College would receive a sum of Rs. 30,00,000/- ; conveners for seven criteria having been fixed and the preparation of the SSR reports being geared up to face the NAAC Peer Team's visit on campus for the fourth cycle probably on January of 2021; an online course (SWAYAM/NPTEL/MOOC) having been included in the curriculum as a compulsory course from the academic year 2019 – 2020 onwards; a full wing in the second floor having been allotted for research with well-equipped laboratories for Science streams and a Research Hall for conducting Doctoral Committee Meetings; a new library of 13,000 sq.ft. nearing completion; the College doing the spadework towards the celebration of the Golden Jubilee year 2020 – 2021; MALEs and FEMALEs having been facilitated with two sheds which could hold 200 two-wheelers each; the laboratory for the Department of Computer Science and the staff room for the Department of Zoology having been renewed; coaching for NET being successfully offered by Sadakath Academy; HCL's visit to our College for recruitment on 23rd , 24th and 25th of August, 2019, the first of its kind to an Arts and Science College; two students from the Department of Zoology having been sanctioned a one-month minor research project by the Tamil Nadu Agricultural University of Coimbatore; 20 kW solar panel having been launched at the 3rd floor of the College; the College funding Rs. 3,00,000/- as seed money for pursuing minor research projects; an incentive of Rs.1000/- being offered for the publication of research articles in SJR/SCI/Scopus/Web of Science indexed journals and Rs.750 for publications in UGC – CARE listed journals; MOUs being signed by the Department of Chemistry with Wollega University, Ethiopia; three MOUs signed by the PG Department of Computer Science: Brunel University, London, Gateway Software Solutions, Coimbatore Placement Training and Internship and Iconix Software Solutions, Tirunelveli; five MOUs signed by the IQAC : three with Government Arts and Science Colleges and two with Unaided Colleges

could very well be revised again in the academic year 2021-2022. Dr. A. Hamil, Head of the Research Department of Commerce, suggested that a committee could be framed to finalize it. The Principal said that it had already been finalized in the Curriculum Development Cell that the revision could be done in 2021-2022. It was also felt that NAAC would not bother about the implementation of TANSCHÉ guidelines. On the other hand, Dr. Mohamed Ibrahim felt that since other guidelines were soon going to be implemented by the National Education Policy (NEP) TANSCHÉ guidelines could better be implemented earlier. But the Student Representative wanted the implementation only in 2021-2022. The Council resolved to implement the TANSCHÉ guidelines in the syllabus only from the academic year 2021-2022 onwards.

The point of discussion then turned on to the second resolution passed in the Curriculum Development Meeting held on 09.09.2019 – the course structure to be decided for the Certificate/Diploma/Advanced Diploma programmes. Dr.S.M.Abdul Kader, the Dean of Sciences, presented the course structure recommended by the UGC and Manonmaniam Sundaranar University – two theory papers, one mini project and one field work for Arts stream and two theory papers, one practical and one mini project for the Science stream from the academic year 2020-2021 onwards. The Council approved the same.

Dr. M. Sithi Jameela, Head of the Department of Zoology and Deputy Controller of Examinations, brought forth the resolutions of the Board of Studies Meeting in Environmental Studies, held on 30th of August, 2019 for approval. Following this, Mrs. M.Fathima Beevi, Head (i/c) of the Department of Library and Information Science, presented the resolutions of the Board of Studies in B.Lib.I.Sc. held on 30th of August, 2019. She said that hours for the elective papers had been reduced from six to four and hours for the practicals had been increased from 2 to 4 in the second semester for B.Lib.I.Sc. to match

the credits. Since, these changes are related to the course structure, the Council decided to implement it from 2021 - 2022 onwards.

