UCAC33	Employability - learning networks provides lot of opportunities such as security issues and optimization, Internet of Things (IoT) challenges, and new cloud technology.	2015-2016
Web Designing	15UITA31	Entrepreneurship- A web designer is responsible for creating the design and layout of a website or web pages, they can create a brand new website or updating an already existing site.	2015-2016
GUI Programming	15UCAC41	Employability - learning GUI programming language helps the user to create small applications.	2015-2016
Computer System Architecture	15UCAC42	skill development- it helps to learn the principles underlying systems organization, issues in computer system design.	2015-2016
Operating Systems	15UCAC43	skill development- Understanding how compilers work, how to compile code for different operating systems	2015-2016
Computer Application Core Practical – II	15UCAC4P	skill development-learn to develop real time applications.	2015-2016
Data Structures	15UCAC51	skill development-having good knowledge of Algorithms and Data Structures has a prospering career in the IT industry	2015-2016
Software Engineering	15UCAC53	skill development Expose project planning, analysis of software project, understand the quality concepts for ensuring the functionality of the software to satisfy the regional needs	2015-2016
A) ORACLE	15UCAE5A	Employability- learning advanced PL/SQL techniques is used to build and maintain database structures and query language.	2015-2016
Computer Graphics and Multimedia	15UCAC62	skill development - Graphic Arts make the students to design software programs, video games, advertisements and special effects for websites.	2015-2016

Project	15UCSP61	Entrepreneurship- Provides the knowledge about how to solve the most complex issues in a specific domain. Develop the procedure for initiation, Planning, coding generation, spotting errors and execution.	2015-2016
Computer Application Core Practical – III	15UCAC6P1	Skill development: Can Learn the concepts of line drawing algorithms,clipping and transformation of objects.	2015-2016
Internet and HTML	15UCAN31	Entrepreneurship - A web designer is responsible for creating the design and layout of a website or web pages, they can create a brand new website or updating an already existing site.	2015-2016
Basic Mathematics	15UCAC22	skill development - Improving your basic math skills can help you get a job, perform better in your current position and make your personal life easier to manage	2015-2016
Multimedia Tools	15UITA21	Entrepreneurship- provides the knowledge and experience need to design and build animations for use on Web pages	2015-2016
Digital Technology	15UCAC32	skill development- to learn the fundamentals, implementation and application principles of digital electronics, devices and integrated circuits.	2015-2016
Desktop Publishing	15UCAS31	Entrepreneurship- Desktop publishers use publishing software to create various documents and products, including financial reports	2015-2016
Unix and Shell Programming	15UITA41	Skill development-learn the fundamental ideas behind the open source operating system, unix helps to understand OS level programming.	2015-2016
Allied II – Practical	15UITA4P	skill development- aims to provide exposure to problem-solving through unix shell programming and it is designed to give the practical knowledge.	2015-2016

RDBMS	15UCAS41	skill development - it creates a Career path/Goal such as SQL Developer(Software Engineer), DBA , Data Analyst, Data Engineer,Business Analyst....)	2015-2016
ASP.Net	15UCAC52	Employability- asp.net is most widely used programming language to develop creative applications and designing websites.	2015-2016
B) VB.Net	15UCAE5B	Employability- VB.net is most widely used programming language to develop creative applications and designing websites.	2015-2016
Data Mining	15UCAC61	skill development-learn data mining for the knowledge discovery in databases (KDD) process, a data science methodology for gathering, processing and analyzing data	2015-2016
Computer Application Core Practical – IV	15UCAC6P2	Skill development: Students can able develop web applications.	2015-2016
A) C # Programming	15UCAE6A	Skill development: -C# is an object-oriented language, widely used for developing windows, mobile and web applications using .NET platform.	2015-2016
B) PHP	15UCAE6B	Employability: a widely-used open source general-purpose scripting language used for web development and can be embedded into HTML.”	2015-2016
Computer Application Core Elective Practical–A	15UCAE6AP	Skill development: -Learners will be able to apply their knowledge to the creation of dynamic Web applications such as content management, user registration, and e-commerce.	2015-2016
Computer Application Core Elective Practical–B	15UCAE6BP	Skill development: Students will be able to engage with Database FoundationsExpress—Application Development Foundations.	2015-2016

Desktop Publishing	15UCAN41	Entrepreneurship- Desktop publishers use publishing software to create various documents and products, including financial reports.	2015-2016
Haematology	15UMBA11	Employability- Analysis of blood	2015-2016
Transfusinology and serology	15UMBA21	Skill Development - serological analysis	2015-2016
Clinical Pathology	15UMBS31	Skill Development- Clinical analysis of blood, urine	2015-2016
Nanobiotechnology	15UMBA41	Skill Development - Fabrication of nanoparticles	2015-2016
Applied Microbiology	15UMBS41	Entrepreneurship- mushroom production	2015-2016
BIOINFORMATICS	15UMBE5A	Skill development- sequence analysis	2015-2016
BIODEGRADATION	15UMBE5B	Skill Development-Develop skills on methods of treatment of industrial waste	2015-2016
Biostatistics	15UMBE5A	Skill Development- The course provides skills on the analysis of research data accuracy.	2015-2016
Dairy Microbiology	15UMBE5B	Employability- provides job Dairy product production industry	2015-2016
Techniques in Microbiology and Microbial Physiology	15UMBC2P	Skill Development/Employability- develops skill on disease analysis and treatment	2015-2016
Techniques in soil and Agriculture Microbiology and Medical Microbiology	15UMBC4P	Skill Development/Employability- diagnosis of disease	2015-2016
Techniques in Immunology, Biochemistry and microbial genetics	15UMBC6P1	Skill Development/Employability- immunological techniques	2015-2016
Techniques in food and industrial microbiology	15UMBC6P2	Skill Development/Employability- food processing and fermentation	2015-2016

Core Elective practical A	15UMBE6PA	Skill Development/Employability- sequence analysis and data analysis	2015-2016
Core Elective practical B	15UMBE6PB	Skill Development/Employability- dairy products and biodegradation	2015-2016
Techniques in haematology, transfusionology, and serology	15UMBA2P	Skill Development/Employability- analysis of blood	2015-2016
Techniques in Biotechnology and Nanobiotechnology	15UMBA4P	Skill Development/Employability- isolation and quantification of genetic material	2015-2016
Biotechnology	15UMBN41	Skill Development	2015-2016
CORE PRACTICAL -I	15UNDC2P	SKILL DEVELOPMENT - IDENTIFYING THE CHEMISTRY OF FOOD AND HOW IT IS APPLIED TO FOOD AND COOKERY	2015-2016
CORE PRACTICAL -II	15UNDC4P	SKILL DEVELOPMENT - DEVELOPING SKILLS IN THE FIELD OF PLANNING DIET FOR VARIOUS AILMENTS PREPARING AND SERVING	2015-2016
CORE PRACTICAL -III	15UNDC6P1	SKILL DEVELOPMENT - Planning, implementation and evaluation of nutrition education for a target group	2015-2016
CORE PRACTICAL -IV	15UNDC6P2	SKILL DEVELOPMENT - types of food spoilage and the various methods of preserving foods.	2015-2016
CORE ELECTIVE PRACTICAL -A	15UNDE6PA	SKILL DEVELOPMENT - food quality managements and standards	2015-2016
CORE ELECTIVE PRACTICAL -B	15UNDE6PB	SKILL DEVELOPMENT - survey of existing products & Formulation of new products based on consumer needs.	2015-2016
ALLIED PRACTICAL -I	15UNDA2P	SKILL DEVELOPMENT - Stages of growth and development in human life	2015-2016

ALLIED PRACTICAL -II	15UNDA4P	SKILL DEVELOPMENT - Techniques involved in garment construction	2015-2016
PROJECT	15UNDAP61	SKILL DEVELOPMENT - POTENTIAL AREAS OF RESEARCH IN FOOD AND NUTRITION TO IMPROVE HEALTH AND FITNESS	2015-2016
BAKERY	15UNDE5A	ENTREPRENEURSHIP - HOME BAKING BUSINESS,SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2015-2016
DEVELOPMENT OF FOOD PRODUCT	15UNDE5B	ENTREPRENEURSHIP - CREATING AND POPULARING NEW FOOD PRODUCTS FOCUSING ON HEALTH AND FITNESS	2015-2016
POST HARVEST TECHNOLOGY	15UNDE6B	ENTREPRENEURSHIP - APPLYING POST HARVEST TECHNOLOGY TO HARVESTED FRUITS AND VEGETABLES TO MAINTAIN QUALITY	2015-2016
ENTERPRENEURSHIP DEVEPOMENT	15UNDS41	ENTREPRENEURSHIP - BRING CHANGES IN THE PROCESS OF FOOD PRODUCTION,INNOVATION AND USAGE OF FOOD PRODUCTS	2015-2016
INTRODUCTION TO BAKERY	15UNDN31	ENTREPRENEURSHIP - HOME BAKING BUSINESS,SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2015-2016
Principles of Accounting	15UCFC11	Employability - To equip with knowledge of accounting process and preparation of final accounts of a business concern	2015-2016
Financial Accounting	15UCFC21	Employability - Assist to develop the skill of recording financial transactions and preparation of reports in accordance with GAAP practices of different traders.	2015-2016

Principles of Management	15UCFC22	Skill Development - Focuson various aspects of management function, decision making	2015-2016
Business Communication	15UCFC31	Skill Development - Communication skill, Its help the students to write various letters to suit various business concern	2015-2016
Advanced Accounting	15UCFC32	Employability - Accountant, Students gain impart knowledge about various accounting procedure of branch, departmental, hire purchase organisation and partnership organisation.	2015-2016
Modern Banking	15UCFC41	Skill Development - Banking Skills, Collection and filling of different forms in banking sector	2015-2016
Cost Accounting	15UCFC51	Employability, skill, development, Preparation of cost sheet, Cost Accountant	2015-2016
Corporate Accounting	15UCFC52	Employability Accountant, To help the students to solve accounting issues of a company	2015-2016
Business Law	15UCFC53	Skill Development - To enable the students to learn the fundamentala of laws relating to contract and special contract	2015-2016
Accounting Packages	15UCFS41	Skill Development - to acquire the knowledge in theory and practical in Tally	2015-2016
Income Tax Law and Practise	15UCFE5A	Employability, skill development, entrepreneurship, filling of returns	2015-2016
Management Accounting	15UCFC61	Employability - Financial Analysist, to help students to apply the techniques of management accounting in business situvation	2015-2016
Auditing	15UCFC62	Employability - verification of assets and liabilities, internal auditor	2015-2016

Indirect taxes	15UCFE6A	Employability - to understand the provisions of excise act, customs act, V A T and service tax act	2015-2016
Managerial Economics	15UBAC31	Entrepreneurship- The Graduates enhancing the analytical skills, assists in rational configuration as well as solution of problems.	2015-2016
Modern banking	15UBAE5A	Employability- The Graduates understand the evolution of banking practices.	2015-2016
Operation Research	15UBAE5B	Entrepreneurship-The Graduates understand the optimisation techniques utilise the resources in an effective manner	2015-2016
Entrepreneurial Development	15UBAC62	Employability-The Budding entrepreneurs acquires the required entrepreneurial skills to start different forms of business opportunity.	2015-2016
Soft Skills	15UBAE6A	Entrepreneurship- The Graduates develop the interpersonal skills for personal and professional growth.	2015-2016
Case Analysis	15UBAE6B	Entrepreneurship-The Graduates acquire the decision making skill to solve the problems in an organisation.	2015-2016
Software Solutions for Managers	15UBAA11	Employability-To gain the basic knowledge about MS-word, MS-Access and MS-Powerpoint.	2015-2016
Computer Basics for Managers	15UBAA21	Employability-It helps the Graduates to understand the basic functions of computer.	2015-2016
Practical	15UBAA2P	Skill development-The Graduates acquire hands on experience about Ms excel, Ms access.	2015-2016
Management Information System	15UBAA31	Employability-As a Budding manager of Entrepreneur, the graduates learn the importance of managerial information systems in developing critical decision making skills.	2015-2016

Ecommerce and Internet Application	15UBAA41	Entrepreneurship-The Graduates develop the skills about doing a business through electronic ways.	2015-2016
Consumer Behavior	15UBAS31	Entrepreneurship-The Graduates learn the knowledge of buying behaviour of consumer towards a product/services which is needed by an organization.	2015-2016
Research Methodology	15PENC4B	Skill Development(With the present education's attention on research, the paper research methodology helps students apply and convert their theoretical knowledge into practical one.)	2015-2016
English Language Teaching	15PENC15	Skill Development(ELT is one of the most prolific skills that is the gateway for many job openings and sustainability)	2015-2016
Project	15PENC41	Skill Development(Project gives a straight away practical experience to students in terms of application of knowledge)	2015-2016
Translation Theory and Practice	15PENC43	Employability(Translation theories helps the students to expose themselves to the history and principles in translation field.)	2015-2016
English for Business Communication	15PENN31	Employability(English, the Lingua franca is essential for successful business career)	2015-2016
Journalism	15PENC34	Entrepreneurship (Journalism is one of the essential skill with the modern trends in press and electronic media of the 21st century.)	2015-2016
Mathematical Statistics	15PMAC13	Employability-Mathematical Statistics is to develop solution in practical problem. Applying statistical Analysis of a variety of experimental and observational studies. Solve statistical problem using computational tools	2015-2016

Classical Mechanics	15PMAC15	is useful for teaching in basic physical science. To develop strong skills for mathematical physics in research. Also we can classify physical systems into holonomic and non-holonomic systems	2015-2016
Latex and Matlab	15PMAC24	Employability - To develop the skills in solving mathematics equation using Latex and Matlab.	2015-2016
Latex and Matlab Practical	15PMAC2P	Skill Development-To develop the skills regarding mathematical typing Latex. Also to view various graphs using MATLAB	2015-2016
Graph Theory	15PMAC31	Employability-Graph Theory paper is useful to develop diagrams, graphs in various field like research, computer application etc	2015-2016
Operations Research	15PMAC34	for employability like constructing traffic lights, cross roads etc. The application of Operational Research in Queuing theory are traffic flow (like people, communication), scheduling and facility design like post office,	2015-2016
Functional Analysis	15PMAC42	entrepreneurship-Functional analysis is useful for real life which can be built into barcode, scanner, electron microscope etc. We find applications of functional analysis by optimization technique in operation research.	2015-2016
Java programming	15PMAE4B	Employability-This paper is used in server apps at the financial service industries, big data technology and software tools etc.	2015-2016
Java Programming Practical	15PMAE4PB	Skill Development-This paper is used in server apps at the financial service industries, big data technology and software tools etc.	2015-2016
Programmind in C++ and Data Structures Practical	15PMAE4PA	Skill Development- This practical paper is useful for the students to developing the programming language.	2015-2016
Project	15PMAC43	Skill Development-It can develop student knowledge and power. They can learn time management.	2015-2016

Electronic devices	15PPHC13	Employability-Employability in electronics industry	2015-2016
Practical I	15PPHC2P1	Skill development - Skills to handle sophisticated equipment and analyze the data	2015-2016
Microprocessor and Microcontrollers	15PPHC24	Employability - Employability in electronic industries .	2015-2016
Practical II	15PPHC2P2	Skill development - Skills to handle the sophisticated equipment	2015-2016
Practical III	15PPHC4P1	Skill development - Skills to handle the sophisticated equipment	2015-2016
Project	15PPHP41	Skill development - Skills to develop critical thinking, communication, collaboration and creativity	2015-2016
Practical IV	15PPHC4P2	Skill development - Skills to write programming	2015-2016
Communication Electronics	15PPHE1B	Employability - Employability in telecom industries	2015-2016
Renewable Energy Sources	15PPHN31	Entrepreneurship - Understanding more about various energy sources and Entrepreneurship in energy sector	2015-2016
CHROMATOGRAPHY	15PCHE1A	Entrepreneurship -Know the theory of separation using different chromatographic techniques	2015-2016
BIOCHEMISTRY	15PCHE1B	Employability -Design the structures of biomolecules	2015-2016
INSTRUMENTAL METHODS OF ANALYSIS	15PCHE2A	Entrepreneurship -Procure the knowledge on principles of instrumentation	2015-2016
INORGANIC CHEMISTRY PRACTICAL -I	15PCHC2P1	Skill development - Acquire the skills of analysis of metals and its analysis in mixtures using chromatography	2015-2016
ORGANIC CHEMISTRY PRACTICAL – I	15PCHC2P2	Skill development - Gain the skills of mixture analysis and preparation of compounds to get efficient yield	2015-2016

PHYSICAL CHEMISTRY PRACTICAL -I	15PCHEC2P3	Skill development - Acquire the skill of handling the electrical instruments	2015-2016
CHEMINFORMATICS	15PCHN31A	Entrepreneurship -Designing drugs	2015-2016
APPLIED CHEMISTRY	15PCHN31B	Employability - Utilities of different industries	2015-2016
PROJECT	15PCHP41	Skill development - Acquire skills on formulation and data handling	2015-2016
MEDICINAL CHEMISTRY	15PCHE4A	Employability - Know about drugs and its activity	2015-2016
RATIONAL DRUG DESIGN	15PCHE4B	Employability - Metabolism and structural analysis of drugs	2015-2016
INORGANIC CHEMISTRY PRACTICAL-II	15PCHC4P1	Skill development - Acquire skills on gravimetry and complex preparation	2015-2016
ORGANIC CHEMISTRY PRACTICAL - II	15PCHC4P2	Skill development - Acquire skills on preparation of compounds and extraction methodology	2015-2016
PHYSICAL CHEMISTRY PRACTICAL -II	15PCHC4P3	Skill development - Acquire skills of kinetic measurements and graphical modulations	2015-2016
Sericulture	15 PZOC32	Employability - provide employment opportunity for Assistant and Field officer in Government Department of sericulture) Entrepreneurship	2015-2016
Apiculture	15 PZON31B	Entrepreneurship - acquire skills for rearing methods	2015-2016
Aquaculture	15 PZOC42	Employability - provide employment opportunity for Working in Fish , Preservation and processing Industry, Govt. fisheries department), Quality control sectors Entrepreneurship	2015-2016

Poultry Science	15 PZOCE4	Employability - provide opportunity for Assistant in Government Departments), Entrepreneurship	2015-2016
Systematics and Animal diversity, Developmental Zoology, Biochemistry and Ecology Practicals	15PZOC2P1	Skill Development - Studies related to Lab assistant in taxonomy lab and biochemistry lab)	2015-2016
Cell and Molecular Biology, Animal physiology, Genetics and Evolution and Animal	15PZOC2P2	Skill Development - gain skills in Drug designing and opportunity for lab assistant in tissue culture lab)	2015-2016
Design and Analysis of Algorithm	15PCSC11	Skill development (Software Developer)	2015-2016
Advanced Database Management System	15PCSC12	Employability (Database Analyst)	2015-2016
Advanced Java Programming	15PCSC13	Skill Development (Software Developer)	2015-2016
Software Project Management	15PCSC22	Employability (Project Analyst)	2015-2016
Web Programming I	15PCSC23	Skill Development (Web Developer)	2015-2016
Core Practical – I (Advanced Java Programming)	15PCSC2P1	Skill development (Software Developer)	2015-2016
Core Practical – II(Web Programming I)	15PCSC2P2	Skill Development (Web Developer)	2015-2016
Mobile Computing	15PCSC31	Employability (System Engineer)	2015-2016
Web Programming II	15PCSC33	Entrepreneurship (Web Developer)	2015-2016
Core Practical – III(Web Programming II)	15PCSC4P1	Entrepreneurship (Web Developer)	2015-2016
Cloud Computing	15PCSC41	Employability (Cloud Engineer)	2015-2016

