Dr.S.Mahadevan, Dean of Arts, presented the resolutions of the previous Academic Council Meeting held on 14<sup>th</sup> of September, 2019. The first resolution was about the incorporation of the new TANSICHE guidelines in the syllabi from the academic year 2021-2022. The second resolution talked about the syllabi for the Certificate / Diploma/Advanced Diploma programmes being framed. The third resolution was about the changes implemented in the syllabi for 'Environmental Science' and B.Lib.I.Sc. The fourth resolution was about the introduction of courses such as M.A. Tamil, B.A. Economics and C.Lib.I.Sc. from the academic year 2020-2021. The fifth resolution told about the special examinations to be conducted for the students who had completed their courses in 2014 and earlier. The sixth resolution was about recognizing the Unaided faculty members as Associated Professors. The Principal said that as per the suggestion made by the Governing Board, a sub-committee had been constituted and that the Unaided faculty members who had put more than 10 years of service and had already been a research guide would be considered for this upgradation. The eighth resolution was about the conduct of the improvement examination for the failures, 2 years after their completion of the programme. The ninth resolution was about the various meetings held by the Controller of Examinations.

Following Dr.S.Mahadevan, Dr.S.M.Abdul Kader, Dean of Sciences, presented the resolutions of the Governing Board Meeting held on 12<sup>th</sup> of October, 2019. The first six resolutions talked about the TANSICHE guidelines, syllabi for the Certificate / Diploma / Advanced Diploma programmes, changes implemented in the syllabi for 'Environmental Science', new courses to be introduced, the special examination conducted for the 2014 and the earlier batch and the course work examinations for the Ph.D. scholars. The seventh

resolution talked about a committee being constituted with the Principal as the Chairman to recognize the eligible Unaided staff members as Associate Professors. The Principal apprised the Council that the process had been going on for that purpose. The eighth resolution was about sanctioning a seven-day medical leave per year to the Unaided staff members. The Principal clarified that they could avail the same on producing a valid medical certificate. In this regard, Dr.A. Abdul Kader thanked the Management, the Principal and all the concerned staff members for approving medical leave for the Unaided staff members. The next five resolutions talked about the claim for festival advance for the Unaided staff members to be discussed in the Executive Committee Meeting; the approval of the reports submitted by the IQAC; the improvement examination to be conducted in CIA for failures, two years after their completion of the programme; punishment for those who indulged in malpractice in the CIA and the approval of the reports submitted by the Controller of Examinations.

Dr.S.Mahadevan brought forth the resolutions of the Curriculum Development Cell Meeting held on 28<sup>th</sup> of February, 2020. The first resolution was about the approval of the revised POs, PSOs and COs in the Board of Studies, the second resolution being constituting a committee to frame the course structure for the 2021-2024 syllabi. The third resolution talked about getting feedback from the subject experts, the alumni and the industrialists. The Principal said that as the preparations for convocation ceremony was going on, feedback from the graduates could be collected online. Dr.A.Abdul Kader said that in a meeting held recently with students, they had said that the contents from the +2 syllabi had been repeated in the College curriculum. He felt that there could be conscious efforts from the side of faculty members in framing and upgrading the syllabi. In this

regard, Dr.Mohamed Ibrahim pointed out that a separate paper on recent advancements in every stream could be introduced. The Principal welcomed the suggestion. Dr.P.Madhava Soma Sundaram too welcomed the suggestion, saying that instead of tampering with the entire syllabi, a single course with all advanced components could be recommended for the benefit of the students. Dr.S.M.Abdul Kader, concurring with Dr.Ibrahim's view, said that one course could be based on the emerging trends in all streams. Mr.Kripakaran Krishnan, came with the suggestion that a committee could be constituted to explore how other institutions had brought in changes in their syllabi. In this regard, Dr.S.Mahadevan said that the departments should, first of all, do away with prepared notes. He also insisted on the need for conducting more Curriculum Development Cell Meetings. Dr.Ibrahim said that the College could even undertake foreign trips to visit other universities to get fresh inputs. The Principal consolidated the moves in the process into three stages: the specific faculty going through the syllabi for upgradation, a requisition to be made to the Management for undertaking foreign visits and implementing student and staff exchange programmes. Dr.S.Madhavan informed the Council that taking these recent trends to the students was equally important.

A move was then made to allow the Unaided staff members to go for a three-week Faculty Development Programme (FDP). The Principal drew attention to the fact that in VIT, Vellore, it was mandatory for all the staff members to publish a research paper in reputed journals and to attend a seven-day FDP per year, salary being fixed according to their academic fulfillments. Dr.A.Hamil felt that the Unaided faculty members might attend the online courses instead. But the Principal said that the online courses might not be fruitful as

it would not offer hands-on training. He then consolidated the required steps as: introducing a new paper on the recent trends in every stream, Unaided faculty members being allowed to attend a seven-day FDP and a sub-committee being constituted to study the recent trends and to implement the same in the syllabi. At this point Ms.B.Fera, Vice-Chairperson of Student Council wanted to know at what year this course would be offered and whether it would be an additional or inclusive course. The Principal answered that it was an inclusive course and that it would be offered in the fifth or sixth semesters. Mr.Kripakaran Krishnan felt that the selection of the students itself should be scrutinized to have quality among students.