Dr.A. Abdul Kader, Director of the Unaided Courses, brought forth the proposal for the introduction of the new courses such as M.A. Tamil, B.A. Economics, Master of Human Resource Management (MHRM), M.A. Arabic and C.Lib.I.Sc. from the academic year 2020-2021 onwards. He substantiated his claim by drawing attention to various facts such as the need to reach the desired student strength of 5000 to become a Category III Higher Education Institution; MHRM being offered by only two colleges affiliated to Manonmaniam Sundaranar University; lot of Tamil graduates being needed in the electronic media; Arabic graduates functioning as translators and even corporate sectors having Libraries. Mr.Kripakaran Krishnan said that the courses the College was going to introduce would be selected on the basis of its employment opportunity. Dr.S.M.Abdul Kader, Dean of Sciences, reminded the Council that whatever courses the Council was going to approve, the syllabus should be framed in a planned manner so that there arose no equivalence problem later as it had been a tough task to get equivalence certificate from the TNPSC and the TANSCH. He also made known the Academic Council Expert, Alhaj.M.K.M.Syed Ahamed Kabeer's request to the Chairman of the Academic Council to introduce courses on Defense and Police administration. After much deliberations, the Council approved the introduction of B.A. Economics, M.A. Tamil and C.Lib.I.Sc. from the academic year 2020-2021.

Dr.S.H.Mohamed Ameen, Controller of Examinations, submitted the reports on Awards Committee Meeting held on 15.06.2019, Examination Disciplinary Committee Meeting held on 12.06.2019, Examination Committee Meetings-I, II, III, IV and V held on 30.03.2019, 28.06.2019, 22.07.2019, 07.08.2019 and 30.08.2019 respectively. The fourth resolution passed in the Examination

Committee Meeting – II was about the postponement of the discussion regarding the conduct of Special Examinations for the students (2014 and earlier batch), who had not received their degrees, to another meeting. Dr.P.Madhava Somasundaram, Professor, Department of Criminology and Criminal Justice, Manonmaniam Sundaranar University, Tirunelveli, wanted to know about the number of students who had been willing to take up the Special Examination and Dr.S.H.Mohamed Ameen answered that nearly 100 students had been willing to take up the Special Examination. The Council approved the conduct of Special Examinations for such students who had completed their course in 2014 and earlier.

Dr.K.Senthamaraikannan elaborated on the Examination pattern of M.Phil. and Ph.D. programmes – Question pattern of M.Phil. programme being on a par with the PG programmes; entrance examination being common for M.Phil. and Ph.D. programmes and the course structure for the M.Phil. programme being three theory papers with four credits each and one project with twelve credits, the total being twenty four credits as per the SCAA resolution number 46.2.1.23 of Manonmaniam Sundaranar University. The Council sought clarification regarding the coursework examination for the Ph.D. programme. Dr.K.Senthamaraikannan clarified that the freedom given to the Autonomous Colleges with regard to framing syllabus and conducting coursework examination for Ph.D. programmes had been withheld from July, 2019 onwards due to the lack of uniformity and coordination in the task among the Autonomous Colleges. The Principal asked about the condition of the scholars who had registered before July, 2019 but had not yet written the coursework examination. Dr.K.Senthamaraikannan answered that both those who had joined after July, 2019 and those who had joined before July, 2019 but had not taken up the coursework examination had to follow the University syllabus and take up the internal examination at the respective

The Council sought clarification regarding the coursework examination for the Ph.D. programme. Dr.K.Senthamaraikannan clarified that the freedom given to the Autonomous Colleges with regard to framing syllabus and conducting coursework examination for Ph.D. programmes had been withheld from July, 2019 onwards due to the lack of uniformity and coordination in the task among the Autonomous Colleges. The Principal asked about the condition of the scholars who had registered before July, 2019 but had not yet written the coursework examination. Dr.K.Senthamaraikannan answered that both those who had joined after July, 2019 and those who had joined before July, 2019 but had not taken up the coursework examination had to follow the University syllabus and take up the internal examination at the respective

research centres and external examination at the University. He further said that if any scholar found that their topic or field was not in the University-prescribed syllabus and if the concerned Doctoral Committee recommended the course with unitised syllabus, the same would be approved in the University Board of Studies with changes if needed. He then advised the Ph.D. holders to apply for guideship as there had been much demand for research guides.