Soft Computing	15PCSC42	Employability (Data Scientist)	2015-2016
Project	15PCSP41	Skill development (Software Developer)	2015-2016
Core Practical – IV *(Image Processing)	15PCSC4P2	Skill development (Software Developer)	2015-2016
A) Digital Image Processing	15PCSE4A	Employability (Software Developer)	2015-2016
B) OOAD and UML	15PCSE4B	Skill development (Web Developer, Software Developer)	2015-2016
Internet Concepts and Web Design	15PCSN31	Skill development (Web Developer)	2015-2016
Social Revolutionaries of India	15MHSC12	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Socio - Cultural History of Tamil Nadu (A.D.1336 - A.D.1956)	15MHSE2A	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2015-2016
Archives Keeping	15MHSE2B	To develop skill related to collection ,preservation and maintenance of Archival Documents	2015-2016
Advanced Marketing Management	15MCOE2A	Employability and skill development - to gain the practical skills in marketing	2015-2016
Critical Theory	15MENC11	Skill Development – This course exposes students to the advanced level of understanding literary texts.	2015-2016
Research and Educational Methodology	15MENC12	Skill Development/Employability – Here, students are exposed to the nuances of research and its etiquette.	2015-2016
Project	15MEND21	Skill Development – Through this paper, the scholars apply various methodologies they learned in Research and Educational Methodology paper.	2015-2016
Research methodology	15MPHC11	Skill development -Understanding the basic of research and Skill Development in Research Tools and to enhance the research activities particularly in physics	2015-2016

Research Methodology	15MCSC11	Employability (Data Analyst)	2015-2016
Digital Image Processing	15MCSC12	Entrepreneurship (Data Scientist)	2015-2016
A) Virtual Reality	15MCSE2A		2015-2016
Dissertation and Viva-voce	15MCSD21	Skill Development (Project Manager)	2015-2016
Prose, Poetry and Grammar	18ULEN21	Skill Development - This course sheds light on more about English grammar along with prose pieces and poetry.	2018-2019
Computer Assisted Language Learning: Reading and Writing	18UCEN31	Employability / Skill development – The course teaches to enhance the reading and writing skills using computers. Also, it prepares students to gain placements.	2018-2019
Computer Assisted Language Learning : Listening and Speaking	18UCEN41	Skill development / Employability - The course teaches to enhance the Listening and speaking skills using computers. Also, it prepares students to gain placements.	2018-2019
Computer Assisted Language Learning: Reading and Writing	18UNEN31	Employability / Skill development – The course teaches to enhance the reading and writing skills using computers. Also, it prepares students to gain placements.	2018-2019
Computer Assisted Language Learning : Listening and Speaking	18UNEN41	Skill development / Employability - The course teaches to enhance the Listening and speaking skills using computers. Also, it prepares students to gain placements.	2018-2019
Phonetics	18UEEN3A	Skill development - The course introduces the speech sounds in English and makes the students speak in approximation to the native speakers.	2018-2019

Journalism	18UEEN3B	Employability - The students learn journalistic skills and the course provides employment opportunities.	2018-2019
Procedures of Translating	18USEEN51	Skill Development/Employability - It enables students to learn the procedures of translating from Tamil into English and vice versa. The aspirants could become translators.	2018-2019
Techniques of Translation	18USEN61	Skill development/Employability - It enables students to learn the techniques of translating from Tamil into English and vice versa. The aspirants could become translators.	2018-2019
Project	18UCEN64	to update their knowledge in core areas by analysing literary texts critically. It also enables them to experiment with new methodologies for teaching language innovatively.	2018-2019
One Act Plays and Writing Skill	18ULEN31	Employability / Skill development - The course makes the students to learn conversational patterns and enables them to strengthen their writing.	2018-2019
A Practical Course in Spoken English	18ULEN41	students learn practically the interactive expressions that are essential for communication and the patterns for conveying and receiving information in various situations.	2018-2019
Business Economics	18UACO11	Skill Development: It can inculcate Decision Making and Management skill.	2018-2019
Business Mathematics	18UACO31	Skill Development: It can promote the ability of Mathematical reasoning.	2018-2019
Business Statistics	18UACO41	Skill Development: Data Collection, Processing, Analytical skill and usage of Statistical skill among the students.	2018-2019
Tourism Economics	18UAEH31	Employability: It can create employment opportunity in the field of tourist guide and facilitators.	2018-2019

Tourism Products in India	18UAEH41	Employability: This course can ensure for promotion of Tourism marketing and marketing of tourism products and services.	2018-2019
History of Ancient India upto 712 A.D.	18UCHS11	Enhance knowledge about Ancient india that help students to prepare for various competitive examinations like UPSC and TNPSC as well as in their research pursuits.	2018-2019
History of India(A.D. 712 - A.D. 1526)	18UCHS21	To impart knowledge on early medieval India which help the students in their preparations of various competitive examinations and research plans.	2018-2019
Indian Architecture	18UCHS22	Gives understanding on key ideas of Indian architecture which promote research career as well as basic knowledge to start a career in heritage tourism	2018-2019
History of Mughal India (A.D.1526 - A.D.1757)	18UCHS31	Enhance knowledge about Mughal period of Indian history that help students to prepare for various competitive examinations like UPSC and TNPSC as well as in their research pursuits.	2018-2019
Archaeology	18UEHS3A	To familiarise methods and practices of Archaeological excavations and provides career opportunity in Archaeological excavation projects.	2018-2019
Modern Constitution – I	18UNHS31	Enhance fundamental ideas on various modern constitutions which help students to prepare for competitive examinations like UPSC and TNPSC as well as career in law.	2018-2019
History of India (1757-1857 AD)	18UCHS41	Help to prepare for competretive examinations like UPSC and TNPSC	2018-2019
Modern Constitution – II	18UNHS41	Enhance fundamental ideas on various modern constitutions which help students to prepare for competitive examinations like UPSC and TNPSC as well as career in law.	2018-2019

Freedom Movement in India (1858A.D. – 1947 A.D)	18UCHS51	Help to prepare for competitive examinations like UPSC and TNPSC	2018-2019
Epigraphy	18USHS51	To develop skill to decipher historical inscriptions as well as to promote career in archaeology	2018-2019
History of Tamilnadu (1336 A.D to 1947 A.D.)	18UCHS63	Help to prepare for competitive examinations like UPSC and TNPSC	2018-2019
Contemporary History of India Since 1947	18UCHS61	Help to prepare for competitive examinations like UPSC and TNPSC	2018-2019
History of Tamilnadu upto 1336 A.D.	18UCHS53	Help to prepare for competitive examinations like UPSC and TNPSC	2018-2019
Research Methodology in History	18USHS61	Develop knowledge, skill and aptitude in Historical research.	2018-2019
Calculus	18UCMA11	Skill Development: Ability to understand both concrete and abstract problems.	2018-2019
Allied I Statistics	18UAST11	skills in statistics through work placements and internships in sectors such as: banking, financial services, market research, operational research. It's also useful to join the Young Statisticians' section of the Royal	2018-2019
I-Allied - II – Probability Theory	18UAST21	use of probability and statistics. There is overlap between some of the professions listed here. For example, there is overlap between biostatistics and epidemiology, between epidemiology and environmental health,	2018-2019
Number Theory	18UEMA3A	Skill Development: Number theory is a branch of Mathematics that uses the techniques of Algebra to study the various types of numbers	2018-2019
Office Automation	18UEMA3B	handle administrative tasks according to the practices and procedures in effect in the company. These tasks include producing documents, managing work and communicating information. They may also	2018-2019

Mathematics for Competitive Examination-I	18UNMA31	Employability: It is used to test the ability to solve basic mathematical problem logically, for preparing Competitive Examinations like GRE, GMAT, GATE etc., Also we can solve problem by shortcut method.	2018-2019
Linear Programming	18UEMA4A	Employability: Operation research analysts are high-level problem solvers who use advanced techniques such as optimization data mining stastical analysis and mathematical modeling to develop solutions that help business.	2018-2019
Mathematics for Competitive Examination-II	18UNMA41	Employability: It is used to test the ability to solve basic mathematical problem logically, for preparing Competitive Examinations like GRE, GMAT, GATE etc., Also we can solve problem by shortcut method.	2018-2019
Combinatorial Mathematics	18UCMA53	applications ranging from logic to stastical physics and from evolutionary biology to computer science. It leads to proper management of all business units that merged together in one unit. Study of combinatorics is	2018-2019
Numerical Methods	18UCMA63	the way a person perceives, processes and calculates numbers and numerical symbols. According to the dominant scientific explanatory models, numerical skills are considered to comprise of a series of	2018-2019
Programming in C - I	18UEMA5B	Problem Solving Skills in the participants using the programming language C. The course is crafted to help the participants in identifying the best solution for a given problem. Participants will be exposed to the	2018-2019
Programming in C - II	18UEMA6B	Problem Solving Skills in the participants using the programming language C. The course is crafted to help the participants in identifying the best solution for a given problem. Participants will be exposed to the	2018-2019
Numerical Ability I	18USMA51	perform everyday job functions, numeracy skills reflect your critical thinking and problem-solving abilities and can lead to better-paying jobs. Because companies rely on big data more than ever to guide their	2018-2019

Numerical Ability II	18USMA61	perform everyday job functions, numeracy skills reflect your critical thinking and problem-solving abilities and can lead to better-paying jobs. Because companies rely on big data more than ever to guide their	2018-2019
Numerical Ability II	18USMA61	perform everyday job functions, numeracy skills reflect your critical thinking and problem-solving abilities and can lead to better-paying jobs. Because companies rely on big data more than ever to guide their	2018-2019
Physics Practicals - I	18UCPH1P1	Skill Development-Understand basic laws and principles using experimental techniques	2018-2019
Physics Practicals - II	18UCPH2P1	Skill Development-Understand basic laws and principles using experimental techniques	2018-2019
Physics Practicals - III	18UCPH3P1	Skill Development-Understand basic laws and principles using experimental techniques	2018-2019
Physics Practicals - IV	18UCPH4P1	Skill Development-Understand basic laws and principles using experimental techniques	2018-2019
Physics Practicals-V	18UCPH5P1	Skill Development- Ensure them to acquire the skills needed for measurement , Interpretation of observation into results , related to general / basic experiments of physics	2018-2019
Physics Practicals-VI	18UCPH5P2	Skill Development- Understand the working of various electronic components their applications in modern technologies	2018-2019
Physics Practicals-VII	18UCPH6P1	Skill Development- Ensure them to acquire the skills needed for measurement , Interpretation of observation into results , related to general / basic experiments of physics	2018-2019
Physics Practicals-VIII	18UCPH6P2	Skill Development- Understand the working of various electronic components their applications in modern technologies	2018-2019

Allied Physics practicals-I	18UAPH3P1	Skill Development-Understand basic laws and principles using experimental techniques	2018-2019
Allied Physics practicals-II	18UAPH4P1	Skill Development-Understand basic laws and principles using experimental techniques	2018-2019
Laser and its Applications	18UCPH41	Employability -learning the principles of lasers and applications with the basic knowledge of optics ensure them an opportunity in the field of Lasers	2018-2019
Medical Physics	18USPH51	Employability- Acquiring the knowledge of transducers , Bio potential recorders , Diagnostic instruments and their applications ensures them an opportunity in the medical (diagnostic) field.	2018-2019
Project	18UCPH63	Entrepreneurship- Provides an opportunity to develop an innovative and creative solutions to the issues/ problems / Projects with an individual approach which are essential for an entrepreneur	2018-2019
Carbohydrates and Nucleic acids	18UABC11	Employability - Concentrates on understanding the basic concepts of biochemistry required for employability.	2018-2019
Inorganic Quantitative Analysis	18UCCH1P1	Skill Development - Development of skills towards the preparation of solutions with different concentrations	2018-2019
Analysis of Biomolecules - I	18UABC1P1	Skill Development in analysing carbohydrates in a sample	2018-2019
Organic Chemistry - I	18UCCH21	Employability- Focusing on understanding the concepts of organic chemistry useful for employability.	2018-2019
Methodology of Practicals	18UCCH22	Skill development and employability - Trained to apply the principles of chemistry laboratory techniques	2018-2019

Metabolism and Enzymes	18UABC21	Skill development - Acquisition of skills to understand the biochemical metabolic pathways	2018-2019
Inorganic Quantitative Analysis & Organic Estimation	18UCCH2P1	Skill Development - Development of skills towards the estimation of metals and organic compounds	2018-2019
Analysis of Biomolecules - II	18UABC2P1	Skill Development in analysing amino acids in a sample	2018-2019
Polymer Chemistry	18UECH3A	Employability - understands the different aspects of polymers required for employability	2018-2019
Material Science	18UECH3B	Employability - impart skills in structural and functional aspects of materials necessary for employability	2018-2019
Water Management	18UNCH31	Employability - development of competences for analysing the water sample	2018-2019
Inorganic Quantitative Analysis of Simple salt & Inorganic Preparation	18UCCH3P1	Skill development - develop expertise towards the analysis of inorganic salt and preparation of complexes	2018-2019
Inorganic Qualitative analysis of simple salt	18UACH3P1	Skill development - building of skills required for analysing inorganic salts	2018-2019
Chromatography	18UECH4A	Employability - research skill training leading to qualifications required for employability	2018-2019
Diary Chemistry	18UECH4B	Employability - provides higher vocational education for employability in diary processing industries	2018-2019
Inorganic quantitative Analysis of Mixture	18UCCH4P1	Skill development in analysing and separation of various cations and anions	2018-2019
Physical Chemistry -II	18UCCH51	Skill development - skill development studies related to physical states of chemical processes	2018-2019

Organic Chemistry - II	18UCCH52	Skill development - Focussing on understanding the reaction aspects of organic compounds	2018-2019
Inorganic Chemistry - III	18UCCH53	Skill development - imparts knowledge about structural orientation of inorganic complexes	2018-2019
Spectroscopy	18UECH5A	Skill development and employability - provides higher professional education for employability	2018-2019
Medicinal Chemistry	18UECH5B	skill development - enhance the knowledge on medicines and diseases	2018-2019
Industrial Chemistry	18USCH51	skill development and Employability - training about the technology development in different chemical industries	2018-2019
Gravimetric Analysis & Chromatographic techniques	18UCCH5P1	Skill development - developing skills in precipitation techniques and error analysis	2018-2019
Preparation of Organic Compounds	18UCCH5P2	Skill development - develop abilities to setup organic reactions	2018-2019
Physical Chemistry - III	18UCCH61	Skill development - skill development studies related to electrochemical processes	2018-2019
Organic Chemistry - III	18UCCH62	Skill development - acquire skills for elucidation of structures of organic natural products	2018-2019
Instrumental Methods of Analysis	18UECH6A	Skill development and employability - provides professional education for employability	2018-2019
Food Chemistry	18UECH6B	Employability - gain the skills for the preservation of food products	2018-2019
Pharmaceutical Chemistry	18USCH61	Employability - develop the knowledge about drug metabolism and treatment	2018-2019
Physical Chemistry & Computer in Chemistry	18UCCH6P1	Skill development - enhance the training on computer skills required for chemical processes	2018-2019

Organic Analysis	18UCCH6P2	of organic compounds , which will be useful in the synthetic organic chemistry and pharmaceutical chemistry	2018-2019
Project	18UCCH63	Research Skill development & Focusing Employability and multiple career oriented skills	2018-2019
METHODOLOGY OF PRACTICALS	18UCCH22	Employability - Trained to apply the principles of chemistry laboratory techniques	2018-2019
Food science	18UAAN11	Employability - gain the skill for the preservation of food products.	2018-2019
Animal Diversity I and II Practical	18UCZO1P1	Skill development - develop abilities to setup Zoology practicals	2018-2019
Food Science Practical-I	18UAAN1P1	Skill development and employability - provides higher professional education for employability	2018-2019
Applied Nutrition	18UAAN21	Skill development in analysing various types of food, which will be useful in the food industry	2018-2019
Developmental Biology and Ecology and Evolution practical	18UCZO2P1	Skill development - develop abilities to setup Zoology practicals	2018-2019
Applied Nutrition practical-II	18UAAN2P1	Skill development in analysing various types of food, which will be useful in the food industry	2018-2019
Diet Therapy	18UEAN3A	Employability - develop the knowledge about human diseases and treatment	2018-2019
Public Health	18UEAN3B	Skill development- Acquire skill towards the welfare on human health .	2018-2019
Plant Diversity and Plant Pathology	18UABT31	Skill Development - Development of skills towards the diversity of plants and plant diseases	2018-2019
Cell and molecular biology practical	18UCZO3P1	Skill development - skill development studies related to cytological techniques.	2018-2019

Plant diversity and plant pathology practical	18UABT3P1	Skill Development - acquire skills for identification of plant and plant diseases	2018-2019
Plant Resources and their utilization	18UNBT31	Skill development - develop the knowledge on economic botany and how the plants are related to societies.	2018-2019
Mushroom Culture	18UEBT4A	Entrepreneurship- skill to develop the knowledge on mushroom cultivation .	2018-2019
Organic farming	18UEBT4B	Employability -Develop the knowledge related to organic farming	2018-2019
Plant Anatomy, Plant Function and Plant Biotechnology	18UABT41	Skill Development -Acquire skills about the integrative plant anatomy ,physiology and Biotechnology	2018-2019
Biochemistry practical	18UCZO4P1	Skill development - studies related to biochemical techniques.	2018-2019
Plant Anatomy, Plant Function and Plant Biotechnology practical	18UABT4P1	Skill Deveolopment -develop abilities to setup Plant Anatomy, Plant Function and Plant Biotechnology practical	2018-2019
Health and Fitness	18UNAN41	Employability - Focusing Employability and multiple career oriented skills	2018-2019
Aquaculture	18UEZO5A	Employability - provides higher vocational education for employability in Fish culture and processing industries	2018-2019
Dairy farming	18UEZO5B	Employability - provides higher vocational education for employability in diary processing industries	2018-2019
Animal physiology, Genetics, Fundamentals of Biotechnology practical	18UCZO5P1	Skill development - imparts knowledge about structural and physiological aspects of Human body,enhance the knowledge on tools of biotechnology	2018-2019
Aquaculture practical	18UCZO5P2	Employability - provides higher vocational education for employability in Fish culture and processing industries	2018-2019

Food Safety and Quality Control	18USAN51	Employability - provides higher vocational education for employability in food processing industries	2018-2019
Applied biotechnology	18UCZO62	skill development and Employability - training about the technology development in different biological industries	2018-2019
Project	18UCZO63	Skill Development in Research and focusing Employability like Entrepreneurship skills.	2018-2019
Immunology and microbiology and applied biotechnology practical	18UCZO6P1	Employability - understands the different aspects of hematological tests required for employability	2018-2019
Biostatistics and computer applications practical	18UCZO6P2	Employability - understands the different aspects of microbiological tests required for employability	2018-2019
Herbal technology and horticulture	18USBT61	Employability - provides higher vocational education in herbal medicine and horticulture in human welfare.	2018-2019
Web Design	18UECS3A	Employability - Apply the concept of creating the web page in recent trend	2018-2019
XML Programming	18UECS3B	Employability - Apply the concept of creating the web page using XML in recent trend	2018-2019
XML Programming Practical	18UECS3PB	Employability - Apply the concept of creating the web page using XML in recent trend	2018-2019
Web Design Practical	18UECS3PA	Employability - Apply the concept of creating the web page in recent trend	2018-2019
PHP	18UCCS43	Employability - Apply the concept of creating the dynamic web page using server side scripting language in recent trend	2018-2019

