PROSPECTUS 2022-2023

About Us

The College is run by Sadakathullah Appa Educational Society. The Managing Committee of our College is committed to provide quality higher education to all sections from society. The College offers Undergraduate, Postgraduate and Research Programmes in Arts, Sciences and Commerce to cater to the needs of its varied learners. Also, job-oriented Certificate, Diploma and Advanced Diploma Courses are being taught in the interest of learners and society to ensure employability and sustained growth. The faculty are serving the student community and the neighbourhood for producing exemplary youths in terms of knowledge and character.

Secretary's Desk

It was my dream to provide avenues to the next generation to set about holistic changes that will significantly change the academic arena of the world. After the College becoming Autonomous, it has the academic liberty to perform multiple roles of creating new knowledge, new curriculum, acquiring new capabilities and producing an intelligent human resource for the promotion of economic growth, cultural development, equity, tolerance, justice and social unity. We are living in an age of challenges, wisdom and innovation, where the keys to success lie with the ability to create new perceptive and to explore new facts by acquiring and imparting knowledge.

Principal's Desk

Our College is an extraordinary place where we feel togetherness in working. Our staff members work diligently to maintain high educational standards. Our curriculum is inclusive and challenging. The curriculum is designed to sensitize students to current developments taking place worldwide and educate them for the future so that they can be culturally versatile and are comfortable working, communicating and collaborating with people all over the world. I am equally proud of the deep commitment of our staff members to promote discipline as well. Of course, the institution cares deeply about the academic growth of each student and we also care about their emotional, social, behavioral and physical growth.

Vice Principal's Desk

I am very proud to note that Sadakathullah Appa College is the only Autonomous, Accredited, ISO Certified and Government Aided Muslim Minority College in the four Districts-Tirunelveli, Thoothukudi, Tenkasi and Kanyakumari. Though the Institution was started to provide quality education to the students belonging to the Muslim Community, it accommodates learners from all sections in society in the interest of the deprived, disadvantaged and underprivileged categories. The Institution has realized remarkable milestones in its Fifty-Year Journey due to the visionary leadership of our Honourable Secretary and the selfless and hearty support of the Managing Committee.