The Principal then put forward a demand that senior teachers in the Unaided stream might be given the recognition of Associate Professor based on their academic prowess and years of experience. Dr.K.Senthamaraikannan felt that the Autonomous Colleges could approve this recognition through a selection committee. Dr.A. Hamil, Head of the Research Department of Commerce, felt that even the faculty members in the Aided stream had not been given this recognition by the Tamil Nadu Government for the past thirteen years, even after fulfilling the requirements. He also enquired whether the Unaided faculty members who would be favoured with this new recognition would be given monetary benefits. The Principal answered that the recognition was only for the academic purpose. Dr. A. Hamil felt that this move had to be duly initiated through an agenda from the appropriate forum. The Principal said that this had been implemented in the nearby Unaided Institution Sri Sarada College for Women, Ariyakulam. The Council resolved to give the recognition of Associate Professor to the senior faculty members in the Unaided stream based on academic achievements like publishing papers in reputed journals, acquiring patents etc. and years of experience.

The second resolution passed in the Examination Committee Meeting-III, held on 22.07.2019 was about conducting improvement examinations in CIA for failures, two years after their completion of the programme, collecting a special examination fee of Rs. 1000/- per course. Dr.S.H.Mohamed Ameen argued that candidates could be

enquired why there had been variations in the results of 'Value Education' and 'Tamil'. He made a suggestion that the concerned teachers might be called upon and held responsible for the variations in results.

Dr.Mohmaed Ibrahim then informed the Council that the mental health of the students was equally important and being the Secretary of the Indian Medical Association, Tirunelveli, he came forward to offer the assistance of the Association in maintaining the mental health of the students once in six months under the concept of Prompter - Promptee. The Principal wholeheartedly welcomed the move.

The Meeting came to an end at 1.45 p.m. with the Director of Unaided Courses proposing a vote of thanks.

Dr.S.Mahadevan, Dean of Arts, presented the resolutions of the previous Academic Council Meeting held on 14th of September, 2019. The first resolution was about the incorporation of the new TANSCHÉ guidelines in the syllabi from the academic year 2021-2022. The second resolution talked about the syllabi for the Certificate / Diploma/Advanced Diploma programmes being framed. The third resolution was about the changes implemented in the syllabi for 'Environmental Science' and B.Lib.I.Sc. The fourth resolution was about the introduction of courses such as M.A. Tamil, B.A. Economics and C.Lib.I.Sc. from the academic year 2020-2021. The fifth resolution told about the special examinations to be conducted for the students who had completed their courses in 2014 and earlier. The sixth resolution was about recognizing the Unaided faculty members as Associated Professors. The Principal said that as per the suggestion made by the Governing Board, a sub-committee had been constituted and that the Unaided faculty members who had put more than 10 years of service and had already been a research guide would be considered for this upgradation. The eighth resolution was about the conduct of the improvement examination for the failures, 2 years after their completion of the programme. The ninth resolution was about the various meetings held by the Controller of Examinations.

Following Dr.S.Mahadevan, Dr.S.M.Abdul Kader, Dean of Sciences, presented the resolutions of the Governing Board Meeting held on 12th of October, 2019. The first six resolutions talked about the TANSCHÉ guidelines, syllabi for the Certificate / Diploma / Advanced Diploma programmes, changes implemented in the syllabi for 'Environmental Science', new courses to be introduced, the special examination conducted for the 2014 and the earlier batch and the course work examinations for the Ph.D. scholars. The seventh

resolution talked about a committee being constituted with the Principal as the Chairman to recognize the eligible Unaided staff members as Associate Professors. The Principal apprised the Council that the process had been going on for that purpose. The eighth resolution was about sanctioning a seven-day medical leave per year to the Unaided staff members. The Principal clarified that they could avail the same on producing a valid medical certificate. In this regard, Dr.A. Abdul Kader thanked the Management, the Principal and all the concerned staff members for approving medical leave for the Unaided staff members. The next five resolutions talked about the claim for festival advance for the Unaided staff members to be discussed in the Executive Committee Meeting; the approval of the reports submitted by the IQAC; the improvement examination to be conducted in CIA for failures, two years after their completion of the programme; punishment for those who indulged in malpractice in the CIA and the approval of the reports submitted by the Controller of Examinations.