PHP Practical	18UCCS4P1	Employability - Apply the concept of creating the dynamic web page using server side scripting language in recent trend	2018-2019
PC Hardware and Trouble Shooting	18UECS4B	Employability - Utilize and solve the issues of PC	2018-2019
PC Hardware and Trouble Shooting Practical	18UECS4PB	Employability - Utilize and solve the issues of PC	2018-2019
Python Programming	18UACS41	Employability - Apply the concept of creating the dynamic web page in recent trend	2018-2019
Python Programming Practical	18UACS4P1	Employability - Apply the concept of creating the dynamic web page in recent trend	2018-2019
J2EE	18UCCS52	Employability - Apply the concept of platform dependent language using JSP in recent trend	2018-2019
J2EE Practical	18UCCS5P1	Employability - Apply the concept of platform dependent language using JSP in recent trend	2018-2019
ANDROID Programming	18UECS5B	Employability - Apply the concept of creating an own android application in recent trend	2018-2019
ANDROID Programming Practical	18UECS5PB	Employability - Apply the concept of creating an own android application in recent trend	2018-2019
Internet of Things	18USCS61	Employability - Create an own android application using the specified language	2018-2019
Operations Research	18UCCS33	Entrepreneurship - Gain a business knowledge in the corporate world.	2018-2019

Flash	18UACS21	Skill development - Learn the basic concept of animation	2018-2019
Flash Practical	18UACS2P1	Skill development - Learn the basic concept of animation practically	2018-2019
Active Server Pages Practical	18UECS4PA	Skill development - Apply the concept of creating the dynamic web page in recent trend	2018-2019
Web Design	18UNCS41	Skill development - Learn the basic concept of unix	2018-2019
VB.Net	18UECS5A	Skill development - Creating a web application with .Net framework	2018-2019
VB.Net Practical	18UECS5PA	Skill development - Creating a web application with .Net framework	2018-2019
C# Programming	18UCCS62	Skill development - Learn the basic concept of scripting language	2018-2019
Project	18UCCS63	Skill development - Create an own application using the specified language	2018-2019
C# Programming Practical	18UCCS6P1	Skill development - Learn the basic concept of scripting language	2018-2019
Financial Accounting - I	18UCCO11	Employability -To gain knowledge in preparing various accounts	2018-2019
Business Organisation	18UCCO12	Entrepreneur -To become a successful entrepreneur by starting any one of the forms	2018-2019

Financial Accounting II	18UCCO21	Employability -knowledge on accounting practices of different traders	2018-2019
Principles of Management	18UCCO22	Skill Development - to know the various aspects of management function	2018-2019
Banking	18UCCO31	Skill Development - to understand modern technology application in bank	2018-2019
Advanced Accounting	18UCCO32	Employability - accountant	2018-2019
Marketing	18UCCO33	Employability and skill development - to gain the practical skills in marketing	2018-2019
Office Management	18UECO3A	Skill Development - to impart the knowledge about secretarial practice.	2018-2019
International Business	18UECO3B	Employability - gain knowledge on international institutions involved in promotion of global business	2018-2019
Basics in Accounting	18NECO31	Employability - accountant	2018-2019
Business Communication	18UCCO41	Skill Development - Communication skill, Its help the students to write various letters to suit various business concern	2018-2019
Human Resource Management	18UCCO42	Skill Development To help the students for HRM practices in practical management of companies	2018-2019
Company Law	18UCCO43	Skill Development - to manage the practical application in companies	2018-2019
Import Export Procedure	18UECO4A	Entrepreneur - to gain knowledge regarding import and export business	2018-2019

Fundamentals of Investment	18UECO4B	Employability - understand different investment alternatives	2018-2019
Development of Small Business	18NECO41	Entrepreneur - to aware of students the process in the commencement of business	2018-2019
Corporate Accounting	18UCCO51	Employability Accountant, To help the students to solve accounting issues of a company	2018-2019
Cost Accounting	18UCCO52	Employability, skill ,development,Preparation of cost sheet,Cost Accountant	2018-2019
Business Law	18UCCO53	Skill Development - To enable the students to learn the fundamentals of laws relating to contract and special contract	2018-2019
Income Tax Law and Practise	18UCCO54	Employability, skill development, entrepreneurship, filing of returns	2018-2019
Entrepreneurship	18UECO5A	Entrepreneur - to motivate for a carrer in enterpreunship	2018-2019
Retail Management	18UECO5B	Entrepreneur - to explore the functionalities in the retail management	2018-2019
MS Office	18SECO51	Skill Development - skill to work with MS word and MS Excel	2018-2019
Management Accounting	18UCCO61	Employability - Financial Analysist, to help students to apply the techniques of management accounting in business situvation	2018-2019
Auditing	18UCCO62	Skill Development - verification of assets and liabilities, internal auditor	2018-2019
Industrial Law	18UCCO63	Skill Development- to understand the provisions of various Act applicable to industry	2018-2019

Indirect taxes	18UECO6A	Employability - to understand the provisions of GST and , customs act,	2018-2019
Project	18UCCO64	Skill Development	2018-2019
Personal Selling and Salesmanship	18UECO6B	Entrepreneur - to gain fundamentals of personal selling and selling process	2018-2019
Tally ERP 9	18SECO61	Employability - Accountant in different enterprises	2018-2019
VAAYMOZHI MARAPUKAL	18UATA11	Skill Development-NAATAAR KAIVINAI KALAIKAL (U- 5) (U-3)PANPAATTU PATHIVUKAL	2018-2019
NANOO EZHUTHTHU	18UCTA21	Employability - Unit - 1, Unit - 2EZHUTHTHUKKALIN THOTRAM	2018-2019
NANOO SOL	18UCTA31	Employability - Unit - 3POTHUVIYAL	2018-2019
MENTHIRAN VALARTHTHAL	18UETA3B	ARIMUGAM,THANITHIRAN VALARPPU,MANITHA VALATHTHIN AATTAL,PORUPPUKAL Unit - 1 PEACHU THIRAN,URAIYAADAL THIRAN,Unit - 5 ANAITHTHUM	2018-2019
KATTURAITHTHAAL	18UNTA31	Employability-Unit - 3 AAYVU KATTURAIKAL,THIRANAAIVU KATTURAIKAL Unit - 4 KATTURAI EZHUTHUM KALAI	2018-2019
OODAKATHTHAMIZH	18UETA4A	Employability-Unit - 4 SEITHIGAL EZHUTHUM MURAI Unit - 3PANPALAI VAANNOLIGAL, VAANOLI ILAKKIYA NIGALCHCHIYUM MAANAVARKALUM	2018-2019
VILAMPARAKKALAI	18UNTA41	Employability-Unit - 5 VILAMPARANGALAI NAVINAMAAGA VADIVAMAITHTHAL	2018-2019
PEACHUKALAI	18UCTA54	Employability-Unit - 1 AALUMAI VELIPPAADU Unit - 3 KURAL MAATRAM VAANOLI THOLAIKAATCHI URAIKAL	2018-2019

Project	18UCTA64	Skill Development	2018-2019
KANINI PAYANPAATIL TAMIL	18USTA61	Employability-Unit - 5 THAMIZHIL MINNANJAL URUVAAKKI ANUPPA PAYIRCHI ALITHTHAL	2018-2019
Applied Grammar and Translation -I	18ULAR11	Skill development The course teaches the basics of Arabic grammar and translation.	2018-2019
Applied Grammar and Translation -II	18ULAR21	Skill development - The course focuses on language skills such as reading and writing and the basics of Arabic grammar	2018-2019
Applied Grammar and Translation -III	18ULAR31	Skill development development The course focuses on language skills such as listening, speaking, reading and writing and the advanced Arabic grammar	2018-2019
Classical Prose	18ULAR41	Skill development- This course teaches the students classical prose.	2018-2019
Grammar-I	18UCAR11	Skill development - The course focuses basics of Arabic grammar	2018-2019
Grammar-II	18UCAR21	Skill development - The course focuses and teaches the students second level of Arabic grammar.	2018-2019
Grammar-III	18UCAR31	Skill development -The course focuses and teaches the students advanced level of Arabic grammar.	2018-2019
Field Work	18UFAR51	Skill development - The students acquire hands-on experience in the areas of language, literature.	2018-2019
Essay writing in Arabic	18USAR51	Skill development - This course enhances the students to write essays in various topic in Arabic.	2018-2019
Rhetoric	18UCAR63	Skill development - The course teaches different of forms of expressions in Arabic language.	2018-2019
Project	18UCAR64	Skill development The students will be able to update their knowledge in core areas by analysing literary texts critically.	2018-2019

Plant Diversity and Plant Pathology	18UABT31	Skill Development - Development of skills towards the diversity of plants and plant diseases	2018-2019
Plant diversity and plant pathology practical	18UABT3P1	Skill Development - acquire skills for identification of plant and plant diseases	2018-2019
Plant Resources and their utilization	18UNBT31	Skill development - develop the knowledge on economic botany and how the plants are related to societies.	2018-2019
Mushroom Culture	18UEBT4A	Entrepreneurship- skill to develop the knowledge on mushroom cultivation .	2018-2019
Organic farming	18UEBT4B	Employability -Develop the knowledge related to organic farming	2018-2019
Plant Anatomy, Plant Function and Plant Biotechnology	18UABT41	Skill Development -Acquire skills about the integrative plant anatomy ,physiology and Biotechnology	2018-2019
Plant Anatomy, Plant Function and Plant Biotechnology practical	18UABT4P1	Skill Deveolopment -develop abilities to setup Plant Anatomy, Plant Function and Plant Biotechnology practical	2018-2019
Herbal technology and horticulture	18USBT61	Employability - provides higher vocational education in herbal medicine and horticulture in human welfare.	2018-2019
Food science	18UAAN11	Employability - gain the skill for the preservation of food products.	2018-2019
Food Science Practical-I	18UAAN1P1	Skill development and employability - provides higher professional education for employability	2018-2019
Applied Nutrition	18UAAN21	Skill development in analysing various types of food, which will be useful in the food industry	2018-2019
Applied Nutrition practical-II	18UAAN2P1	Skill development in analysing various types of food, which will be useful in the food industry	2018-2019
Diet Therapy	18UEAN3A	Employability - develop the knowledge about human diseases and treatment	2018-2019

Public Health	18UEAN3B	Skill development- Acquire skill towards the welfare on human health .	2018-2019
Health and Fitness	18UNAN41	Employability - Focusing Employability and multiple career oriented skills	2018-2019
Business Economics	18UACO11	Skill Development: It can inculcate Decision Making and Management skill.	2018-2019
Business Mathematics	18UACO31	Skill Development: It can promote the ability of Mathematical reasoning.	2018-2019
Business Statistics	18UACO41	Skill Development: Data Collection, Processing, Analytical skill and usage of Statistical skill among the students.	2018-2019
Tourism Economics	18UAEH31	Employability: It can create employment opportunity in the field of tourist guide and facilitators.	2018-2019
Tourism Products in India	18UAEH41	Employability: This course can ensure for promotion of Tourism marketing and marketing of tourism products and services.	2018-2019
History of Ancient India upto 712 AD	18PCHS11	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
History of Tamil Nadu upto 1336 AD	18PCHS12	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Freedom Struggle in India 1800 - 1905 AD	18PCHS14	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Archaeology Theory and Methods	18PEHS1A	To familiarise the methods and practices of Archaeological Excavations	2018-2019
History of India -712 - 1526 AD	18PCHS21	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Archives keeping	18PEHS2A	To develop skill related to collection ,preservation and maintenance of Archival Documents	2018-2019

The Dravidian Movement upto 1987 AD	18PCHS32	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Indian Architecture	18PEHS3A	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Historiography	18PCHS34	To familiarise the theories and practices of Historical writing	2018-2019
Research Methodology	18PEHS4A	To familiarise the theories and practices of Historical writing	2018-2019
Indian History For The Competitive Examination(1526-1707)	18PIHS21	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Indian History For The Competitive Examination(1707-1947)	18PIHS31	Help to prepare TNPSC,UPSC,NET, SET and other competitive Examinations	2018-2019
Advanced Cost Accounting	18PCCO11	Employability - Cost Accountant in different business enterprises	2018-2019
Quantitative Techniques and Operation Research	18PCCO12	Employability, skill development, using imaginary data for statistical analysis	2018-2019
International Marketing	18PCCO13	companies adjust their international marketing strategies based on globalisation	2018-2019
Entrepreneurship and Small Business	18PCCO14	Entrepreneur - To motivate students become job provider	2018-2019
Retail Management	18PECO1A	international institutions involved in promotion of global business	2018-2019
Management of Financial services	18PECO1B	Entrepreneur and skill development - to gain the skills regarding manage the financial services	2018-2019
Advanced Management Accounting	18PCCO21	Employability - Accountant, the students to apply the same in business for managerial decision making	2018-2019
Financial Management	18PCCO22	Financial analyst,Entrepreneur	2018-2019

Service Marketing	18PCCO23	Entrepreneur - to acquire in depth knowledge about service marketing technique	2018-2019
Security analysis and Portfolio Management	18PCCO24	Skill Development - To familiarize the students with the fundamental and technical analysis of the diverse investment avenues various investment and avenues	2018-2019
Strategic Management	18PECO2A	Skill Development - to acquire knowledge in strategic management process and implementation	2018-2019
Logistic Management	18PECO2B	Skill Development - understand the major functions of Logistics	2018-2019
Basic Accounting Skill	18PICO21	Skill Development -understand fundamental account writing skill	2018-2019
Organisational Behaviour	18PCCO31	Skill development - the students gain knowledge relating to overall development of the organisation	2018-2019
Research Methodology	18PCCO34	Skill Development - acquire the skill set for research in commerce	2018-2019
E-commerce	18PECO3A	Entrepreneur -understand the application of electronic medium of marketing of goods and services	2018-2019
Business Environment	18PECO3B	Skill Development - changing enviroment around the business	2018-2019
Human Resource Management	18PICO31	Skill Development - to acquire the knowledge about HRM	2018-2019
Office Automation	18PCCO42	Skill Development - operate microsoft frequently	2018-2019

Corporate Laws	18PECO4A	Skill Development - to understand the legal framework of companies Act 2013, SEBI, FEMA, Consumer Protection	2018-2019
Executive Self Development	18PECO4B	Skill Development - improve communication skills, understand self evaluation	2018-2019
Desktop Publishing	18UAIT31	Entrepreneurship – Start a Small Scale business,Graphics Designer	2018-2019
Desktop Publishing Practical	18UAIT3P1	Entrepreneurship – Start a Small Scale business,Graphics Designer	2018-2019
Photo Editing and Animation	18UNIT31	Entrepreneurship - Start a Small scale business	2018-2019
Internet of things	18UCIT43	Skill Development - build an application program interface automation(API Automation)	2018-2019
PYTHON programming	18UEIT4A	Employability - Data Scientist,Web Developer	2018-2019
Active Server page	18UEIT4B	Skill Development - knowledge of Model View Controller (MVC),Understanding the concepts of Client and server	2018-2019
PYTHON programming Practical	18UEIT4PA	Employability - Data Scientist,Web Developer	2018-2019
Active Server Page Practical	18UEIT4PB	Skill Development - Proficiency in webservices,A knack for Analytical thinking	2018-2019
Document Creation Tools	18UNIT41	Entrepreneurship – DTP Operator, Graphic Designer	2018-2019

Artificial Intelligence	18UCIT53	Employability - Develop decision making and human interacting computer	2018-2019
PHP Programming	18UEIT5A	Employability - Web Developer	2018-2019
J2EE Programming	18UEIT5B	Employability - J2EE Developer	2018-2019
J2EE Programming Practical	18UEIT5PB	Employability - Application Architecture Designer	2018-2019
Mobile application development	18UCIT61	Employability - Building android application using Java, XML and Android Studio	2018-2019
Project	18UCIT63	Skill Development – Creating Innovative ideas in Recent development according customer needs.	2018-2019
Mobile Application development Practical	18UCIT6P1	Employability - APP Designer	2018-2019
Virtual Reality	18UEIT6B	Skill Development – Exposure to digitalization trends.	2018-2019
Virtual Reality Practical	18UEIT6PB	Skill Development – Creating video editing , 3D Modelling	2018-2019
Java Script	18USIT61	Employability - Java Script Developer	2018-2019
Principles of Programming in C	18UCCA11	skill development - learning C programming language as skill set, an individual can fit into any domain	2018-2019
Fundamentals of Computer	18UCCA12	skill development- learns the concept of Computer hardware and software and how it works and recognize the basic terminology used in computer programming	2018-2019

Office Automation	18UACA11	Employability -Office automation systems help in optimizing the existing office procedures by saving time, money and human efforts.	2018-2019
Principles of Programming in C Practical	18UCCA1P1	Skill development- will gain knowledge about the basics of C programming language, get familiarized with pointers	2018-2019
Office Automation Practical	18UACA1P1	Skill development - Learn to write documents, take notes, create spreadsheets, and more.	2018-2019
C++ Programming	18UCCA21	skill development- learning C++ is ease for developing games, real-time systems, and applications with graphical libraries,	2018-2019
C++ Programming - Practical	18UCCA2P1	skill development - learning C++ is ease for developing games, real-time systems, and applications ..	2018-2019
JAVA Programming	18UCCA31	skill development - Java is used in many of the world's most prominent web sites, including eBay.com, LinkedIn.com, Amazon.com, and Facebook.com	2018-2019
Data Structures	18UCCA32	skill development-having good knowledge of Algorithms and Data Structures has a prospering career in the IT industry	2018-2019
Software Engineering	18UCCA33	skill development Expose project planning, analysis of software project, understand the quality concepts for ensuring the functionality of the software to satisfy the regional needs	2018-2019
GUI Programming	18UACA31	employability- learning GUI programming language helps the user to create small applications.	2018-2019
Java Programming Practical	18UCCA3P1	skill development learn to develop real time applications	2018-2019
GUI Programming Practical	18UACA3P1	skill development-learn to develop real time applications	2018-2019

Operating Systems	18UCCA42	skill development- Understanding how compilers work, how to compile code for different operating systems	2018-2019
Computer Networks	18UCCA43	skill development - learning networks provides lot of opportunities such as security issues and optimization, Internet of Things (IoT) challenges, and new cloud technology.	2018-2019
B) Web Designing	18UECA4B	Entrepreneurship- A web designer is responsible for creating the design and layout of a website or web pages, they can create a brand new website or updating an already existing site.	2018-2019
RDMBS With Oracle	18UACA41	path/Goal such as SQL Developer(Software Engineer), DBA , Data Analyst, Data Engineer,Business Analyst....) learning advanced PL/SQL techniques is used to build and maintain database structures and query	2018-2019
Web Designing Practical	18UECA4PB	skill development - gain practical knowledge on Internet and web design	2018-2019
RDMBS With Oracle Practical	18UACA4P1	engage with Database Foundations, Database Design and Programming with SQL, Programming with PL/SQL, and Oracle Application Express—Application Development	2018-2019
Introduction to internet and HTML	18UNCA41	Entrepreneurship- A web designer is responsible for creating the design and layout of a website or web pages, they can create a brand new website or updating an already existing site.	2018-2019
Computer Graphics & Multimedia	18UCCA51	skill development - Graphic Arts make the students to design software programs, video games, advertisements and special effects for websites.	2018-2019
Computer Graphics & Multimedia Practical	18UCCA5P1	Skill development: Can Learn the concepts of line drawing algorithms,clipping and transformation of objects.	2018-2019