Dr.A.Syed Mohamed, concurring with the Principal's view, informed the Chairpersons of all the Board of Studies to revise the deviation between the new and the earlier syllabi and if the deviation was less than 15% it had to be reframed. He then raised a question whether students were allowed to select their elective course. Dr.A.Hamil suggested that a link might be opened on the website for students to select the elective course. The Principal took a stand against this by saying that if everybody selected a particular course the other courses would remain without takers. At this point, Dr.S.M.Abdul Kader said that students had to be given a chance to select their elective course, to put into practice the choice-based credit system.

Dr.S.M.Abdul Kader suggested that students could be given representation in the Board of Studies Meetings. Dr.M.SithiJameela held the view that two best students from the final year could be allowed to take part in the Board of Studies Meeting. It was finally resolved that every department might introduce a course on recent trends in their specific stream. It was also resolved that Unaided staff

members should publish a research paper in reputed journals every year. Another resolution was that the Unaided staff members might be allowed to attend a seven-day FDP.

Following this, the Department Representatives presented the draft resolutions of the respective Board of Studies Meetings held on 29.02.2020 for UG and 02.03.2020 for PG, for approval. They made mention of the modifications made in the syllabi and the suggestions made by the members of the Board of Studies. Dr.S.Syed Ali Fathima, M.Phil. (i/c) and Research Head of Mathematics referred to the recommendation of their Board of Studies for a separate computer lab for PG Mathematics. It was resolved that a recommendation would be made to the Governing Board to facilitate the PG Department of Mathematics with the computer lab. The Council approved all the reports. Dr.Mohamed Ibrahim, after listening to the draft resolutions of all the Departments, congratulated the Heads of the Department of Chemistry (UG) and that of Microbiology for they had tried to incorporate Information Technology in their syllabi. He also felt that the syllabi of the Nutrition and Dietetics was lagging behind in some aspects and that he was ready to help the Department to frame the syllabi as the Department of Nutrition and Dietetics played a great role in the 'Fit India Movement'.

Dr.S.H. Mohamed Ameen, the Controller of Examinations brought forth the reports on the Award Committee Meeting held on 20.12.2019, Examination Disciplinary Committee Meeting held on 13.12.2019, Examination Committee Meeting – I held on 15.11.2019, Examination Appeal and Grievances Committee Meeting – I held on 10.10.2019 and the Examination Appeal and Grievances Committee Meeting – II held on 24.01.2020. The Controller then presented the

results of the Semester Examinations held on November, 2019. The Council approved all the reports.

The Council then moved on to the final item on the agenda: proposals received from various departments. Dr.M.FathimaBeevi, Head of the Department of Library and Information Science, moved the resolution to introduce the integrated programme M.Lib.I.Sc. The Principal wanted to know whether this programme would come under the UG or PG programme and whether there was any problem with the existing B.Lib.I.Sc. Dr.M.FathimaBeevi replied that the +2 holders could opt for this integrated programme and that the students who had completed one year, would be given the degree B.Lib. I.Sc. and those who had completed two years would be given M.Lib. I.Sc. The Principal said that there was chances in future to obtain Research Centre for this rare professional programme. Dr.K.Senthamaraikannan and Dr.P.Madhava Soma Sundaram expressed their concurrence for this programme. The Principal further said that the strength for B.Lib.I.Sc. would be 48 and that for M.Lib.I.Sc. 30. At this point, Dr.A.Syed Mohamed objected to the introduction of M.Lib.I.Sc. he asked what would happen to the existing B.Lib.I.Sc. Dr.A.Hamil concurred with Dr.A.Syed Mohamed and said that they might wait for one more year to check the liability of B.Lib.I.Sc. first and then start M.Lib.I.Sc. not as an integrated programme but as a separate programme. After much deliberations it was resolved not to start the integrated programme M.Lib.I.Sc. immediately.

The Principal then deputed Dr.A.Abdul Kader to felicitate Dr.S.H.Mohamed Ameen who was retiring that year. Dr.S.H.Mohamed Ameen was honoured with a shawl by Dr.P.Madhava Soma Sundaram. Following that, the Principal honoured Dr.P.Madhava Soma Sundaram

with a shawl. The two Deans, Dr.S.Mahadevan, Dean of Arts; Dr.S.M.Abdul Kader, Dean of Sciences were then honoured with shawls for the completion of their tenure as deans. The Principal appreciated Dr.Mohamed Ibrahim and Mr.Kripakaran Krishnan for their keen observation, active participation and practical suggestions.

The Meeting came to an end at 1.30 p.m. with Dr.A.Abdul Kader proposing a vote of thanks.