Dr.S.Mahadevan brought forth the resolutions of the Curriculum Development Cell Meeting held on 28th of February, 2020. The first resolution was about the approval of the revised POs, PSOs and COs in the Board of Studies, the second resolution being constituting a committee to frame the course structure for the 2021-2024 syllabi. The third resolution talked about getting feedback from the subject experts, the alumni and the industrialists. The Principal said that as the preparations for convocation ceremony was going on, feedback from the graduates could be collected online. Dr.A.Abdul Kader said that in a meeting held recently with students, they had said that the contents from the +2 syllabi had been repeated in the College curriculum. He felt that there could be conscious efforts from the side of faculty members in framing and upgrading the syllabi. In this

regard, Dr.Mohamed Ibrahim pointed out that a separate paper on recent advancements in every stream could be introduced. The Principal welcomed the suggestion. Dr.P.Madhava Soma Sundaram too welcomed the suggestion, saying that instead of tampering with the entire syllabi, a single course with all advanced components could be recommended for the benefit of the students. Dr.S.M.Abdul Kader, concurring with Dr.Ibrahim's view, said that one course could be based on the emerging trends in all streams. Mr.Kripakaran Krishnan, came with the suggestion that a committee could be constituted to explore how other institutions had brought in changes in their syllabi. In this regard, Dr.S.Mahadevan said that the departments should, first of all, do away with prepared notes. He also insisted on the need for conducting more Curriculum Development Cell Meetings. Dr.Ibrahim said that the College could even undertake foreign trips to visit other universities to get fresh inputs. The Principal consolidated the moves in the process into three stages: the specific faculty going through the syllabi for upgradation, a requisition to be made to the Management for undertaking foreign visits and implementing student and staff exchange programmes. Dr.S.Madhavan informed the Council that taking these recent trends to the students was equally important.

A move was then made to allow the Unaided staff members to go for a three-week Faculty Development Programme (FDP). The Principal drew attention to the fact that in VIT, Vellore, it was mandatory for all the staff members to publish a research paper in reputed journals and to attend a seven-day FDP per year, salary being fixed according to their academic fulfillments. Dr.A.Hamil felt that the Unaided faculty members might attend the online courses instead. But the Principal said that the online courses might not be fruitful as

members should publish a research paper in reputed journals every year. Another resolution was that the Unaided staff members might be allowed to attend a seven-day FDP.

Following this, the Department Representatives presented the draft resolutions of the respective Board of Studies Meetings held on 29.02.2020 for UG and 02.03.2020 for PG, for approval. They made mention of the modifications made in the syllabi and the suggestions made by the members of the Board of Studies. Dr.S.Syed Ali Fathima, M.Phil. (i/c) and Research Head of Mathematics referred to the recommendation of their Board of Studies for a separate computer lab for PG Mathematics. It was resolved that a recommendation would be made to the Governing Board to facilitate the PG Department of Mathematics with the computer lab. The Council approved all the reports. Dr.Mohamed Ibrahim, after listening to the draft resolutions of all the Departments, congratulated the Heads of the Department of Chemistry (UG) and that of Microbiology for they had tried to incorporate Information Technology in their syllabi. He also felt that the syllabi of the Nutrition and Dietetics was lagging behind in some aspects and that he was ready to help the Department to frame the syllabi as the Department of Nutrition and Dietetics played a great role in the 'Fit India Movement'.

Dr.S.H. Mohamed Ameen, the Controller of Examinations brought forth the reports on the Award Committee Meeting held on 20.12.2019, Examination Disciplinary Committee Meeting held on 13.12.2019, Examination Committee Meeting – I held on 15.11.2019, Examination Appeal and Grievances Committee Meeting – I held on 10.10.2019 and the Examination Appeal and Grievances Committee Meeting – II held on 24.01.2020. The Controller then presented the

results of the Semester Examinations held on November, 2019. The Council approved all the reports.