Basic Mathematics	18USCA51	Skill development: - Improving your basic math skills can help you get a job, perform better in your current position and make your personal life easier to manage	2018-2019
Project	18UCCA63	Employability-Provides the knowledge about how to solve the most complex issues in a specific domain. Develop the procedure for initiation, Planning, coding generation, spotting errors and execution.	2018-2019
Digital Electronics & Principles	18UCCA22	skill development- to learn the fundamentals, implementation and application principles of digital electronics, devices and integrated circuits	2018-2019
Multimedia Tools	18UACA21	Entrepreneurship- provides the knowledge and experience need to design and build animations for use on Web pages, in presentations, and as stand-alone movies.	2018-2019
Multimedia Tools -Practical	18UACA2P1	skill development - provides the knowledge and experience need to design and build animations for use on Web pages, in presentations, and as stand-alone movies.	2018-2019
B) Desktop Publishing	18UECA3B	Entrepreneurship- Desktop publishers use publishing software to create various documents and products, including financial reports,	2018-2019
Desktop Publishing Practical	18UECA3PB	publishing software to create various documents and products, including financial reports, business proposals, books, newspapers, newsletters, packaging, tickets, and business cards.	2018-2019
ASP. NET	18UCCA41	Employability- asp.net is most widely used programming language to develop creative applications and designing websites.	2018-2019
A) Unix &Shell Programming	18UECA4A	Skill development-learn the fundamental ideas behind the open source operating system, unix helps to understand OS level programming.	2018-2019

ASP.NET Practical	18UCCA4P1	Skill development: Students can able develop web applications.	2018-2019
A) Unix & Shell Programming Practical	18UECA4PA	Skill development- aims to provide exposure to problem-solving through unix shell programming and it is designed to give the practical knowledge	2018-2019
B) C# Programming	18UECA5B	Employability -C# is an object-oriented language, widely used for developing windows, mobile and web applications using .NET platform.	2018-2019
C# Programming Practical	18UECA5PB	Skill development: -Learners will be able to apply their knowledge to the creation of dynamic Web applications such as content management, user registration, and e-commerce.	2018-2019
Digital Marketing	18USCA61	skill development- understanding of the various new medias such as; social media, mobile technology, web analytics, search engine optimization, viral advertising.	2018-2019
A)XML Programming	18UECA3A	skill development:can able to develop webpages	2018-2019
XML Programming Practical	18UECA3PA	Employability learn to develop real time applications	2018-2019
Software Project Management	18UCCA62	Entrepreneurship: understand the quality concepts for ensuring the functionality of the software to satisfy the regional needs	2018-2019
PHP With MYSQL	18UECA6A	Skill Development- able to install and maintain the web server, compiles, and run a simple web application.	2018-2019
PHP With MYSQL Practical	18UECA6PA	Employability- provides the knowledge necessary to design and develop dynamic, database-driven web pages using PHP that powers many websites.	2018-2019
Introduction to Photo Editing	18UNCA31	employability: able to learn editing, designing, graphics, and creation of images.	2018-2019
Python Programming	18UCCA52	Employability: can be used in web development and app development .	2018-2019

Mobile Computing	18UCCA53	Employability: This has enabled users to work from anywhere as long as there is a connection established.	2018-2019
A) MONGODB programming	18UECA5A	Skill Development: learn how to run queries against a MongoDB instance in order to store, manipulate, and retrieve data on it.	2018-2019
MONGODB Programming Practical	18UECA5PA	Skill development: learn the concepts of data modeling, ingestion, query, sharding, and data replication with MongoDB.	2018-2019
Advanced Java Programming	18UCCA61	Skill development: : To make the students design an enterprise based applications by encapsulating an application's business logic	2018-2019
Core Android Application	18UECA6B	Employability: Develop students' knowledge on applications of basic graphical primitives on the screen.	2018-2019
Advanced Java Programming Practical	18UCCA6P1	Employability- Equip the students with the advanced feature of contemporary java which would enable them to handle complex programs relating to managing data and processes over the network	2018-2019
Core Android Application Practical	18UECA6PB	Employability: Develop students' knowledge on applications of basic graphical primitives on the screen.	2018-2019
Aquatic Microbiology	18UAMB11	Skill Development The course develops skills on the microbiological analysis of water and gives an opportunity in quality analysis industry	2018-2019
Techniques in Microbiology and Microbial diversity	18UCMB1P1	Skill Development/Employability The course provides skills on the basic techniques of microbiology and gives an opportunity in different fields including clinical, water and food analysis, algal growth and research.	2018-2019
Techniques in Aquatic Microbiology	18UCMB2P1	Skill Development/Employability The course develops skills on the microbiological analysis of water and gives an opportunity in quality analysis industry	2018-2019

Environmental Microbiology	18UCMB22	Skill Development The course trains students to get an opportunity in environment related jobs	2018-2019
Techniques in Microbial Physiology and Environmental Microbiology	18UCMB2P1	Skill Development/Employability The course develops skills on the identification of microorganism.	2018-2019
Techniques in Biotechnology	18UAMB2P1	Skill Development/Employability The course develops skill on genetic material isolation quantification	2018-2019
Medical Lab Technology	18UEMB3A	Employability- The course gives job opportunity in medical laboratory	2018-2019
Bioinformatics	18UEMB3B	Skill Development -The course develops skills on analyse the types of sequence database	2018-2019
Techniques in Biochemistry	18UCMB3P1	Skill Development- The course focuses on the development of skills on the characterization and analysis of biomolecules.	2018-2019
Techniques in Bioinstrumentation	18UAMB3P1	Skill Development-The course focuses on the development of skills on the characterization and analysis of biomolecules.	2018-2019
Vermiculture and Mushroom	18UNMB31	Entrepreneurship The course elicit interest to start small scale vermicompost unit and mushroom production unit	2018-2019
Pharmaceutical Microbiology	18UAMB41	Employability The course provides skills to analysis pharmaceutical products and job opportunity in pharmaceutical field	2018-2019
Techniques in Cell and Molecular biology	18UCMB4P1	Skill Development/Employability	2018-2019
Techniques in Pharmaceutical Microbiology	18UAMB4P1	Skill Development/Employability The course provides skills to analysis pharmaceutical products and job opportunity in pharmaceutical field	2018-2019

Aquaculture and ApiCulture	18UNMB41	Entrepreneurship The course provokes interest to make aquafarm	2018-2019
Immunology	18UCMB51	Skill Development - develops skills on immuological techniques	2018-2019
Food Microbiology	18UCMB53	Employability- food processing industry	2018-2019
Genetic Engineering	18UEMB5A	Skill Development- cloning process	2018-2019
Dairy Microbiology	18UEMB5B	Employability-dairy industry	2018-2019
Tehniques in Immunology	18UCMB5P1	Skill Development/Employability The course focuses to devlope skills on theimmunological techniques and students can get opportunity in clinical laboratory	2018-2019
Techniques in Microbial Genetis and Food Microbiology	18UCMB5P2	Skill Development/Employability The course focuses on food and dairy industry related jobs	2018-2019
Food Proessing and quality control	18USMB51	Employability- The course gives job opportunity infood industry	2018-2019
Medial Microbiology	18UCMB61	Employability- The course provides skills on identification of pathogen, treatment and preventive measures of various infectious dieases and pavemnet for the job opportunity in medical field	2018-2019
Industrial Microbiology	18UCMB52	Employability -The course develops skills on the fermentation technology and gives job opportunity in the fields of microbial product production industry and biofertilizer and biopesticide industry	2018-2019
Project	18UCMB63	Skill Development/Employability/Enterpreneurship	2018-2019
Biostatistics	18UEMB6B	Skill Development-The course provides skills on the analysis of research data accuracy.	2018-2019

Techniques in Medical Microbiology	18UCMB6P1	Skill Development/Employability The course provides skills on identification of pathogen, treatment and preventive measures of various infectious diseases and pavement for the job opportunity in medical field	2018-2019
Techniques in Industrial Microbiology	18UCMB6P2	Skill Development/Employability The course develops skills on the fermentation technology and gives job opportunity in the fields of microbial product production industry and biofertilizer and biopesticide industry	2018-2019
FOOD SCIENCE PRACTICAL	18UCND1P1	SKILL DEVELOPMENT -understand the chemistry of food AND HOW IT IS APPLIED TO FOOD AND COOKERY	2018-2019
HUMAN PHYSIOLOGY - I PRACTICAL	18UAND1P1	SKILL DEVELOPMENT -developing skills in physiological changes in human body	2018-2019
PRINCIPLES OF NUTRITION PRACTICAL	18UCND2P1	SKILL DEVELOPMENT -understand the chemistry of food	2018-2019
HUMAN PHYSIOLOGY - II PRACTICAL	18UAND2P1	SKILL DEVELOPMENT -developing skills in physiological changes in human body	2018-2019
NUTRITION THROUGH LIFE CYCLE PRACTICAL	18UCND3P1	SKILLS IN THE FIELD OF PLANNING DIET FOR VARIOUS AILMENTS PREPARING AND SERVING	2018-2019
FUNDAMENTALS OF BAKING PRACTICAL	18UAND3P1	SKILL DEVELOPMENT -HOME BAKING BUSINESS, SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2018-2019
FAMILY RESOURCE MANAGEMENT PRACTICAL	18UCND4P1	SKILL DEVELOPMENT - understand about decorating the house and planning	2018-2019
ADVANCED BAKING PRACTICAL	18UAND4P1	SKILL DEVELOPMENT HOME BAKING BUSINESS, SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2018-2019

CLINICAL BIOCHEMISTRY PRACTICAL	18UCND5P1	SKILL DEVELOPMENT -understand the biochemical changes in blood and urine	2018-2019
FOOD PRESERVATION PRACTICAL	18UCND5P2	SKILL DEVELOPMENT -develop skills in preservation techniques in food	2018-2019
PROJECT	18UCND63	SKILL DEVELOPMENT POTENTIAL AREAS OF RESEARCH IN FOOD AND NUTRITION TO IMPROVE HEALTH AND FITNESS	2018-2019
MEDICAL NUTRITION THERAPY PRACTICAL	18UCND6P1	SKILL DEVELOPMENT- -DEVELOPING SKILLS IN THE FIELD OF PLANNING DIET FOR VARIOUS AILMENTS PREPARING AND SERVING	2018-2019
FOOD SAFETY AND QUALITY CONTROL	18UCND6P2	SKILL DEVELOPMENT develop skills in food quality managements and standards	2018-2019
PUBLIC HEALTH AND COMMUNITY NUTRITION	18UEND6A	EMPLOYABILITY	2018-2019
ENTREPRENEURSHIP DEVELOPMENT	18UEND3B	ENTREPRENEURSHIP-BRING CHANGES IN THE PROCESS OF FOOD PRODUCTION, INNOVATION AND USAGE OF FOOD PRODUCTS	2018-2019
FUNDAMENTALS OF BAKING	18UAND31	ENTREPRENEURSHIP- -HOME BAKING BUSINESS, SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2018-2019
ADVANCED BAKING	18UAND41	ENTREPRENEURSHIP -HOME BAKING BUSINESS, SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2018-2019

FOOD PRESERVATION	18UEND5A	ENTREPRENEURSHIP- developing preservation techniques of food	2018-2019
POST HARVEST TECHNOLOGY	18UEND5B	ENTREPRENEURSHIP- APPLYING POST HARVEST TECHNOLOGY TO HARVESTED FRUITS AND VEGETABLES TO MAINTAIN QUALITY	2018-2019
DEVELOPMENT OF FOOD PRODUCT	18UEND6B	ENTREPRENEURSHIP-CREATING AND POPULARING NEW FOOD PRODUCTS FOCUSING ON HEALTH AND FITNESS	2018-2019
Financial Accounting - I	18UCCF11	Employability - To gain knowledge in preparing various accounts	2018-2019
Financial Accounting - II	18UCCF21	Employability - knowledge on accounting practices of different traders	2018-2019
Banking	18UCCF31	Skill Development - to understand modern technology application in bank	2018-2019
Advanced Accounting	18UCCF32	Employability - accountant	2018-2019
Principles of Marketing	18UECF4A	Employability and skill development - to gain the practical skills in marketing	2018-2019
Basics in Accounting	18UNCF41	Employability - accountant	2018-2019
Business Communication	18UCCF41	Skill Development - Communication skill, Its help the students to write various letters to suit various business concern	2018-2019
Corporate Accounting	18UCCF51	Employability Accountant, To help the students to solve accounting issues of a company	2018-2019
Cost Accounting	18UCCF52	Employability, skill development, preparation of cost sheet, Cost Accountant	2018-2019

Business Law	18UCCF53	Skill Development - To enable the students to learn the fundamental of laws relating to contract and special contract	2018-2019
Income Tax Law and Practise	18UCCF54	Employability, skill development, entrepreneurship, filling of returns	2018-2019
MS Office	18USCF51	Skill Development - skill to work with MS word and MS Excel	2018-2019
Management Accounting	18UCCF61	Employability - Financial Analyst, to help students to apply the techniques of management accounting in business situation	2018-2019
Auditing	18UCCF62	Employability - verification of assets and liabilities, internal auditor	2018-2019
Indirect taxes	18UECF6A	Employability - to the understand the provisions of GST and , customs act,	2018-2019
Tally ERP 9	18USCF61	Skill Development - skill to work with stock verification, balance sheet of company	2018-2019
Software Solution for Managers-I	18UABA11	Employability-To gain the basic knowledge about MS-word, MS-Access and MS-Powerpoint.	2018-2019
Computer Basics for Managers	18UABA21	Employability-It helps the Graduates to understand the basic functions of computer..	2018-2019
Management Information System	18UABA31	Employability-As a Budding manager of Entrepreneur, the graduates learn the importance of managerial information systems in developing critical decision making skills.	2018-2019
A) Consumer Behaviour	18UEBA3A	Entrepreneurship-The Graduates learn the knowledge of buying behaviour of consumer towards a product/services which is needed by an organization.	2018-2019
B) Retailing Management	18UEBA3B	Entrepreneurship-As a manager, the graduates understand the basic concepts of Retailing and it's types.	2018-2019

E-Commerce and Internet Applications	18UABA41	Entrepreneurship-The Graduates develop the skills about doing a business through electronic ways.	2018-2019
A) Training and Development	18UEBA4A	Employability-The Graduates learn the impact of training and development in enhancing the skills for business development.	2018-2019
B) Industrial Relations	18UEBA4B	Employability-The Budding managers acquire the knowledge of various labour legislations and its impact in maintaining harmonious industrial relations.	2018-2019
Operations Research	18UCBA51	Entrepreneurship-The Graduates understand the optimisation techniques utilise the resources in an effective manner	2018-2019
A) Financial Services	18UEBA5A	Employability-The Garduates acquire knowledge about financial serivices available in the market.	2018-2019
B) Modern Banking	18UEBA5B	Employability-The Graduates understand the evolution of banking practices.	2018-2019
Soft Skills	18SEBA51	Employability-The Graduates develop the interpersonal skills for personal and professional growth.	2018-2019
Entrepreneurial Development	18UCBA62	Entrepreneurship-The Budding entrepreneurs acquires the required entrepreneurial skills to start different forms of business opportunity.	2018-2019
A) Business Environment	18UEBA6A	Entrepreneurship-The Graduates acquiring knowledge about the environmental factors that affect an organization.	2018-2019
B) Total Quality Management	18UEBA6B	Employability-As a Budding manager it is imperative to gain knowledge about continuous process improvement for producing products/services of good quality.	2018-2019

Data Analytical Package	18USBA61	Employability-The Graduates learn the basics of Analytical tools for organizational decision making.	2018-2019
Software Solution for Managers-I (P)	18UABA1P1	Skill Development-It helps the budding managers to have the hands on experience about MS-word and MS-Powerpoint.	2018-2019
Software Solution for Managers-II (P)	18UABA2P1	Skill Development- It helps the budding managers to have the hands on experience about MS-Access and MS-Excel.	2018-2019
Creative writing	18PIEN21	Skill Development(Creative writing skills help students apply their imagination and skills with what they have learned.)	2018-2019
Research Methodology	18PCEN34	Skill Development(the present education's attention on research, the paper research methodology helps students apply and convert their theoretical knowledge into practical one.)	2018-2019
English Language Teaching	18PEEN3B	Skill Development(ELT is one of the most prolific skills that is the gateway for many job openings and sustainability)	2018-2019
Project	18PCEN44	Skill Development (Project gives a straight away practical experience to students in terms of application of knowledge)	2018-2019
Soft Skills	18PEEN1B	Employability(soft skills is one of the essential skills of the 21st century that every student should be thorough with the to compete in the job market)	2018-2019
English for Business Communication	18PIEN31	Employability(English, the Lingua franca is essential for successful business career)	2018-2019
Journalism and Media Studies	18PEEN4B	Entrepreneurship(This paper is handy that students become employable)	2018-2019

A-Mathematical Statistics	18PCMA13	Employability-Mathematical Statistics is to develop solution in practical problem. Applying statistical Analysis of a variety of experimental and observational studies. Solve statistical problem using computational tools	2018-2019
C-Classical Mechanics	18PEMA1A	is useful for teaching in basic physical science. To develop strong skills for mathematical physics in research. Also we can classify physical systems into holonomic and non-holonomic systems	2018-2019
B-Discrete Mathematics	18PEMA1B	Employability-We introduce discrete mathematics for the purpose of research scholars to develop their ideas in graph Theory.	2018-2019
Latex and Matlab	18PCMA23	Employability - To develop the skills in solving mathematics equation using Latex and Matlab.	2018-2019
Latex and Matlab Practical	18PCMA2P	Skill Development-To develop the skills regarding mathematical typing Latex. Also to view various graphs using MATLAB	2018-2019
B - Numerical Analysis	18PEMA2B	Entrepreneurship -Numerical Analysis are commonly used for solving mathematical problems that are formulated in Science and Engineering where it is difficult or impossible to obtain exact solution.	2018-2019
Graph Theory	18PCMA31	Employability-Graph Theory paper is useful to develop diagrams, graphs in various field like research, computer application etc	2018-2019
Operations Research	18PCMA34	Employability-Operations Research is useful for employability like constructing traffic lights, cross roads etc. The application of Operational Research in Queuing theory are traffic flow (like people, communication), scheduling and facility design like post office, super market in first come first out process.	2018-2019

A-Differential Geometry	18PEMA3A	Employability-Differential geometry concepts are applied in computers where it help the software to render visual images on the screen. This paper is useful in daily life will be stairs which are built in homes in construction to angles of geometry.	2018-2019
Functional Analysis	18PCMA42	Entrepreneurship-Functional analysis is useful for real life which can be built into barcode, scanner, electron microscope etc. We find applications of functional analysis by optimization technique in operation research.	2018-2019
Project	18PCMA43	Skill Development-It can develop student knowledge and power. They can learn time management.	2018-2019
B- Java programming	18PEMA4B	Employability-This paper is used in server apps at the financial service industries, big data technology and software tools etc.	2018-2019
Java Programming Practical	18PEMA4P2	Skill Development-This paper is used in server apps at the financial service industries, big data technology and software tools etc.	2018-2019
Programmind in C++ and Data Structures Practical	18PEMA4P2	Skill Development: This practical paper is useful for the students to developing the programming language.	2018-2019
Advanced Discrete Mathematics	18PIMA21	for computer run software Networking (i.e., connecting cities with Roads, Google maps & Scheduling problem etc). It is used for research scholars to develop the ideas in graph theory.	2018-2019
Numerical and Statistical Method	18PIMA31	Emploability: Numerical and Statistical Method are commonly used for solving mathematical problems that are formulated in Science and Engineering where it is difficult or impossible to obtain exact solution.	2018-2019

Integrated Electronics	18PEPH1A	Employability - Employability in electronic industries	2018-2019
General Physics Experiments I	18PCPH1P1	Skill development - Skills to handle sophisticated equipment and analyze the data	2018-2019
Advanced Electronics Experiments I	18PCPH1P2	Skill development - Skills to handle sophisticated equipment	2018-2019
Microprocessor and Microcontrollers	18PEPH2A	Employability - Employability in electronic industries .	2018-2019
General Physics Experiments II	18PCPH2P1	Skill development - Skills to handle sophisticated equipment	2018-2019
Advanced Electronics Experiments II	18PCPH2P2	Skill development - Skills to handle sophisticated equipment	2018-2019
Advanced Physics Experiments I	18PCPH3P1	Skill development - Skills to handle sophisticated equipment	2018-2019
Microprocessor Experiments	18PCPH3P2	Skill development - Skills to handle microprocessor kit	2018-2019
Research Methodology	18PCPH42	Skill Development - develop skills in Research Tools , and to enhance the research activities particularly in physics	2018-2019
Project	18PCPH43	Skill development - Skills to develop critical thinking, communication, collaboration and creativity	2018-2019

Advanced Physics Experiments II	18PCPH4P1	Skill development - Skills to handle sophisticated equipment	2018-2019
Numerical methods and C++ Programming	18PCPH4P2	Skill development - skills to know more about C++ programming language and numerical methods	2018-2019
Renewable Energy	18PIPH21	Entrepreneurship - Understanding more about various energy sources and Entrepreneurship in energy sector	2018-2019
CHROMATOGRAPHY	18PECH1A	Entrepreneurship -Know the theory of separation using different chromatographic techniques	2018-2019
BIOCHEMISTRY	18PECH1B	Employability -Know the structures of biomolecules	2018-2019
INORGANIC CHEMISTRY PRACTICAL -I	18PCCH1P1	Skill development - Acquire the skills of analysis of metals and its analysis in mixtures using chromatography	2018-2019
PHYSICAL CHEMISTRY PRACTICAL - I	18PCCH1P2	Skill development - Acquire the skill of handling the electrical instruments	2018-2019
APPLIED CHEMISTRY	18PECH2A	Employability- Know the processes involved in different industries	2018-2019
CHEMINFORMATICS	18PECH2B	Entrepreneurship -Designing concept of drugs	2018-2019
ORGANIC CHEMISTRY PRACTICAL – I	18PCCH2P1	Skill development - Gain the skills of mixture analysis and preparation of compounds to get efficient yield	2018-2019

CHROMATOGRAPHY PRACTICAL	18PCCH2P2	Skill development- Acquire skills on separation techniques and choice of solvents for efficient separation	2018-2019
INDUSTRIAL CHEMISTRY	18PICH21	Entrepreneurship- Knowledge about utilities and processes of various industries	2018-2019
INSTRUMENTAL METHODS OF ANALYSIS	18PECH3A	Entrepreneurship- Knowledge about working and principle of instruments	2018-2019
ENZYME CHEMISTRY	18PECH3B	Entrepreneurship- Know the reactions catalysed by different enzymes	2018-2019
ORGANIC CHEMISTRY PRACTICAL - II	18PECH3P1	Skill development- Acquire skills on estimation and preparation of organic compounds	2018-2019
PHYSICAL CHEMISTRY PRACTICAL-II	18PCCH3P2	Skill development - Acquire skills of kinetic measurements and graphical modulations	2018-2019
INTRODUCTION TO CHEMINFORMATICS	18PICH31	Entrepreneurship- Concept of molecular descriptors and chemical data bases	2018-2019
SPECTROSCOPY	18PCCH41	Employability- Interpretation of spectra	2018-2019
ADVANCED TOPICS IN CHEMISTRY	18PCCH42	Employability- Concept of nano and green chemistry	2018-2019
PROJECT	18PCCH43	Skill development - Acquire skills on formulation and data handling	2018-2019
MEDICINAL CHEMISTRY	18PECH4A	Employability - Drugs and its activity	2018-2019

RATIONAL DRUG DESIGN	18PECH4B	Employability - Metabolism and structural analysis of drugs	2018-2019
INORGANIC CHEMISTRY PRACTICAL II	18PCCH4P1	Skill development - Acquire skills on gravimetry and complex preparation	2018-2019
GREEN CHEMISTRY PRACTICAL	18PCCH4P2	Skill development- Acquire skills on environment friendly pathways	2018-2019
Vermiculture	18PEZO1B	Employability - understand the production techniques , develop employment and Entrepreneurship	2018-2019
Mushroom Culture	18PIZO21	skill development - development of skills towards employability and Entrepreneurship	2018-2019
Poultry and Dairy Science	18PIZO31	Employability enhance the knowledge of poultry rearing and dairy field and also provide Entrepreneurship	2018-2019
Systematics and Animal Diversity and Developmental Zoology Practicals	18PCZO1P1	Skill Development studies related to Animal diversity and developmental process	2018-2019
Biochemistry and Cell and Molecular Biology Practicals	18PCZO1P1	Skill Development studies related to biochemical techniques and cytological techniques	2018-2019
Animal Physiology Practicals	18PCZO1P1	Skill Development - gain the knowledge of human physiology	2018-2019
Genetics and Evolution Practicals	18PCZO1P1	Skill Development enhance the knowledge of genetic material and origin of evolution	2018-2019
Immunology Practicals	18PCZO1P1	Skill Development - understand the different aspects of immunological techniques	2018-2019

Bioinformatics and Animal Biotechnology Practicals	18PCZO1P1	Skill Development - imparts knowledge about Data collection in Govt. Department and Biotechnology methods	2018-2019
Microbiology Practicals	18PCZO1P1	Skill Development -provides higher professional education for Microbiology lab	2018-2019
Aquaculture Practicals	18PCZO1P1	Skill Development - focussing on understanding the rearing techniques and diseases of fishes	2018-2019
Design and Analysis of Algorithm	18PCCS11	Skill development (Software Developer)	2018-2019
Linux Programming	18PCCS12	Employability (Linux Administrator)	2018-2019
Python Programming	18PCCS13	Employability (Web Developer)	2018-2019
A)Cloud Computing	18PECS1A	Employability (AWS Engineer)	2018-2019
Linux Programming Lab	18PCCS1P1	Skill development (Linux Administrator)	2018-2019
Python Programming Lab	18PCCS1P2	Skill development (Web Developer)	2018-2019
Open Source Technology	18PCCS21	Entrepreneurship (Program Development)	2018-2019
Advanced Database Management System	18PCCS22	Employability (Database Analyst)	2018-2019
Internet of Things	18PCCS23	Employability (IoT Engineer)	2018-2019
A) Security Practices	18PECS2A	Employability (Security Consultant, Security Controller)	2018-2019
B) Cyber Security	18PECS2B	Employability (Security Consultant)	2018-2019
Open Source Technology Lab	18PCCS2P1	Skill development (Web Developer)	2018-2019
Advanced Database Management System Lab	18PCCS2P2	Skill development (Database Analyst)	2018-2019

Software Testing	18PCCS32	Entrepreneurship (Software Testing Analyst)	2018-2019
Digital Image Processing	18PCCS33	Employability (Image Processing Engineer)	2018-2019
A) Mobile Computing	18PECS3A	Employability (System Engineer)	2018-2019
Data Mining Lab	18PCCS3P1	Skill Development (Data Analyst)	2018-2019
Image Processing Lab	18PCCS3P2	Skill development (Image Processing Engineer)	2018-2019
Big Data Analytics	18PCCS41	Entrepreneurship (Big Data Analyst, Data Architect , Data Consultant)	2018-2019
Soft Computing	18PCCS42	Employability (Data Scientist)	2018-2019
Project	18PCCS43	Skill development (Software Developer)	2018-2019
A) Artificial Intelligence	18PECS4A	Employability (Robotic Developer ,Machine Learning Engineer, Artificial Intelligence Data Analyst)	2018-2019
B) Human Computer Interaction	18PECS4B	Skill development (Project Manager, Frentend Developer, Human Factor Engineer)	2018-2019
Web Programming Lab	18PCCS4P1	Skill development (Web Designer , Web Developer)	2018-2019
Big Data Analytics Lab	18PCCS4P2	Skill development (Big Data Analyst, Data Architect, Data Engineer)	2018-2019
Internet Concepts and Web Design	18PICS21	Skill development (Web Developer)	2018-2019
Desktop Publishing	18PICS31	Skill development (Content Designer)	2018-2019
Techniques in Microbiology	18PCMB12	Skill Development-The course provides skills on the basic techniques of microbiology and gives an opportunity in different fields including clinical, water and food analysis, algal growth and research.	2018-2019

Quality Assurance in Microbiology	18PEMB1A	Employability-The course focus on quality analysis of various products	2018-2019
Medical Laboratory Technology	18PEMB1B	Skill Development-The course develops skills on analysis of blood , urine and other clinical sample	2018-2019
Techniques in Microbiology	18PCMB1P1	Skill Development-The course provides skills on the basic techniques of microbiology and gives an opportunity in different fields including clinical, water and food analysis, algal growth and research.	2018-2019
Techniques in Bacteriology & Biochemistry	18PCMB1P2	Skill Development-The course provides skills on the basic techniques of microbiology and gives an opportunity in different fields including clinical, water and food analysis, algal growth and research.	2018-2019
Techniques in virology, Microbial physiology, Molecular biology and Genetic Engineering	18PCMB2P1	Skill Development-The course provides skills on the basic techniques of microbiology and gives an opportunity in different fields including clinical, water and food analysis, algal growth and research.	2018-2019
Techniques in Quality control, MLT, Agriculture Microbiology and Nanobiotechnology	18PEMB2P1	Skill Development-The course provides skills on the basic techniques of microbiology and gives an opportunity in different fields including clinical, water and food analysis, algal growth and research.	2018-2019
Medical Microbiology	18PCMB31	Employability- The course focus on disease diagnosis	2018-2019
Immunology	18PCMB32	Employability- The course focus on immunological techniques	2018-2019
Bioinformatics and Biostatistics	18PCMB33	Skill Development- analysis sequence	2018-2019
Pharmaceutical Microbiology	18PEMB3A	Employability- The course gives job opportunity in pharma field	2018-2019
Techniques in Medical Microbiology	18PCMB3P1	Skill Development- Disease diagnosis and treatment	2018-2019

Techniques in Immunology, Bioinformatics and Biostatistics	18PCMB3P2	Skill Development- immunological techniques, sequence analysis and research data analysis	2018-2019
Food Microbiology	18PCMB41	Employability- Food processing industry	2018-2019
Industrial Microbiology	18PCMB42	Employability- Fermentation industry	2018-2019
Vermitechnology and Mushroom Technology	18PEMB4A	Entrepreneurship-The course help to develop small scale unit like vermicompost	2018-2019
Bioinstrumentation and Research methodology	18PEMB4B	Skill development- develops skills on handling instruments	2018-2019
Techniques in Food and Industrial Microbiology	18PCMB4P1	Skill Development-food processing and microbial products	2018-2019
Pharmaceutical Microbiology, Biotechnology, Vermiculture and Mushroom Technology	18PEMB4P1	Skill Development- Pharma techniques	2018-2019
Microbiology and Human Health	18PIMB21	Skill Development- Disease diagnosis and treatment	2018-2019
Enterpreneurship in Microbiology	18PIMB31	Skill Development- The students able to understand the rules and regulations of enterpeuner	2018-2019
SOCIAL REVOLUTIONARIES OF INDIA	18MCHS12	Help to prepare TNPSC,UPSC,NET, SET and other competitve Examination	2018-2019
Socio - Cultural History of Tamil Nadu (A.D.1336 - A.D.1956	18MEHS1A	Help to prepare TNPSC,UPSC,NET, SET and other competitve Examinations	2018-2019
Archives Keeping	18MEHS1B	To develop skill related to collection ,preservation andmaintenance ofArchival Documents	2018-2019

FUNDAMENTALS OF INDIAN EPIGRAPHY	18MEHS1C	Develop knowledge and skill in the profession of Epigraphy	2018-2019
PRINCIPLES AND METHODS OF ARCHAEOLOGY	18MEHS1D	Develop knowledge and skill in the profession of Archaeology	2018-2019
Advanced Marketig Management	18MECO1A	Entrepreneurial - To understand how companies adjust their international marketing strategies based on globalisation	2018-2019
Human Resource Management	18MECO1C	Skill Development To help the students for HRM practices in practical management of companies	2018-2019
Advanced Banking and Financial Services	18MECO1D	Entrepreneur and skill development - to gain the skills regarding mange the financial services	2018-2019
Research and Educational Methodology	18MCEN11	Skill Development/Employability – Here, students are exposed to the nuances of research and its etiquette.	2018-2019
Critical Theory	18MCEN12	Skill Development – This course exposes students to the advanced level of understanding literary texts.	2018-2019
Project	18MDEN21	Skill Development – Through this paper, the scholars apply various methodologies they learned in Research and Educational Methodology paper.	2018-2019
Research and Educational Methodology	18MCMA11	Skill Development- Acquire the knowledge to write a research paper in a particular form	2018-2019
Project	18MDMA21	Skill Development- prepare and publish the research article	2018-2019
Core-I Research and teaching methodology	18MCPH11	Skill Development in Research Tools and to enhance the research activities particularly in physics	2018-2019
Research and Teaching Methodology	18MCCS11	Employability (Assistant Professor)	2018-2019

Machine Learning Techniques	18MCCS12	Employability (Data Analyst)	2018-2019
A) Virtual Reality	18MECS1A		2018-2019
B) Digital Image Processing	18MECS1B	Employability (Image Processing Engineer)	2018-2019
C) Deep Learning	18MECS1C		2018-2019
D) Big Data Analytics	18MECS1D		2018-2019
Project and Viva-voce	18MDCS21	Skill development (Project Manager)	2018-2019
Communicative English I	21ULEN11	Skill Development – This course helps students learn English by means of demonstrating such as filling up forms, writing letters etc.	2021-2022
Communicative English II	21ULEN21	Skill Development – This course helps students learn English by means of demonstrating such as filling up forms, writing letters etc.	2021-2022
English Grammar: Structures and Composition	21UCEN21	Skill Development – This course is exclusively about English grammar. The learners are exposed to thorough English grammar with enough exercises.	2021-2022
Computer Assisted Language Learning: Reading and Writing	21UCEN31	Employability / Skill development – The course teaches to enhance the reading and writing skills using computers. Also, it prepares students to gain placements.	2021-2022
Computer Assisted Language Learning : Listening and Speaking	21UNEN31	Skill development / Employability - The course teaches to enhance the Listening and speaking skills using computers. Also, it prepares students to gain placements.	2021-2022
Computer Assisted Language Learning: Reading and Writing	21UCEN41	Employability / Skill development – The course teaches to enhance the reading and writing skills using computers. Also, it prepares students to gain placements.	2021-2022

Computer Assisted Language Learning : Listening and Speaking	21UNEN41	Skill development / Employability - The course teaches to enhance the Listening and speaking skills using computers. Also, it prepares students to gain placements.	2021-2022
Phonetics	21UCEN52	Skill development - The course introduces the speech sounds in English and makes the students speak in approximation to the native speakers.	2021-2022
Digital Literature	21UEEN51B	Skill development – One of the important skills, Digital Literature gives hope to the learners with the digital literacy along with the basic humanistic aspects.	2021-2022
Media Studies	21UEEN52A	Employability – With this course, the learners attract employment opportunities beyond the core literary fields. They are exposed to media studies and its other related fields.	2021-2022
Field Work		Skill development/Employability - The students acquire hands-on experience in the areas of language, literature and journalism for skill development. It also helps them to get placements.	2021-2022
Procedures of Translating	21USEN51	Skill Development/Employability - It enables students to learn the procedures of translating from Tamil into English and vice versa. The aspirants could become translators.	2021-2022
Techniques of Translation	21USEN61	Skill development/Employability - It enables students to learn the techniques of translating from Tamil into English and vice versa. The aspirants could become translators.	2021-2022
Project	21UEEN61	to update their knowledge in core areas by analysing literary texts critically. It also enables them to experiment with new methodologies for teaching language innovatively.	2021-2022

One Act Plays and Writing Skill	21ULEN31	Employability / Skill development - The course makes the students to learn conversational patterns and enables them to strengthen their writing.	2021-2022
A Practical Course in Spoken English	21ULEN41	students learn practically the interactive expressions that are essential for communication and the patterns for conveying and receiving information in various situations.	2021-2022
History of India upto 712 A.D..	21UCHS11	Enhance knowledge about Ancient india that help students to prepare for various competitive examinations like UPSC and TNPSC as well as in their research pursuits	2021-2022
History of Tamil Nadu up to 1336.A.D	21UCHS12	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
History of India (712-1526 A.D)	21UCHS21	To impart knowledge on early medieval India which help the students in their preparations of various competitive examinations and research plans.	2021-2022
History of Tamil Nadu 1336-1801.A.D	21UCHS22	To impart knowledge on early medieval India which help the students in their preparations of various competitive examinations and research plans.	2021-2022
History of India (1526 A.D. - 1757 A.D.)	21UCHS31	Enhance knowledge about Mughal period of Indian history that help students to prepare for various competitive examinations like UPSC and TNPSC as well as in their research pursuits.	2021-2022
History of India (1757-1857 AD)	21UCHS41	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
Indian Architecture	21USHS42	Gives understanding on key ideas of Indian architecture which promote research career as well as basic knowledge to start a career in heritage tourism	2021-2022

Modern Constitution II	21UNHS41	Enhance fundamental ideas on various modern constitutions which help students to prepare for competitive examinations like UPSC and TNPSC as well as career in law.	2021-2022
Freedom Movement in India (1858A.D. – 1947 A.D)	21UCHS51	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
Freedom Movement in Tamil Nadu	21UCHS52	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
Epigraphy	21USHS51	To develop skill to decipher historical inscriptions as well as to promote career in archaeology	2021-2022
Contemporary History of India Since 1947	21UCHS61	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
Contemporary History of Tamil Nadu	21UCHS62	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
Archaeology	21UEHS6A1	To familiarise methods and practices of Archaeological excavations and provides career opportunity in Archaeological excavation projects.	2021-2022
Research Methodology in History	21USHS61	Develop knowledge, skill and aptitude in Historical research.	2021-2022
Contemporary History of India Since 1947	21UCHS61	Help to prepare for competitive examinations like UPSC and TNPSC	2021-2022
Differential Calculus	21UCMA11	Skill Development: Ability to understand both concrete and abstract problems.	2021-2022
Mathematical Statistics I	21UAST11	skills in statistics through work placements and internships in sectors such as: banking, financial services, market research, operational research. It's also useful to join the Young Statisticians' section of the Royal	2021-2022

Integral Calculus	21UCMA21	Skill Development: Ability to understand both concrete and abstract problems.	2021-2022
Mathematical Statistics II	21UAST21	skills in statistics through work placements and internships in sectors such as: banking, financial services, market research, operational research. It's also useful to join the Young Statisticians' section of the Royal	2021-2022
Mathematics for Competitive Examination-I	21UNMA31	Employability: It is used to test the ability to solve basic mathematical problem logically, for preparing Competetive Examinations like GRE, GMAT, GATE etc., Also we can solve problem by shortcut method.	2021-2022
Mathematics for Competitive Examination-II	21UNMA41	Employability: It is used to test the ability to solve basic mathematical problem logically, for preparing Competetive Examinations like GRE, GMAT, GATE etc., Also we can solve problem by shortcut method.	2021-2022
Number Theory	21UCMA55	Employability: Number theory is a branch of Mathematics that uses the techniques of Algebra to study the various types of numbers	2021-2022
Combinatorial Mathematics	21UEMA51A	applications ranging from logic to stastical physics and from evolutionary biology to computer science. It leads to proper management of all business units that merged together in one unit. Study of combinatorics is	2021-2022
Operations Research I	21UEMA52A	Employability: Operation research analysts are high-level problem solvers who use advanced techneiques such as optimization data mining stastical analysis and mathematical modeling to develop solutions that help business.	2021-2022
Programming in C - I	21UEMA52B	Problem Solving Skills in the participants using the programming language C. The course is crafted to help the participants in identifying the best solution for a given problem. Participants will be exposed to the	2021-2022
Numerical Ability I	21USMA51	perform everyday job functions, numeracy skills reflect your critical thinking and problem-solving abilities and can lead to better-paying jobs. Because companies rely on big data more than ever to guide their	2021-2022