The Council then moved on to the final item on the agenda: proposals received from various departments. Dr.M.FathimaBeevi, Head of the Department of Library and Information Science, moved the resolution to introduce the integrated programme M.Lib.I.Sc. The Principal wanted to know whether this programme would come under the UG or PG programme and whether there was any problem with the existing B.Lib.I.Sc. Dr.M.FathimaBeevi replied that the +2 holders could opt for this integrated programme and that the students who had completed one year, would be given the degree B.Lib. I.Sc. and those who had completed two years would be given M.Lib. I.Sc. The Principal said that there was chances in future to obtain Research Centre for this rare professional programme. Dr.K.Senthamaraikannan and Dr.P.Madhava Soma Sundaram expressed their concurrence for this programme. The Principal further said that the strength for B.Lib.I.Sc. would be 48 and that for M.Lib.I.Sc. 30. At this point, Dr.A.Syed Mohamed objected to the introduction of M.Lib.I.Sc. he asked what would happen to the existing B.Lib.I.Sc. Dr.A.Hamil concurred with Dr.A.Syed Mohamed and said that they might wait for one more year to check the liability of B.Lib.I.Sc. first and then start M.Lib.I.Sc. not as an integrated programme but as a separate programme. After much deliberations it was resolved not to start the integrated programme M.Lib.I.Sc. immediately.

The Principal then deputed Dr.A.Abdul Kader to felicitate Dr.S.H.Mohamed Ameen who was retiring that year. Dr.S.H.Mohamed Ameen was honoured with a shawl by Dr.P.Madhava Soma Sundaram. Following that, the Principal honoured Dr.P.Madhava Soma Sundaram

with a shawl. The two Deans, Dr.S.Mahadevan, Dean of Arts; Dr.S.M.Abdul Kader, Dean of Sciences were then honoured with shawls for the completion of their tenure as deans. The Principal appreciated Dr.Mohamed Ibrahim and Mr.Kripakaran Krishnan for their keen observation, active participation and practical suggestions.

The Meeting came to an end at 1.30 p.m. with Dr.A.Abdul Kader proposing a vote of thanks.

Principal

it would not offer hands-on training. He then consolidated the required steps as: introducing a new paper on the recent trends in every stream, Unaided faculty members being allowed to attend a seven-day FDP and a sub-committee being constituted to study the recent trends and to implement the same in the syllabi. At this point Ms.B.Fera, Vice-Chairperson of Student Council wanted to know at what year this course would be offered and whether it would be an additional or inclusive course. The Principal answered that it was an inclusive course and that it would be offered in the fifth or sixth semesters. Mr.Kripakaran Krishnan felt that the selection of the students itself should be scrutinized to have quality among students.

Dr.A.Syed Mohamed, concurring with the Principal's view, informed the Chairpersons of all the Board of Studies to revise the deviation between the new and the earlier syllabi and if the deviation was less than 15% it had to be reframed. He then raised a question whether students were allowed to select their elective course. Dr.A.Hamil suggested that a link might be opened on the website for students to select the elective course. The Principal took a stand against this by saying that if everybody selected a particular course the other courses would remain without takers. At this point, Dr.S.M.Abdul Kader said that students had to be given a chance to select their elective course, to put into practice the choice-based credit system.

Dr.S.M.Abdul Kader suggested that students could be given representation in the Board of Studies Meetings. Dr.M.SithiJameela held the view that two best students from the final year could be allowed to take part in the Board of Studies Meeting. It was finally resolved that every department might introduce a course on recent trends in their specific stream. It was also resolved that Unaided staff

**Resolutions of the Meetings of Curriculum Development Cell
held on 28.02.2020**

1. It was resolved to get the approval for the revised POs, PSOs and COs framed for the 2018-2021 syllabi in the Board of Studies Meetings to be conducted on the 29th of February, 2020 for the UG programmes and the 2nd of March, 2020 for the PG programmes.
2. It was resolved to frame a committee, constituting a representative from the Arts stream, Commerce, Physical Science, Biological Science, Computer Science, Mathematics, Controller's Office, PG programmes and M.Phil. programmes each, weightage being given to senior and experienced members, to frame the course structure for the new syllabi for the academic years 2021-2024, based on the UGC-LOCF and TANSCHÉ guidelines.
3. It was resolved to get the feedback from the subject experts, the alumni and the industrialists who participate in the Board of Studies Meeting and to prepare a revised panel of question setters and evaluators who have long experience and familiarity with the subject.
4. It was resolved to frame courses focusing on employability, entrepreneurship and skill-development and to finalize the titles for the Core, Elective Generic, Elective, Ability-Enhancement and Skill-Enhancement to be offered from the academic year 2021-2022 onwards and the Certificate courses to be offered from the academic year 2020-2021 onwards, based on the feedback obtained.