Operations Research II	21UEMA61A	Employability: Operation research analysts are high-level problem solvers who use advanced techniques such as optimization data mining statistical analysis and mathematical modeling to develop solutions that help business.	2021-2022
Programming in C - II	21UEMA61B	Problem Solving Skills in the participants using the programming language C. The course is crafted to help the participants in identifying the best solution for a given problem. Participants will be exposed to the	2021-2022
Coding Theory	21UEMA61C	develop systems and methods that allow to detect/correct errors caused when information is transmitted through noisy channels. All real communication systems that work with digitally represented data, as CD players, TV,	2021-2022
Numerical Ability II	21USMA61	perform everyday job functions, numeracy skills reflect your critical thinking and problem-solving abilities and can lead to better-paying jobs. Because companies rely on big data more than ever to guide their	2021-2022
Physics Practicals - I	21UCPH1P1	Skill Development-Understand basic laws and principles using experimental techniques	2021-2022
Physics Practicals - II	21UCPH2P1	Skill Development-Understand basic laws and principles using experimental techniques	2021-2022
Physics Practicals - III	21UCPH3P1	Skill Development-Understand basic laws and principles using experimental techniques	2021-2022
Physics Practicals - IV	21UCPH4P1	Skill Development-Understand basic laws and principles using experimental techniques	2021-2022
Physics Practicals-V	21UCPH5P1	Skill Development- Ensure them to acquire the skills needed for measurement , Interpretation of observation into results , related to general / basic experiments of physics	2021-2022
Physics Practicals-VI	21UCPH5P2	Skill Development- Understand the working of various electronic components their applications in modern technologies	2021-2022

Physics Practicals-VII	21UCPH6P1	Skill Development- Ensure them to acquire the skills needed for measurement , Interpretation of observation into results , related to general / basic experiments of physics	2021-2022
Physics Practicals-VIII	21UCPH6P2	Skill Development- Understand the working of various electronic components their applications in modern technologies	2021-2022
Allied Physics practicals-I	21UAPH3P1	Skill Development-Understand basic laws and principles using experimental techniques	2021-2022
Allied Physics practicals-II	21UAPH4P1	Skill Development-Understand basic laws and principles using experimental techniques	2021-2022
Spectroscopy and Laser Physics	21UCPH22	Employability- learning the principles of lasers and spectroscopy with the basic knowledge of optics ensure them an opportunity in the field of Lasers	2021-2022
Electricity and Electromagnetism	21UCPH31	Employability-Understand the basic concepts of electricity, magnetism the laws governing them. Understand the basics of em waves and its propagation	2021-2022
Laser Physics	21NCPH31	Employability- Learning the principles of lasers and applications with the basic knowledge of optics ensure them an opportunity in the field of Lasers	2021-2022
Atomic and Nuclear Physics	21UCPH51	Employability-Learning about nuclear interactions, detections , principle of reactors , analysis of spectral data and ensure them an opportunity in Nuclear reactors	2021-2022
Geo Physics	21UEPH51B	Employability-Acquiring the knowledge of geology and ensure them and opportunity in Geophysics	2021-2022
Recent trends in Physics	21UEPH51C	Employability-Gain knowledge in emerging fields of Physics and ensure them to lead a career in Research/Education	2021-2022

Biomedical Instrumentation	21UEPH52A	Employability-Acquiring the knowledge of transducers, Bio potential recorders, Diagnostic instruments and their applications ensures them an opportunity in the medical (diagnostic) field.	2021-2022
Physics and Elements of Cryst	21UEPH52C	Employability-Acquiring the knowledge of Astro Physics and ensure them and opportunity in the field	2021-2022
Solid State Physics	21UCPH63	Employability-Understand the structures, diffraction of crystals and to study the imperfections in it. Understand the dielectric , magnetic properties of matter and the phenomena of super conductivity	2021-2022
Opto Electronics	21UEPH61B	Employability-Understand fibre optic communication and ensure them an opportunity in the field of communication	2021-2022
Project	21UEPH62	Entrepreneurship- Provides an opportunity to develop an innovative and creative solutions to the issues/ problems / Projects with an individual approach which are essential for an entrepreneur	2021-2022
INORGANIC QUANTITATIVE ANALYSIS – I	21UCCH1P1	Skill Development - Development of skills towards the preparation of solutions with different concentrations.	2021-2022
ANALYSIS OF CARBOHYDRATES AND FATTY ACIDS	21UABC1P1	Skill Development in analyzing carbohydrates and properties of Fatty acids.	2021-2022
ORGANIC CHEMISTRY – I	21UCCH21	Employability- Focusing on understanding the concepts of organic chemistry useful for employability.	2021-2022
PREPARATION OF ORGANIC COMPOUNDS AND PHYSICAL CONSTANTS	21UCCH2P1	Skill development – To develop the abilities to prepare organic compounds	2021-2022
ANALYSIS OF AMINO ACIDS AND PROTEINS	21UABC2P1	Skill Development in analyzing Proteins and amino acids in a sample	2021-2022

QUANTITATIVE ANALYSIS AND PREPARATION OF INORGANIC COMPLEXES	21UCCH3P1	Skill development – To develop the abilities to prepare Inorganic complexes and estimation of metal ions in the solution.	2021-2022
INDUSTRIAL CHEMICAL PROCESSES	21USCH42	Employability – knowledge about the technology development in different chemical industries	2021-2022
INDUSTRIAL CHEMICAL ANALYSIS	21UCCH4P1	Skill Development and Employability-focuses on working with various instruments used for analysis of chemicals in industries	2021-2022
SPECTROSCOPY	21UCCH53	Employability - provides higher professional education for structural elucidation of unknown molecules	2021-2022
POLYMER CHEMISTRY	21UECH51A	Employability - understands the different aspects of polymers required for employment	2021-2022
INSTRUMENTAL METHODS OF ANALYSIS	21UECH52A	Employability - provides professional education on the component of instrumentations used for chemical analysis	2021-2022
PHYSICAL CHEMISTRY PRACTICAL	21UCCH5P1	Skill development and employability - provides higher professional education on electro-analytical techniques	2021-2022
GRAVIMETRIC ANALYSIS AND INORGANIC MIXTURE ANALYSIS	21UCCH5P2	Skill development - developing skills in precipitation techniques and analysis of Inorganic mixtures	2021-2022
DAIRY CHEMISTRY	21UECH61B	Employability - provides higher professional education on chemistry of milk and its products	2021-2022
PROJECT	21UECH62	Research Skill development & Focusing Employability and multiple career oriented skills	2021-2022

CHROMATOGRAPHY	21USCH61	Employability - provides higher professional on the separation of various chemical molecules	2021-2022
ORGANIC ANALYSIS AND PREPARATION	21UCCH6P1	Skill development and employability - provides higher professional on the analysis of organic molecules and its preparation	2021-2022
CHROMATOGRAPHY AND GREEN CHEMISTRY	21UCCH6P2	Skill development and employability - provides higher professional on the separation of various chemical molecules and preparation of organic molecules through eco- friendly processes	2021-2022
Food Chemistry	21UECH51C	Employability - gain the skills for the preservation of food products	2021-2022
Animal diversity I and II practical	21UCZO1P1	Skill development - develop abilities to setup Zoology practicals	2021-2022
Developmental Biology and Ecology and Evolution practical	21UCZO2P1	Skill development - develop abilities to setup Zoology practicals	2021-2022
Cell and Molecular biology practical	21UCZO3P1	Skill development - skill development studies related to cytological techniques.	2021-2022
Biochemistry practical	21UCZO4P1	Skill development - studies related to biochemical techniques.	2021-2022
Aquaculture	21UCZO53	Employability - provides higher vocational education for employability in Fish culture and processing industries	2021-2022
Applied Zoology	21UCZO63	Employability - provides higher vocational education for employability in applied field of zoology	2021-2022
Animal physiology, Genetics, Fundamentals of Biotechnology practical	21UCZO5P1	structural and physiological aspects of Human body,enhance the knowledge on tools of biotechnology	2021-2022
Immunology and microbiology and applied biotechnology practical	21UCZO6P1	Employability - understands the different aspects of hematological tests required for employability	2021-2022
Biostatistics and computer applications practical	21UCZO6P2	Employability - understands the different aspects of microbiological tests required for employability	2021-2022

project	21UEZO62	Skill Development in Research and focusing Employability like Entrepreneurship skills.	2021-2022
PHP	21UCCS43	Employability - Apply the concept of creating the dynamic web page using server side scripting language in recent trend	2021-2022
PHP Practical	21U CCS4P1	Employability - Apply the concept of creating the dynamic web page using server side scripting language in recent trend	2021-2022
Python Programming	21UACS41	Employability - Apply the concept of creating the dynamic web page in recent trend	2021-2022
Python Programming Practical	21UACS4P1	Employability - Apply the concept of creating the dynamic web page in recent trend	2021-2022
J2EE	21UCCS52	Employability - Apply the concept of platform dependent language using JSP in recent trend	2021-2022
J2EE Practical	21UCCS5P1	Employability - Apply the concept of platform dependent language using JSP in recent trend	2021-2022
ANDROID Programming	21UECS51B	Employability - Apply the concept of creating an own android application in recent trend	2021-2022
Artificial Intelligence	21UECS52B	Employability - Apply the various techniques of AI	2021-2022
Data Mining	21UECS61B	Employability – Learn and apply the data mining concept	2021-2022
Internet of Things	21USCS61	Employability - Create an own android application using the specified language	2021-2022

Operations Research	21UECS51C	Entrepreneurship - Gain a business knowledge in the corporate world.	2021-2022
Active Server Pages	21UCCS42	Skill development - Learn the concept of creating the dynamic web page in recent trend	2021-2022
Active Server Pages Practical	21UACS4P2	Skill development - Learn the concept of creating the dynamic web page in recent trend	2021-2022
Web Design	21UNCS41	Skill development - Learn the basic ideas for creating own application	2021-2022
Quantitative Aptitude	21UECS52A	Skill development - Apply the various techniques to achieve the competitive exam	2021-2022
C# Programming	21UCCS62	Skill development - Learn the basic concept of scripting language	2021-2022
C# Programming Practical	21UCCS6P1	Skill development - Learn the basic concept of scripting language	2021-2022
VB.Net	21UECS61C	Skill development - Learn the basic concept of web site application	2021-2022
Project	21UECS62	Skill development - Create an own application using the specified language	2021-2022
Introduction to Accounting	21UCCO11	Employability -To gain knowledge in preparing various accounts	2021-2022
Financial Accounting	21UCCO12	Employability -knowledge on accounting practices of different traders	2021-2022
Principles of Marketing	21UCCO21	Employability and skill development - to gain the practical skills in marketing	2021-2022
Entrepreneurial Development	21UCCO32	Employability - To motivate students become job provider	2021-2022

Modern Banking	21UCCO33	Skill Development - to understand modern technology application in bank	2021-2022
Advanced Accounting	21UCCO31	Employability - accountant	2021-2022
Office Management	21UECO61C	Skill Development - to impart the knowledge about secretarial practice.	2021-2022
Business Communication	21UCCO34	Skill Development - Communication skill, Its help the students to write various letters to suit various business concern	2021-2022
Human Resource Management	21UCCO42	Skill Development - to acquire the knowledge about HRM	2021-2022
Company Law	21UCCO43	Skill Development - to manage the practical application in companies	2021-2022
Import Export Procedure	21UCCO44	Employability - to gain knowledge regarding import and export business	2021-2022
Corporate Accounting	21UCCO51	Employability Accountant, To help the students to solve accounting issues of a company	2021-2022
Cost Accounting	21UCCO52	Employability, skill ,development,Preparation of cost sheet,Cost Accountant	2021-2022
Management Accounting	21UCCO61	Employability - Financial Analyst, to help students to apply the techniques of management accounting in business situation	2021-2022
Auditing	21UECO5A	Skill Development - verification of assets and liabilities, internal auditor	2021-2022
Indirect taxes	21UCCO62	Employability - to understand the provisions of GST and , customs act,	2021-2022
Tally ERP 9	21UECO61A	Employability - Accountant in different enterprises	2021-2022

Logistics Management	21UECO52C	Employability - Its provides Basic employability opportunity on EXIM Industries	2021-2022
Advertising	21USCO51	Employability - This course generates employability opportunities in the field of marketing products	2021-2022
NAATTAR VAZHAKAATIYAL	21UATA11	Entrepreneurship-Unit-5 KAIVINAIKALAIKAL	2021-2022
KANINI TAMIZHUM INAIYAMUM	21USIC31	Employability-Unit-2 KANINIYIL KURIYIITTU MURAIKAL MICROSOFT,GOOGLE	2021-2022
POTTITHERVU OOR ARIMUGAM		Employability-Unit - 2 SANTHIPILAIKAL Unit-3 THIRUKURAL;	2021-2022
NAATUPPURAVIYAL	21UNTA31	Entrepreneurship - Unit - 4 NAATTUPPURA MARUTHTHUVAM	2021-2022
PAYANA ILAKKIYAM	21UNTA41	Employability-Unit-1 PAYANA ANUPAVANGAL	2021-2022
SUTTULAAVIYAL	21UETA51B	Employability-Unit-1 SUTRULAAVUM ATHAN VAGAICALUM;	2021-2022
NAADAKAVIYAL	21UETA51C	Employability-3 NAADAGA VAKAIKAL	2021-2022
MENTHIRAN VALARTHTHAL	21UETA52A	Employability-Unit-2 KURIKKOOL NIRAIIVERUTHAL THITTAMIDUM THIRAN	2021-2022
VILAMPARAMUM NUGARVOR PAYANPADUM	21UETA61A	Employability-Unit-4 NUKARVOOR URIMAIKAL;	2021-2022
OODAKAKKALAI	21UETA61B	Employability-Unit- MINNANU OODAKANGAL	2021-2022
Project	21UETA61	Skill Development	2021-2022

Basic Grammar and Translation I	21ULAR11	Skill development The course teaches the basics of Arabic grammar and translation.	2021-2022
Grammar - I	21UCAR11	Skill development - The course focuses basics of Arabic grammar	2021-2022
Morphology	21UCAR12	Skill development - This course teaches the terminology of Arabic grammar.	2021-2022
Basic Grammar and Translation II	21ULAR21	Skill development The course teaches the basics of Arabic grammar and translation.	2021-2022
Grammatical Syntax OF Arabic	21UCAR22	Skill development - development The course focuses on language skills such as listening, speaking, reading and writing and the basics of Arabic grammar	2021-2022
Grammar - II	21UCAR21	Skill development - The course focuses and teaches the students second level of Arabic grammar.	2021-2022
Grammar - III	21UCAR31	Skill development -The course focuses and teaches the students advanced level of Arabic grammar.	2021-2022
Fundamentals of Arabic-I	21UNAR31	Skill development - This course enhances the communication skill in modern Arabic language.	2021-2022
Grammar-IV	21UCAR41	Skill development -The course focuses and teaches the students advanced level of Arabic grammar.	2021-2022
Fundamentals of Arabic-I!	21UNAR41	Skill development - This course enhances the communication skill in modern Arabic language.	2021-2022
Essay writing in Arabic	21USAR51	Skill development - This course enhances the students to write essays in various topic in Arabic.	2021-2022
Rhetoric	21UCAR54	Skill development - The course teaches different of forms of expressions in Arabic language.	2021-2022

Project	21UEAR62	Skill development The students will be able to update their knowledge in core areas by analysing literary texts critically.	2021-2022
Arabic Typewriting	21USAR42	Employability - The course teaches to enhance the skills of Arabic typewriting. Also, it prepares students to gain placements.	2021-2022
Commercial and communicative Arabic	21USAR61	Employability - The course teaches to enhance the skills of commercial Arabic. Also, it prepares students to gain placements.	2021-2022
Computer Literacy with Arabic	21USIC31	Employability - The course teaches the computer skills in Arabic. Also, it prepares students to gain placements.	2021-2022
Communication skill	21UCAR55	Employability - The course teaches to enhance the skills of commercial Arabic. Also, it prepares students to gain placements.	2021-2022
Spoken Arabic	21USSS41	Employability - The course teaches to enhance the listening and speaking in Arabic. Also, it prepares students to gain placements.	2021-2022
Business Economics	21UAEH11	Skill Development: It can inculcate Decision Making and Management skill.	2021-2022
Business Mathematics	21UAEC31	Skill Development: It can promote the ability of Mathematical reasoning.	2021-2022
Business Statistics	21UAEC41	Skill Development: Data Collection, Processing, Analytical skill and usage of Statistical skill among the students.	2021-2022
Tourism Economics	21UAEH31	Employability: It can create employment opportunity in the field of tourist guide and facilitators.	2021-2022
Labour Economics	21UAEH41	Employability: It can create employment opportunities in various sectors.	2021-2022

State and Society in India Up to 712.A. D	21PCHS11	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
History of Tamil Nadu up to 1336 AD	21PCHS12	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
Archaeology-Theory and its Methods	21PHS11A	Develop knowledge and skill in the profession of Archaeology	2021-2022
Epigraphy	21PEHS11C	Develop knowledge and skill in the profession of Archaeology	2021-2022
State and Society in India- 1206-1526.A. D	21PCHS21	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
History of Tamil Nadu 1336- 1947.A.D	21PCHS22	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
National Movement In India 1885 A.D-1947 A.D	21PCHS24	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
History of India 1526- 1757 A. D	21PCHS31	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
Archives keeping	21PEHS21A	To develop skill related to collection ,preservation and maintenance of Archival Documents	2021-2022
The Dravidian Movement upto 2000AD	21PCHS32	Help to prepare TNPSC, UPSC, NET, SET and other competitive Examinations	2021-2022
Museology	21PEHS31A	To enhance knowledge and skill on Museum management	2021-2022

Heritage Studies	21PEHS31B	Develop knowledge and skill in Heritage management and preservation.	2021-2022
Historical Methods And Research Methodology	21PCHS34	To familiarise the theories and practices of Historical writing	2021-2022
IndianHistoryForThe CompetitiveExamination(1526-1757)	21PIHS11	Help to prepareTNPSC,UPSC,NET,SETand othercompetitive Examinations	2021-2022
IndianHistoryForThe CompetitiveExamination(1707-1947)	21PIHS31	Help to prepareTNPSC,UPSC,NET,SETand othercompetitive Examinations	2021-2022
Post-Independence India Upto 1999	21PCHS41	Help to prepareTNPSC,UPSC,NET,SETand othercompetitive Examinations	2021-2022
Intellectual History of Modern India	21PCHS43	Help to prepareTNPSC,UPSC,NET,SETand othercompetitive Examinations	2021-2022
Constitutional History of India	21PEHS41C	Help to prepareTNPSC,UPSC,NET,SETand othercompetitive Examinations	2021-2022
Applied Costing	21PCCO11	Employability - Cost Accountant in different business enterprises	2021-2022
Quantitative Technique and Operation Research	21PCCO12	Employability, skill development, using imaginary data for statistical analysis	2021-2022
Accounting For Management	21PCCO21	Employability - Accountant, the students to apply the same in business for managerial decision making	2021-2022
Advannced Financial Management	21PCCO22	Financial analyst,Entrepreneur	2021-2022

Service Marketing	21PCCO23	Entrepreneur - to acquire in depth knowledge about service marketing technique	2021-2022
Securities Analysis and Portfolio Management	21PCCO24	Skill Development - To familiarize the students with the fundamental and technical analysis of the diverse investment avenues various investment and avenues	2021-2022
Organisational Behaviour	21PCCO24	Skill development - the students gain knowledge relating to overall development of the organisation	2021-2022
Retail Management	21PECO1A	Entrepreneur - to explore the functionalities in the retail management	2021-2022
Logistics Management	21PECO2A	Skill Development - understand the logistic management	2021-2022
Mathematical Methods	21UCEC22	Skill Development: Mathematical Methods: It can develop skill of critical thinking, problem solving, analytical thinking and quantitative reasoning among students.	2021-2022
Economics for Competitive	21UNEC41	Employability: This course provides a rounded, rigorous education in economics which is valuable for a wide range of career path especially to crack various competitive examinations.	2021-2022
Insurance	21UEEC51A	Employability: Knowledge of Insurance helps the students to find positions in insurance, personal loans, mortgages, collections and back office operations which are generally vacant and offer job opportunities for all	2021-2022
Capital Market	21UEEC51B	Employability: This course has the potential to create employment opportunities in the field of Capital Market from an entry-level position like Equity Advisor or Relationship Manager or Portfolio Manager to the setting	2021-2022
Entrepreneurial Development	21UEEC52A	By studying entrepreneurship and innovation, a student can learn the underlying principles of starting business, avoid common pitfalls, pitch ideas more effectively, develop a solid business model and set themselves up for	2021-2022

Econometrics	21UEEC52B	Skill Development: It will equip the students with state-of-the-art data analysis skills that examine the way in which economists construct and use mathematical and statistical models for forecasting and	2021-2022
Managerial Economics	21USEC51	Skill Development: Study of Managerial Economics helps in enhancement of analytical skills, assists in rational configuration as well as solution of problems.	2021-2022
Project	21UEEC61	Employability: When students engage in project based learning, they often get the chance to work on collaborative projects, where they work interdependently to solve problems and can	2021-2022
Web Designing Tools Practicals	21UAIT2P1	Skill Developmentb - Exposure about Web Design	2021-2022
Java Script	21UCIT43	skill development - Create an application development tools	2021-2022
Document Creation Tools	21UNIT41	Skill Development - Exposure about CorelDraw, Page Maker	2021-2022
Cloud Computing	21UEIT52A	Skill Development - Develop Cloud related knowledge	2021-2022
Virtual Reality	21UEIT52C	Skill Development - Exposure about 3D	2021-2022
Web Development with jquery	21USIC31	Employability - JQuery Programmer	2021-2022
PYTHON Programming	21UCIT42	Employability - Python Programmer	2021-2022

PYTHON Programming Practicals	21UCIT4P2	Employability - Python Programmer	2021-2022
DOT Net Programming	21UCIT52	Employability - Dot Net Programmer	2021-2022
Artificial Intelligence	21UEIT51A	Employability - Jobs in Electronic Gadget Desinging	2021-2022
Robotics	21UEIT51B	Employability - Jobs in Robot making	2021-2022
Mobile Application Development	21UCIT61	Employability - Android App Developer Job	2021-2022
PHP Programming	21UCIT62	Employability - PHP Programmer	2021-2022
Mobile Application Development Practicals	21UCIT6P1	Employability - Android App	2021-2022
Internet Of Things	21UEIT52B	Employability - Device making companies	2021-2022
Desktop Publishing	21UAIT31	Entrepreneurship – Start a Small Scale business,Graphics Designer	2021-2022
Desktop Publishing Practicals	21UAIT3P1	Entrepreneurship – Start a Small Scale business,Graphics Designer	2021-2022
Photo Editing Tool	21UNIT31	Entrepreneurship – Phot Editing and Designer	2021-2022
Principles of Programming in C	21UCCA11	skill development- learning C programming language as skill set, an individual can fit into any domain whether it can be banking, networking, IT, education, management, etc.	2021-2022
Office Automation	21UACA11	Entrepreneurship-Office automation systems help in optimizing the existing office procedures by saving time, money and human efforts.	2021-2022

Principles of Programming in C Practical	21UCCA1P1	Skill development- will gain knowledge about the basics of C programming language	2021-2022
Office Automation Practical	21UACA1P1	skill development - Learn to write documents, take notes, create spreadsheets, and more.	2021-2022
C++ Programming	21UCCA21	skill development- learning C++ is ease for developing games, Networking and IoT fields.	2021-2022
Data Structures and algorithms	21UCCA22	skill development-having good knowledge of Algorithms and Data Structures has a prospering career in the IT industry	2021-2022
C++ Programming - Practical	21UCCA2P1	skill development - learning C++ is ease for developing games, real-time systems, and applications ..	2021-2022
JAVA Programming	21UCCA32	world's most prominent web sites, including eBay.com, LinkedIn.com, Amazon.com, and Facebook.com, it is excellent for developing enterprise applications in virtually any industry, including financial services,	2021-2022
Operating Systems	21UCCA31	skill development- Understanding how compilers work, how to compile code for different operating systems	2021-2022
RDMBS With Oracle	21UCCA33	employability- it creates a Career path/Goal such as SQL Developer	2021-2022
Java Programming Practical	21UCCA3P1	skill development- learn to develop real time applications	2021-2022
RDMBS With Oracle Practical	21UACA3P2	Skill development: Students will be able to engage with Database Foundations	2021-2022
GUI Programming	21UACA31	skill development- learning GUI programming language helps the user to create small applications.	2021-2022

GUI Programming Practical	21UACA3P1	skill development-learn to develop real time applications	2021-2022
Computer Networks	21UCCA41	skill development - learning networks provides opportunities such as security issues and optimization	2021-2022
Web designing using HTML and CSS	21UACA41	Skill development Learn how to create web documents using HTML and CSS.	2021-2022
Web Designing using html and CSS Practical	21UACA4P1	Employability- gain practical knowledge on Internet and web design	2021-2022
Introduction to internet and HTML	21UNCA41	Entrepreneurship- learn to create the design and layout of a website or web pages,	2021-2022
Computer Graphics	21UCCA52	skill development - Graphic Arts make the students to design software programs, video games, advertisements and special effects for websites.	2021-2022
Software Engineering	21UCCA51	skill development Expose project planning, analysis of software project, understand the quality concepts for ensuring the functionality of the software to satisfy the regional needs	2021-2022
Computer Graphics using C++ Practical	21UCCA5P1	Skill development: Can Learn the concepts of line drawing algorithms,clipping and transformation of objects.	2021-2022
C)E-Commerce Technologies	21UECA52C	Skill development- understanding of the various concepts such as social media, mobile technology, web analytics, search engine optimization, viral advertising.	2021-2022
a)Project	21UECA62	Entrepreneurship- Provides the knowledge about how to solve the most complex issues in a specific domain. Develop the procedure for initiation, Planning, coding generation, spotting errors and execution.	2021-2022

Digital Computer Fundamentals	21UCCA12	implementation and application principles of digital electronics, devices and integrated circuits and learn the principles systems organization, issues in computer system design.	2021-2022
Multimedia Tools	21UACA21	Entrepreneurship- provides the knowledge and experience need to design and build animations for use on Web pages, in presentations, and as stand-alone movies.	2021-2022
Digital Computer Fundamentals	21UCCA12	implementation and application principles of digital electronics, devices and integrated circuits and learn the principles systems organization, issues in computer system design.	2021-2022
Multimedia Tools -Practical	21UACA2P1	skill development - - provides the knowledge and experience need to design and build animations for use on Web pages, in presentations, and as stand-alone movies.	2021-2022
ASP. NET	21UCCA42	Employability- asp.net is used to develop creative applications and designing websites.	2021-2022
ASP.NET Practical	21UCCA4P1	Skill development: Students can able develop web applications.	2021-2022
Logical Reasoning	21USCA42	Skill development Can able to increase the speed of solving problems	2021-2022
PHP With MYSQL	21UCCA62	Skill Development- able to install and maintain the web server, compiles, and run a simple web application.	2021-2022
Data Mining and Data warehousing	21UCCA61	Employability Can able to analyse data used in research, mine data, model relationships,	2021-2022
PHP With MYSQL Practical	21UCCA6P1	Employability- provides the knowledge necessary to design and develop dynamic, database-driven web pages using PHP that powers many websites.	2021-2022

Introduction to Photo Editing	21UNCA31	Entrepreneurship: able to learn editing, designing, graphics, and creation of images.	2021-2022
Python Programming	21UCCA53	Employability: can be used in web development and app development .	2021-2022
Python Programming Practical	21UCCA5P2	Skill development Students will develop problem solving and programming capability.	2021-2022
a)Mobile Computing	21UECA51A	Skill development Students will develop problem solving and programming capability.	2021-2022
MONGODB programming	21UCCA63	Skill Development: learn how to run queries against a MongoDB instance in order to store, manipulate, and retrieve data on it.	2021-2022
MONGODB Programming Practical	21UCCA6P2	Employability:learn the concepts of data modeling, ingestion, query, sharding, and data replication with MongoDB.	2021-2022
Linux Programming	21UCCA43	Skill development- linux helps to understand OS level programming.	2021-2022
Linux Programming practical	21UCCA4P2	Skill development-learn the fundamental ideas behind the open source operating system, Linux helps to understand OS level programming.	2021-2022
b)Cloud computing	21UECA51B	Entrepreneurship: This has enabled users to work from anywhere as long as there is a connection established.	2021-2022
c)Big Data Analytics	21UECA51C	Employability: Big data analytics has emerged as a leading disruptor in most sectors, there has been an increase in the demand for big data experts among other analytics professionals.	2021-2022
A)Network Security	21UECA52A	Employability:Can able to test for, track, and resolve threats including malfunctions and attacks. Able to administer firewalls, routers, virtual private networks (VPNs), and other security tools	2021-2022

B)Introduction to Block Chain Technology	21UECA52B	Employability blockchain technology is used to build a host of different products and services, such as apps and smart contracts.	2021-2022
A)IOT Design and applications	21UECA61A	Entrepreneurship- Will learn the interfacing of different sensors, actuators to these development boards.	2021-2022
B)R Programming with data science	21UECA61B	Employability It is software environment used for statistical computing and graphics. It is widely used among data miners for data analysis.	2021-2022
C)Artificial Intelligence & Machine Learning	21UECA61C	Employability To develop an understanding of AI and associated domains such as machine learning and data science and their business applications.	2021-2022
Software Engineering	21UCCA51	Skill development: earn the test management techniques and risk analysis involved in software testing.	2021-2022
Entrepreneur in Microbiology	21UAMB21	Skill Development/Employability/Entrepreneurship- microbial product productions	2021-2022
Core Microbiology Practical I	21UCMB1P1	Skill Development/Employability- develop basic skill on microorganism characterization	2021-2022
Techniques in Aquatic Microbiology	21UAMB1P1	Skill Development/Employability- develop basic skills on water analysis	2021-2022
Core Microbiology Practical II	21UAMB2P1	Skill Development/Employability-Microbial characterization	2021-2022
Techniques in Entrepreneur Microbiology	21UAMB2P1	Skill Development/Employability/Entrepreneurship- microbial product productions	2021-2022
Environmental Microbiology	21UCMB31	Skill Development- The course trains students to get an opportunity in environment related jobs	2021-2022

Core Microbiology practical III	21UCMB3P1	Skill Development/Employability The course trains students to get an opportunity in environment related jobs	2021-2022
Techniques in Bioinstrumentation	21UAMB3P1	Skill Development/Employability The course develops skills on the separation of Biomolecules, and makes interest to do research	2021-2022
Vermiculture and Mushroom technology	21UNMB31	Entrepreneurship The course elicit interest to start small scale vermicompost unit and mushroom production unit	2021-2022
Food Processing and Quality Control	21UMBS51	Skill Development- The course develops skill on checking the quality of food	2021-2022
Pharmaceutical Microbiology and quality assurance	21UAMB41	Employability	2021-2022
Core Microbiology Practical IV	21UCMB4P1	Skill Development/Employability The course develops skills on the analysis of molcules and gives an opportunity in the field of biotechnology	2021-2022
Techniques in Pharmacetial Microbiology	21UAMB4P1	Skill Development/Employability The course provides skills to analysis pharmaceutical products and job opportunity in pharmaceutical field	2021-2022
Aquaculture ana Apiculture	21UNMB41	Entrepreneurship The course provokes interest to make aquafarm	2021-2022
Immunology	21UCMB51	Skill Development- Immunological techniques	2021-2022
Food and Dairy Microbiology	21UCMB53	Employability- The course gives an opportunity in food and dairy industry	2021-2022
Genetic Engineering	21UEMB52	Employability- The course focuses on molecular laboratory jobs in different fields.	2021-2022

Core Microbiology Practical V	21UCMB5P1	Skill Development/Employability The course focuses to develop skills on the immunological techniques and students can get opportunity in clinical laboratory	2021-2022
Core Microbiology Practical VI	21UCMB5P2	Skill Development/Employability the course focuses on food and dairy industry related jobs	2021-2022
Medical Microbiology	21UCMB61	Skill Development The course provides skills on identification of pathogen, treatment and preventive measures of various infectious diseases and pavement for the job opportunity in medical field	2021-2022
Industrial Microbiology	21UCMB62	Employability The course develops skills on the fermentation technology and gives job opportunity in the fields of microbial product production industry and biofertilizer and biopesticide industry	2021-2022
Bioinformatics	21UEMB61	Skill development - sequence analysis	2021-2022
Project	21UEMB62	Skill Development/Employability/Entrepreneurship	2021-2022
Core Microbiology Practical VII	21UCMB6P1	Skill Development/Employability The course develops skills on the infectious agent of diseases, preventive measures, diagnosis and treatment	2021-2022
Core Microbiology Practical VIII	21UCMB6P2	Skill Development/Employability- The course provides knowledge on plant pathogen, diseases diagnosis and preventive measures thus it opens an opportunity in the field of agriculture	2021-2022
Aquatic Microbiology	21UAMB11	Skill Development- water analysis	2021-2022
Veterinary Microbiology	21UEMB1A	Skill Development - veterinary disease diagnosis	2021-2022
Herbal Technology	21UEMB3A	Skill Development - herbal compound analysis	2021-2022

Plant Pathology and Disease Management	21UEMB2A	Skill Development/Employability- plant disease diagnosis and treatment	2021-2022
Public health Microbiology	21UEMB3C	Skill Development	2021-2022
Biostatistics	21UEMB2C	Skill Development- The course provides skills on the analysis of research data accuracy.	2021-2022
Food science & Human Development practical's	21UCND1P1	SKILL DEVELOPMENT - Stages of growth and development in human life	2021-2022
Human Physiology I practical's	21UAND1P1	SKILL DEVELOPMENT - Identification of blood group and haemoglobin	2021-2022
Principles of nutrition & Food chemistry practical's	21UCND2P1	SKILL DEVELOPMENT - IDENTIFYING THE CHEMISTRY OF FOOD AND HOW IT IS APPLIED TO FOOD AND COOKERY	2021-2022
Human Physiology II practical's	21UAND2P1	SKILL DEVELOPMENT - Gain knowledge in various organs and mechanism of the body	2021-2022
Nutrition through life span practical's	21UCND3P1	SKILL DEVELOPMENT - Planning menu based on RDA for different age groups	2021-2022
Baking and confectionery practical's	21UAND3P1	SKILL DEVELOPMENT - Developing skills in the field of Baking products	2021-2022
Medical nutrition therapy practical's	21UCND4P1	SKILL DEVELOPMENT - DEVELOPING SKILLS IN THE FIELD OF PLANNING DIET FOR VARIOUS AILMENTS PREPARING AND SERVING	2021-2022
Food Microbiology practicals	21UAND4P1	SKILL DEVELOPMENT - types of food spoilage and the various methods of preseving foods.	2021-2022

Food Service management & Housing and Interior design practical's	21UCND5P1	SKILL DEVELOPMENT - food quality managements and standards	2021-2022
Food preservation practical's	21UCND5P2	SKILL DEVELOPMENT - Gain knowledge in extending the shelf life of the products	2021-2022
Clinical biochemistry practicals	21UCND6P1	SKILL DEVELOPMENT - Developing skill in analyzing the urine and blood samples	2021-2022
Community nutrition & Extension education , Food Safety & Quality control practicals	21UCND6P2	SKILL DEVELOPMENT - Creating awareness and imparting nutrition education to the target group	2021-2022
PROJECT	21UEND62	SKILL DEVELOPMENT - POTENTIAL AREAS OF RESEARCH IN FOOD AND NUTRITION TO IMPROVE HEALTH AND FITNESS	2021-2022
Baking and confectionery	21UAND31	ENTREPRENEUSHIP - HOME BAKING BUSINESS,SALES OF COOKIES AND CAKES THROUGH ONLINE OR TO LOCAL BAKE SHOPS	2021-2022
FOOD PRODUCT DEVELOPMENT	21UEND52B	ENTREPRENEURSHIP - CREATING AND POPULARING NEW FOOD PRODUCTS FOCUSING ON HEALTH AND FITNESS	2021-2022
POST HARVEST TECHNOLOGY	21UEND51C	ENTREPRENEURSHIP - APPLYING POST HARVEST TECHNOLOGY TO HARVESTED FRUITS AND VEGETABLES TO MAINTAIN QUALITY	2021-2022
ENTERPRENEURSHIP DEVEPOMENT	21UEND61C	ENTREPRENEURSHIP - BRING CHANGES IN THE PROCESS OF FOOD PRODUCTION,INNOVATION AND USAGE OF FOOD PRODUCTS	2021-2022

Introduction to textiles	21UEND52A	ENTREPRENEURSHIP - Start a Garment unit and apply different embroidery stitches	2021-2022
Medical laboratory techniques	21UEND51B	EMPLOYABILITY - Eligible to get a job in clinical labs	2021-2022
Hospital Dietetic Counselling	21UEND52C	EMPLOYABILITY - Eligible to get a job in hospitals for diet counselling	2021-2022
Women's Health & Nutrition	21UEND61B	EMPLOYABILITY - Nutritionists in women GYM and health care units.	2021-2022
Introduction to accounting	21UCCF11	Employability - To gain knowledge in preparing various accounts	2021-2022
Financial accounting	21UCCF21	Employability - knowledge on accounting practices of different traders	2021-2022
Advanced Accounting	21UCCF31	Employability - accountant	2021-2022
entrepreneurial Development	21UCCF32	Entrepreneurship: To accure knowledge on starting a New Business concern	2021-2022
Business Communication	21UCCF34	Skill Development - Communication skill, Its help the students to write various letters to suit various business concern	2021-2022
Modern Banking	21UCCF33	Skill Development - Banking Skills, Collection and filling of different forms in banking sector	2021-2022
Cost Accounting	21UCCF52	Employability, skill development, preparation of cost sheet, Cost Accountant	2021-2022
Corporate Accounting	21UCCF51	Employability Accountant, To help the students to solve accounting issues of a company	2021-2022

business law	21UCCF53	Skill Development - To enable the students to learn the fundamental of laws relating to contract and special contract	2021-2022
Income Tax Law and Practise	21UCCF54	Employability, skill development, entrepreneurship, filling of returns	2021-2022
Auditing	21UECF51A	Employability - verification of assets and liabilities, internal auditor	2021-2022
Management Accounting	21UCCF61	Employability - Financial Analyst, to help students to apply the techniques of management accounting in business situation	2021-2022
Indirect taxes	21UCCF62	Employability - to the understand the provisions of GST and , customs act,	2021-2022
Tally ERP 9	21UECF61A	Skill Development - skill to work with stock verification, balance sheet of company	2021-2022
Financial Accounting	21UCCF21	Employability-The Graduates learn the basic principles of Accounting and also apply it in an organisation	2021-2022
Organizational Behaviour	21UCBA21	Entrepreneurship-The Graduates understand how to manage people in an organisation	2021-2022
Cost and Management Accounting	21UABA21	Employability-The graduates learn acquire the cost and managerial accounting knowledge to run a business successfully.	2021-2022
Business Research Methods	21UCBA31	Entrepreneurship-The graduates gain knowledge about research tools which helps in solving a problem	2021-2022

Management Information System	21UABA31	Employability- As a Budding manager of Entrepreneur, the graduates learn the importance of managerial information systems in developing critical decision making skills.	2021-2022
Management Principles and Behavior	21UNBA31	Employability-It helps to enhance the basic skills required for a manager.	2021-2022
Logistics Management	21UCBA42	Entrepreneurship-The graduates acquire knowledge about supply chain management to enhance the business effectively	2021-2022
Business Environment	21UABA41	Entrepreneurship-The Graduates acquiring knowledge about the environmental factors that affect an organization.	2021-2022
SEC-III Soft Skills	21USSS41	Employability-The Graduates develop the interpersonal skills for personal and professional growth.	2021-2022
Office Management	21UNBA41	Employability-The Graduates acquire Knowledge about maintaining documents in an effective way.	2021-2022
E-Commerce	21UCBA52	Entrepreneurship-The Graduates develop the skills about doing a business through electronic ways.	2021-2022
Entrepreneurial Development	21UCBA53	Entrepreneurship-The Budding entrepreneurs acquires the required entrepreneurial skills to start different forms of business opportunity.	2021-2022

Total Quality Management	21UCBA54	Employability-As a Budding manager it is imperative to gain knowledge about continuous process improvement for producing products/services of good quality.	2021-2022
Financial Services	21UEBA51A	Employability-The Graduates acquire knowledge about financial services available in the market.	2021-2022
Modern Banking	21UEBA51B	Employability-The Graduates understand the evolution of banking practices.	2021-2022
Investment Analysis	21UEBA51C	Entrepreneurship-The Graduates learn the nuances of utilising the funds in an effective way.	2021-2022
Integrated Marketing Communication	21UEBA52A	Entrepreneurship-the Graduates gain knowledge about the usage of promotional tools to promote a product/services effectively	2021-2022
Retail Management	21UEBA52B	Entrepreneurship-As a manager, the graduates understand the basic concepts of Retailing and it`s types.	2021-2022
Brand Management	21USBA51	Entrepreneurship-The Graduates learn the art of Branding and creating a Brand image to an Organisation.	2021-2022
Creative writing	21PEEN11B	Skill Development(Creative writing skills help students apply their imagination and skills with what they have learned.)	2021-2022
Research Methodology	21PCEN34	Skill Development(The paper research methodology helps students apply and convert their theoretical knowledge into practical one.)	2021-2022

Project	21PPEN41	Skill Development(Project gives a straight away practical experience to students in terms of application of knowledge)	2021-2022
Travel Literature	21PEEN21B	Skill Development(The wanderlusts through books are many. This paper is a food for thought for the travel lovers.)	2021-2022
World Classics in Translation	21PEEN31A	This paper entices students about the importance of translation. Further, this paper introduces the best translated literary pieces.	2021-2022
Grammar and Art of Writing	21PEEN31C	Skill Development(The modern grammar is taught to students so as to help them communicate with flawless English.)	2021-2022
English Language Teaching	21PEEN31B	Skill Development(ELT is one of the most prolific skills that is the gateway for many job openings and sustainability. Students learn the art of learning and teaching through the paper.)	2021-2022
Film Studies	21PEEN11C	Employability(An emerging area of study sheds light on the way films are watched. This paper changes the perspectives people have of cinema.)	2021-2022
Soft Skills	21PIEN11	Employability(The need of the hour, soft skills increase the chances of employment opportunities.)	2021-2022
Translation Studies	21PEEN21C	Employability(An all time important subject or area. The art and nuances of translation are taught through this paper)	2021-2022
English for Business Communication	21PIEN31A	Employability	2021-2022
Linguistics for Advanced Learners	21PEEN41A	Employability(Linguistics throws light on the theoretical aspects of language learning.)	2021-2022

Journalism and Media Studies	21PEEN41B	Entrepreneurship(With English skills, learners attract employment opportunity in journalism and media.)	2021-2022
MOOC NPTEL course	21PSMA21	Employability-This programme involves weekly assignments and certificate earned will help in campus placement interview. Also it helps in getting internship in industries	2021-2022
Optimization Technique	21PCMA34	useful for employability like constructing traffic lights, cross roads etc. The application of Operational Research in Queuing theory are traffic flow (like people, communication), scheduling and facility design like post office,	2021-2022
Mathematical Statistics	21PEMA31A	Employability-Mathematical Statistics is to develop solution in practical problem. Applying statistical Analysis of a variety of experimental and observational studies. Solve statistical problem using computational tools	2021-2022
Optimization Technique in Java Programming	21PCMA3P1	Skill Development-This paper is used in server apps at the financial service industries, big data technology and software tools etc.	2021-2022
Functional Analysis	21PCMA42	entrepreneurship-Functional analysis is useful for real life which can be built into barcode, scanner, electron microscope etc. We find applications of functional analysis by optimization technique in operation research.	2021-2022
R- Programming	21PCMA43	Employability-This paper will make students exercise the fundamentals of statistical analysis in R-environment. they would be able to analyse data for the purpose of exploration using descriptors and inferential statistics.	2021-2022
Project	21PCMAP41	Skill Development-It can develop student knowledge and power. They can learn time management.	2021-2022
B - Numerical Analysis	21PEMA41B	Entrepreneurship -Numerical Analysis are commonly used for solving mathematical problems that are formulated in Science and Engineering where it is difficult or impossible to obtain exact solution.	2021-2022

R-Programming practical	21PCMA4P1	students to gain much needed knowledge, so as to prepare them for the advance modules. R-programming is user friendly and Students will understand probability and sampling distributions and learn the creative application	2021-2022
Advanced Electronics	21PEPH11A	Employability - Employability in electronic industries	2021-2022
Python Programming	21PEPH11B	Employability - Employability in IT industry.	2021-2022
General Physics Practicals I	21PCPH1P1	Skill development - Skills to handle sophisticated equipment. Employability in teaching, research & industry	2021-2022
Advanced Electronics Practicals I	21PCPH1P2	Skill development - Training in Advanced Laboratory Physics.	2021-2022
Advanced Microprocessors and Microcontroller	21PEPH21A	Employability - Employability in electronic industries .	2021-2022
General Physics Practicals II	21PCPH2P1	Skill development - Skills to handle sophisticated equipment.	2021-2022
Advanced Electronics Practicals II	21PCPH2P2	Skill development - Training in Advanced Laboratory Physics.	2021-2022
Research Methodology	21PCPH33	Skill Development - develop skills in Research Tools , and to enhance the research activities particularly in physics	2021-2022
Advanced Physics Practicals I	21PCPH3P1	Skill development -Training in Advanced Laboratory Physics	2021-2022
Microprocessor and Microcontroller - Practicals	21PCPH3P2	Skill development - Skills to handle microprocessor kit	2021-2022
Project	21PPPH41	skill development - Research & Analytical skill.	2021-2022
Advanced Physics Practicals II	21PCPH4P1	Skill development - Training in Advanced Laboratory Physics.	2021-2022

Numerical methods and C++ Programming in Physics	21PCPH4P2	Skill development - develop Skills in computational methods.	2021-2022
Energy Physics	21PIPH31	Entrepreneurship - Understanding more about various energy sources and Entrepreneurship in energy sector	2021-2022
Photochemistry	21PECH11A	Employability- Understands the basics of semiconductors and nanophotonics.	2021-2022
Medicinal Chemistry	21PECH11B	Entrepreneurship- Gains knowledge on drug designing and modeling.	2021-2022
Chemistry of Corrosion	21PECH11C	Employability- Develops knowledge on prevention of corrosion.	2021-2022
Inorganic Chemistry Practical- I	21PCCH1P1	Skill Development- Acquires the skill of estimating and analyzing metals.	2021-2022
Physical Chemistry Practical-I	21PCCH1P2	Skill Development- Focuses on the skill of handling instruments.	2021-2022
Analytical Chemistry	21PECH21A	Skill Development- Understands the principles and working of instruments.	2021-2022
Material Chemistry	21PECH21B	Employability- Imparts knowledge on material characterization using different techniques.	2021-2022
Forensic Chemistry	21PECH21C	Employability- Explore the ideas of forensic analysis.	2021-2022
Organic Chemistry Practical- I	21PCCH2P1	Skill Development- Learn the skill of preparation and separating compounds.	2021-2022
Analytical Chemistry Practical	21PCCH2P2	Skill Development- Acquire the skill of handling Flame photometer, UV-Visible spectrometer and Turbidimeter.	2021-2022
Research Methodology	21PCCH33	Skill Development- Obtain the skill of writing research articles and papers.	2021-2022

Spectroscopy	21PECH31A	Skill Development- Procure the skill of interpretation of spectra.	2021-2022
Chemistry of Milk	21PECH31B	Skill Development- Attain the skill of testing milk and milk products.	2021-2022
Agricultural Chemistry	21PECH31C	Entrepreneurship- Understand the soil structure and plant growth.	2021-2022
Organic Chemistry Practical- II	21PCCH3P1	Skill Development- Achieve the skill of extracting and purifying natural compounds.	2021-2022
Physical Chemistry Practical- II	21PCCH3P2	Skill Development- Procure the skill of conductometric, potentiometric experiments and statistical analysis.	2021-2022
Project	21PPCH41	Skill Development- Develop problem solving skill.	2021-2022
Advanced Topics in Chemistry	21PECH41A	Employability- Study about nano, green and supramolecular chemistry.	2021-2022
Food Chemistry	21PECH41B	Employability- Analyze the food samples.	2021-2022
Polymer Science	21PECH41C	Entrepreneurship- Explore the idea about polymers.	2021-2022
Inorganic Chemistry Practical- II	21PCCH4P1	Skill Development- Learn the estimation and characterization of metals and complexes.	2021-2022
Green and Nano Chemistry Practical	21PCCH4P2	Skill Development- Understand the green routes of preparation of compounds and nano particles.	2021-2022
Analytical Biochemistry	21PICH11	Skill Development- Inquire knowledge about spectroscopic and electroanalytical methods of analysis of biomolecules.	2021-2022
Industrial Chemistry	21PICH31	Entrepreneurship- Learn about the petrochemical processes, fertilizers, pesticides and food adulteration.	2021-2022
Apiculture	21PEZO11A	Entrepreneurship and Employability	2021-2022

Ornamental Fish Culture	21PIZO11	Entrepreneurship and Employability	2021-2022
Vermiculture	21PEZO21A	Entrepreneurship	2021-2022
Fisheries And Aquaculture	21PEZO31B	Employability in Fish Preservation and Processing Industry	2021-2022
Applied Zoology	21PIZO31	Entrepreneurship and Employability	2021-2022
Sericulture	21PEZO41A	Assistant and Field Officer in Government Department of Sericulture and Entrepreneurship	2021-2022
poultry and dairy science	21PEZO41B	Employability and Entrepreneurship	2021-2022
Animal Feed Technology	21PEZO41C	Employability and Entrepreneurship	2021-2022
Practicals - Biology of Invertebrates and Chordates	21PCZO1P1	Skill Development	2021-2022
Biochemistry & Cell and Molecular Biology Practicals	21PCZO1P2	Skill Development	2021-2022
Developmental Biology Practicals	21PCZO2P1	Skill Development	2021-2022
Genetics and Evolution&Animal Biotechnology Practicals	21PCZO2P2	Skill Development	2021-2022
Animal Physiology Practicals	21PCZO3P1	Skill Development	2021-2022
Biostatistics and Bioinformatics & Research Methodology Practicals	21PCZO3P2	Skill Development	2021-2022
Immunology Practicals	21PCZO4P1	Skill Development	2021-2022

Entomology Practicals	21PCZO4P2	Skill Development	2021-2022
Design and Analysis of Algorithm	21PCCS11	Skill development (Software Developer)	2021-2022
Advanced Web Technology	21PCCS12	Skill development (Web Designer , Web Developer)	2021-2022
Advanced Database Management System	21PCCS13	Skill development (Database Analyst)	2021-2022
Cloud Computing	21PECS11A	Employability (Cloud Engineer)	2021-2022
Social Computing	21PECS11B	Employability	2021-2022
Design and Analysis of Algorithm Lab	21PCCS1P1	Skill development (Software Developer)	2021-2022
Advanced Web Technology Lab	21PCCS1P2	Skill development (Software Developer)	2021-2022
Digital Literacy	21PICS11	Entrepreneurship (Business)	2021-2022
Advanced Java Programming	21PCCS21	Skill Development (Software Developer)	2021-2022
Digital Image Processing	21PCCS22	Employability (Software Developer)	2021-2022
Cryptography and Network Security	21PECS21A	Employability (Security Consultant, Security Controller)	2021-2022
Wireless Networks	21PECS21C	Entrepreneurship (Business)	2021-2022
Advanced Java Programming Lab	21PCCS2P1	Skill Development (Software Developer)	2021-2022

Digital Image Processing Lab	21PCCS2P2	Skill development (Image Processing Engineer)	2021-2022
Machine Learning	21PCCS31	Employability (Machine Learning Engineer)	2021-2022
Mobile Application Development	21PCCS32	Skill development (Android Developer)	2021-2022
Research Methodology	21PCCS33	Employability (Research Analyst)	2021-2022
Artificial Intelligence	21PECS31A	Entrepreneurship(, Artificial Intelligence Data Analyst)	2021-2022
Human Computer Interaction	21PECS31B	Employability (UI Developer)	2021-2022
Machine Learning Lab	21PCCS3P1	Skill development (Machine Learning Engineer)	2021-2022
Mobile Application Development Lab	21PCCS3P2	Skill development (Android Developer)	2021-2022
Digital Technology	21PICS31	Entrepreneurship (E-Business and E-Trader)	2021-2022
Internet of Things	21PCCS41	Entrepreneurship (IoT Engineer)	2021-2022
Data Science with R	21PCCS42	Employability (Data Scientist)	2021-2022
Project	21PPCS41	Skill development (Software Developer)	2021-2022
Professional Ethics	21PECS41A	Entrepreneurship (Ethics and Compliance Manager)	2021-2022
Green Computing	21PECS41B	Entrepreneurship (Warehouse Associate)	2021-2022
Embedded Systems	21PECS41C	Employability (Software Engineer)	2021-2022

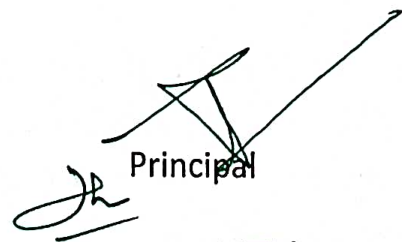

Internet of Things Lab	21PCCS4P1	Skill development (IOT Engineer)	2021-2022
Data Science with R Lab	21PCCS4P2	Skill development (Data Scientist)	2021-2022
Techniques in Microbiology	21PCMB12	Skill Development-The course provides knowledge on agricultural and environmental products	2021-2022
Agri, Environmental and Marine Microbiology	21PEMB1A	Employability/Skill development- The course provides skills on new advanced techniques in microbiology.	2021-2022
Advanced Microbiology	21PEMB11B	Employability-The course focus on ethical related issues and patenting	2021-2022
Bioethics, Biosafety and Intellectual Property Rights	21PEMB11C	Employability-The course provides hands on training in basic microbiological techniques	2021-2022
Techniques in Bacteriology	21PCMB1P1	Skill Development-The course provides skills on marine environment	2021-2022
Techniques in Agri, Environmental and Marine Microbiology	21PEMB1P2	Skill Development-The course deals with microbial infection and disease.and also characterization of organism	2021-2022
Microbiology and Human Health	21PIMB21	Employability- Disease diagnosis and treatment	2021-2022
Food Safety, Quality Control And Sensory Evaluation	21PEMB21B	Employability The course focus on sensory evaluation of food products	2021-2022
Fermentation Technology	21PEMB21C	Entrepreneurship-The course provides knowledge on microbial product production techniques	2021-2022
Techniques in Virology and Microbial Physiology	21PCMB2P1	Skill Development-The course develops knowledge in characterisation of microorganisms.	2021-2022

Techniques in Biochemisry, Molecular biology and genetic engineering	21PCMB2P2	Skill Development-The course focus on biomolecules characterization	2021-2022
Immunology	21PCMB31	Skill Development-The course skills on immunological techniques	2021-2022
Medical Microbiology	21PCMB32	Employability-The course focus on disease diagnosis	2021-2022
Research Methodology and Biostatistics	21PCMB33	Skill Development-The course prvides skills on data analysis	2021-2022
Quality Assurance in Microbiology	21PEMB3A	Employability- The course focus on quality analysis of various products	2021-2022
Forensic Microbiology	21PEMB31B	Employability-The course provides Knowledge on criminal investigation	2021-2022
Veterinary Microbiology	21PEMB31C	Employability-The course focus on veterinary diseases and mangement	2021-2022
Techniques in Immunology and Research methodology	21PCMB3P1	Skill Development-The course skills on immunological techniques	2021-2022
Techniques in Medical microbiology and quality assurance	21PCMB3P2	Skill Development-The course focus on disease diagnosis	2021-2022
Enterpreneurship in Microbiology	21PIMB31	Entrepreneurship-The students able to understand the rules and regulations of enterpeuner	2021-2022
Food and Dairy Microbiology	21PCMB41	Employability-The course provides job in food and diary industries	2021-2022
Industrial and Pharmaceutical Microbiology	21PCMB42	Employability-The course provides job in pharma industries.	2021-2022
Vermiculture Techniques and Mushroom Technology	21PEMB41B	Entrepreneurship The course help to develop small scale unit like vermicompost	2021-2022

Project	21PCMB43	Skill Development The course provides knowledge on basic and advanced techniques of microbiology	2021-2022
Techniques in Food and Dairy Microbiology	21PCMB4P1	Skill Development The course make the student tounderstand the techniques for analysing food and diary products.	2021-2022
Techniques in Industrial and Pharamaceutical Microbiology	21PCMB4P1	Skill Development The course make the student to understand the techniques for analysing various pharma products.	2021-2022
Core Practical – I	21PCND1P1	Skill Development	2021-2022
Core Practical – II	21PCND1P2	Skill Development	2021-2022
Core Practical – III	21PCND2P1	Skill Development	2021-2022
Core Practical – IV	21PCND2P2	Skill Development	2021-2022
Core Practical – V	21PCND3P1	Skill Development	2021-2022
Core Practical – VI	21PCND3P2	Skill Development	2021-2022
Core Practical – VII	21PCND4P1	Skill Development	2021-2022
Core Practical – VIII	21PCND4P2	Skill Development	2021-2022
Nutrition for Fitness	21PEND11B	Entrepreneurship	2021-2022
Baking and Connfectionary	21PEND21C	Entrepreneurship	2021-2022
Nutritional Assessment	21PEND31C	Entrepreneurship	2021-2022
Textile Designing	21PEND41A	Entrepreneurship	2021-2022
ICT Applications in Libraries	21UCLS14	Skill Development: Make use of application softwares, select appropriate protocols and standard for the suitable library network	2021-2022

Knowledge Processing and Retrieval - Classification (Practical)	21UCLS1P1	Skill Development: Construct class numbers for documents with simple, compound and complex Subjects.	2021-2022
